The LED display on the charging case provides real-time battery status, ensuring you are always aware of the remaining charge.

## SETUP

### 1. Charging the Earphones and Case

1. Place both earphones into the charging case. Ensure they are correctly seated in their respective slots.
2. Connect the provided USB-C cable to the charging port on the case and plug the other end into a USB power adapter (not included) or a computer's USB port.
3. The LED display on the charging case will show the current battery percentage during charging. A full charge typically takes approximately 4 hours for the case and earphones.

## 2. Initial Pairing (Autopairing)

1. Ensure the earphones are charged.
2. Open the charging case. The earphones will automatically power on and enter pairing mode.
3. On your smartphone or Bluetooth-enabled device, go to the Bluetooth settings.
4. Search for available devices and select "Cellularline CORE" from the list.
5. Once connected, you will hear an audible confirmation, and the earphones are ready for use.

The Autopairing function ensures that once paired, the earphones will automatically connect to your last paired device when removed from the case.

## OPERATING INSTRUCTIONS

### Touch Controls

The Cellularline CORE earphones feature intuitive touch controls on each earbud for managing calls, music, and voice assistant functions.

Function	Action
Play/Pause Music	Single tap on either earbud

Function	Action
Next Track	Double tap on the right earbud
Previous Track	Double tap on the left earbud
Answer/End Call	Single tap on either earbud
Reject Call	Press and hold either earbud for 2 seconds
Activate Voice Assistant	Triple tap on either earbud
Volume Up	Press and hold the right earbud
Volume Down	Press and hold the left earbud

## Double Master Function

The Double Master function allows you to use either the left or right earbud independently for calls. Simply remove one earbud from the case, and it will automatically connect. You can answer calls by tapping the active earbud.

## MAINTENANCE

---

### Cleaning

- Regularly clean the earphones and charging case with a soft, dry, lint-free cloth.
- Do not use abrasive cleaners, solvents, or aerosol sprays.
- Ensure charging contacts on both the earphones and the case are clean and free of debris to maintain proper charging.

### Storage

- When not in use, store the earphones in their charging case to protect them and keep them charged.
- Store the device in a cool, dry place, away from extreme temperatures and direct sunlight.

## TROUBLESHOOTING

Problem	Possible Solution
Earphones do not turn on.	Ensure the earphones and charging case are fully charged. Place earphones in the case and close it, then open it again.
Earphones do not pair with device.	Make sure Bluetooth is enabled on your device. Forget the device in your Bluetooth settings and try pairing again. Ensure earphones are in pairing mode (LED indicator blinking).
Only one earphone is working.	Place both earphones back into the charging case, close the lid, wait a few seconds, then open it again. This should re-sync them. If the issue persists, try resetting the earphones (refer to manufacturer's website for specific reset instructions if not in manual).

Problem	Possible Solution
Low volume or poor sound quality.	Adjust the volume on both your device and the earphones. Ensure the earphones are clean and properly seated in your ears. Check for any obstructions in the earbud speakers.
Charging case LED display is not working.	Ensure the charging cable is securely connected and the power source is active. If the issue persists, contact customer support.
