Tek Styz TS-1241

Tek Styz Bluetooth 5.3 Headset TS-1241 User Manual

Model: TS-1241

1. INTRODUCTION

This manual provides detailed instructions for the proper use, setup, operation, maintenance, and troubleshooting of your Tek Styz Bluetooth 5.3 Headset. Please read this manual thoroughly before using the device to ensure optimal performance and longevity.

2. PACKAGE CONTENTS

Before proceeding with setup, please verify that all items are present in the package:

- 1 x Tek Styz Bluetooth 5.3 Headset (Earbud)
- 1 x MicroUSB Charging Cable
- 3 x Ear Adapters (various sizes)
- 1 x Large Over-Ear Adapter
- 1 x User Manual (this document)

3. SETUP

3.1 Initial Charging

Before first use, fully charge the headset. Connect the MicroUSB charging cable to the headset's charging port and plug the other end into a USB power source. The LED indicator will show charging status. A full charge typically takes approximately 1 hour.

3.2 Powering On/Off

- **To Power On:** Press and hold the Multi-function button until the LED indicator flashes.
- **To Power Off:** Press and hold the Multi-function button until the LED indicator turns off.

3.3 Bluetooth Pairing

1. Ensure the headset is powered off.
2. Press and hold the Multi-function button for approximately 5-7 seconds until the LED indicator flashes red and blue alternately. This indicates pairing mode.

3. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
4. Select "TS-1241" or a similar name from the list of found devices.
5. Once paired, the headset's LED indicator will flash blue periodically, and you may hear a confirmation tone.

The headset supports connecting to two devices simultaneously. After pairing with the first device, disable Bluetooth on that device, then pair with the second device. Re-enable Bluetooth on the first device, and the headset should connect to both.

Dual Smart compatible with various brands and BlueTooth digital products/multimedia

Image: The headset is compatible with a wide range of Bluetooth-enabled devices including smartphones (Android/iOS), tablets, laptops, and desktops.

3.4 Wearing the Headset

Choose the ear adapter and over-ear adapter that provides the most comfortable and secure fit. Insert the earbud into your ear canal and adjust the over-ear hook for stability.

4. OPERATING INSTRUCTIONS

4.1 Call Management

- **Answer Call:** Press the Multi-function button once.
- **End Call:** Press the Multi-function button once during a call.
- **Reject Call:** Press and hold the Multi-function button for 2 seconds.
- **Redial Last Number:** Double-click the Multi-function button.

4.2 Music Playback

- **Play/Pause:** Press the Multi-function button once.
- **Next Track:** Press the Volume + button.
- **Previous Track:** Press the Volume - button.

4.3 Volume Control

- **Increase Volume:** Press and hold the Volume + button.
- **Decrease Volume:** Press and hold the Volume - button.

Multi-Function Answer, Hang up, Pause, Skip, Next

- Answer or end calls; double-click redial recent calls
- When listening to the music, click to pause, and then click to play
- Volume+/Previous Track and Volume-/Next Track Buttons

4.4 Voice Assistant

To activate your device's voice assistant (Siri, Google Assistant, Alexa), press the Multi-function button twice quickly.

4.5 Battery Status

The headset features a 4-level LED indicator to show battery status (100%, 75%, 50%, 25%). On compatible iOS and newer Android devices, the battery level may also be displayed on your phone screen.

Longest Lasting Battery Time

24 Hours Talking/Music Time, 720 Hours Standby Time

5. MAINTENANCE

5.1 Cleaning

Wipe the headset with a soft, dry, or slightly damp cloth. Do not use harsh chemicals or abrasive cleaners. Ensure the charging port is dry before charging.

5.2 Water Resistance

The headset is IPX5 water-resistant, meaning it can withstand low-pressure water jets from any direction. It is suitable for use during light rain or workouts but should not be submerged in water.

Image: The headset's design provides IPX5 waterproofing and protection against water splashes.

5.3 Storage

Store the headset in a cool, dry place away from direct sunlight and extreme temperatures. Avoid storing it with sharp objects that could cause damage.

6. TROUBLESHOOTING

- **Headset not powering on:** Ensure the headset is fully charged.
- **Cannot pair with device:**
 - Ensure the headset is in pairing mode (red and blue flashing LED).
 - Make sure Bluetooth is enabled on your device.
 - Move the headset closer to your device (within 33 feet / 10 meters).
 - Try restarting both the headset and your device.

- **No sound or poor sound quality:**
 - Check the volume levels on both the headset and your connected device.
 - Ensure the headset is properly paired and connected.
 - Move away from sources of strong electromagnetic interference.
 - Ensure the earbud is correctly seated in your ear.
- **Charging issue:** Ensure the charging cable is securely connected to both the headset and the power source. Try a different USB port or charger.
