Tek Styz TS-1242

Tek Styz Bluetooth 5.3 Headset User Manual

Model: TS-1242

1. INTRODUCTION

Thank you for choosing the Tek Styz Bluetooth 5.3 Headset. This wireless earpiece is designed to provide high-quality audio and clear communication, featuring IPX5 waterproofing, dual microphones, and advanced noise reduction. This manual will guide you through the setup, operation, and maintenance of your new headset to ensure optimal performance and longevity.

2. WHAT'S IN THE BOX

Please check the contents of your package. If any items are missing or damaged, please contact customer support.

- 1 x Tek Styz Bluetooth 5.3 Headset (Earbud)
- 1 x MicroUSB Charging Cable
- 3 x Ear Adapters (various sizes)
- 1 x Large Over-Ear Adapter
- 1 x User Manual (this document)

3. PRODUCT OVERVIEW & FEATURES

The Tek Styz Bluetooth 5.3 Headset is engineered for comfort and performance, offering a range of features for an enhanced audio experience.

Figure 3.1: Tek Styz Bluetooth 5.3 Headset. This image shows the sleek design of the white headset, highlighting its power indicator lights and the on/off switch located on the side.

- **Bluetooth 5.3 Technology:** Provides a stable, long-range connection with reduced power consumption.
- **IPX5 Waterproof Rating:** Designed to withstand splashes and sweat, making it suitable for various environments.
- **Dual Microphones with CVC 6.0 Noise Cancellation:** Ensures clear communication by actively reducing background noise.
- **Long Battery Life:** Up to 24 hours of talk time and 720 hours of standby time on a single charge.
- **Multifunctional Button:** Control calls and music playback with a single button.
- **Voice Notifications:** Receive alerts for incoming calls, battery level, and pairing status.
- **Wide Compatibility:** Compatible with Android, iOS, Mac, Windows systems, and specifically optimized for Oppo A31.

Clear Microphone & CVC6.0 Noise Cancellation

Sensitive microphone extended down to your mouth, picks up voice perfectly.

CVC6.0 Noise cancellation ensure clear sound being heard

Figure 3.2: Clear Microphone & CVC6.0 Noise Cancellation. This diagram illustrates the process of sound collection, digital analysis and filtration by the CVC6.0 chip, leading to clear voice output, demonstrating the headset's advanced noise cancellation capabilities.

4. SETUP

4.1 Charging the Headset

Before first use, fully charge the headset. A full charge takes approximately 1 hour.

1. Connect the MicroUSB charging cable to the charging port on the headset.
2. Plug the other end of the cable into a USB power source (e.g., computer USB port, wall adapter).
3. The LED indicator on the headset will show charging status (refer to product specific LED behavior, typically red for charging, blue/off for full).

4.2 Pairing with Your Device

The headset can be paired with most Bluetooth-enabled devices, including smartphones, tablets, and computers.

1. Ensure the headset is fully charged and turned off.
2. Press and hold the Multifunctional button (or power button) for approximately 5-7 seconds until the LED indicator flashes red and blue alternately, indicating pairing mode.
3. On your device, go to Bluetooth settings and ensure Bluetooth is enabled.
4. Search for available devices. The headset will appear as "TS-1242" or similar.
5. Select the headset from the list to connect. Once connected, the LED indicator will typically flash blue slowly or turn off, and you may hear a voice prompt.
6. If prompted for a password, enter "0000".

Smart compatibel with various brands of digital products/multimedia

Figure 4.1: Smart Compatibility. This image illustrates the wide range of devices the headset is compatible with, including laptops, tablet PCs, desktops, and other Bluetooth-enabled multimedia devices, showcasing its versatility.

5. OPERATING INSTRUCTIONS

Familiarize yourself with the headset's controls for seamless operation.

Answer Hang up Key

- **Answer or end calls; double-click redial recent calls**
- **When listening to the music, click to pause, and then click to play**

Figure 5.1: Answer/Hang Up Key. This image demonstrates how to use the multifunctional button on the headset to answer or end calls, redial recent calls by double-clicking, and pause or play music with a single click.

5.1 Power On/Off

- **Power On:** Press and hold the Multifunctional button for 3 seconds until the blue LED flashes.
- **Power Off:** Press and hold the Multifunctional button for 5 seconds until the red LED flashes and then turns off.

5.2 Call Management

- **Answer Call:** Short press the Multifunctional button.
- **End Call:** Short press the Multifunctional button during a call.
- **Reject Call:** Press and hold the Multifunctional button for 2 seconds.

- **Redial Last Number:** Double-click the Multifunctional button.

5.3 Music Playback

- **Play/Pause:** Short press the Multifunctional button.
- **Next Track:** (If available, refer to specific model for volume/track controls, often a separate button or long press combination).
- **Previous Track:** (If available, refer to specific model for volume/track controls).

5.4 Voice Assistant

- **Activate Voice Assistant (Siri/Google Assistant):** Triple-click the Multifunctional button (or long press, refer to specific model).

6. MAINTENANCE

Proper care will extend the life of your headset.

- **Cleaning:** Use a soft, dry cloth to clean the headset. Do not use harsh chemicals or abrasive materials.
- **Storage:** Store the headset in a cool, dry place away from direct sunlight and extreme temperatures.
- **Water Resistance:** While IPX5 rated, avoid submerging the headset in water. Dry thoroughly if it gets wet.
- **Charging:** Use only the provided charging cable or a certified equivalent. Avoid overcharging.

Figure 6.1: IPX5 Water Resistance. This image shows the headset with water droplets, visually representing its IPX5 water resistance, which protects it from splashes and light rain.

7. TROUBLESHOOTING

If you encounter issues with your headset, try the following solutions:

Problem	Possible Cause	Solution
Headset won't turn on	Low battery	Charge the headset fully.
Cannot pair with device	Headset not in pairing mode; Device Bluetooth off; Too far from device	Ensure headset is in pairing mode (flashing red/blue). Turn device Bluetooth off/on. Move headset closer to device.

Problem	Possible Cause	Solution
No sound/Poor sound quality	Volume too low; Headset not connected; Interference	Increase volume on both headset and device. Reconnect headset. Move away from other electronic devices.
Call quality is poor	Microphone obstructed; Weak signal	Ensure microphone is clear. Move to an area with better signal.
