IMPORTANT SAFETY INSTRUCTIONS

WARNING: To reduce the risk of fire, electric shock, or injury, read and understand all instructions before using this appliance.

- Keep away from fire and other high-temperature places.
- Do not leave appliance unattended when plugged in. Unplug from outlet when not in use and before servicing.
- Do not use with damaged cord or plug. If appliance is not working as it should, has been dropped, damaged, left outdoors, or dropped into water, return it to a service center.
- Do not pull or carry by cord, use cord as a handle, close a door on cord, or pull cord around sharp edges or corners. Do not run appliance over cord. Keep cord away from heated surfaces.
- Do not unplug by pulling on cord. To unplug, grasp the plug, not the cord.
- Do not handle plug or appliance with wet hands.
- Do not put any object into openings. Do not use with any opening blocked; keep free of dust, lint, hair, and anything that may reduce air flow.
- Keep hair, loose clothing, fingers, and all parts of body away from openings and moving parts.
- Do not pick up anything that is burning or smoking, such as cigarettes, matches, or hot ashes.
- Use extra care when cleaning on stairs.
- Do not use to pick up flammable or combustible liquids, such as gasoline, or use in areas where they may be present.
- Do not use in areas where oil-based paint, paint thinner, some mothproofing substances, flammable dust, or other explosive or toxic vapors are given off.
- Do not use to pick up toxic material (chlorine bleach, ammonia, drain cleaner, etc.).
- Do not use outdoors or on wet surfaces.
- This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the appliance.

MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your Stealth ECV05P1 vacuum cleaner.

Cleaning the Tank:

- After each use, especially wet vacuuming, empty the tank of collected debris or liquid.
- Rinse the tank thoroughly with water and allow it to air dry completely before storage.

Filter Maintenance:

- **Cotton Filter (Dry Use):** Periodically remove and shake off excess dust. Replace if torn or heavily soiled.
- **Foam Filter (Wet Use):** Rinse with water after each wet use. Squeeze out excess water and allow to air dry completely before reinstallation.
- Ensure filters are clean and dry before switching between wet and dry applications.
