Hampton Bay 52133

Hampton Bay Fanelee 54-inch Smart Ceiling Fan User Manual

Model: 52133

1. Introduction

Thank you for purchasing the Hampton Bay Fanelee 54-inch Smart Ceiling Fan. This fan features an integrated LED light kit with color-changing capabilities, a brushed nickel finish, and smart control options via the HubSpace app, Google Assistant, or Amazon Alexa. This manual provides detailed instructions for safe installation, operation, and maintenance of your new ceiling fan.

2. Safety Information

Please read and understand all instructions before beginning installation. Failure to follow these instructions may result in electric shock, fire, or personal injury.

- **Electrical Safety:** Always disconnect power at the main circuit breaker before installing, cleaning, or servicing the fan. Ensure all electrical connections comply with local codes and ordinances. If you are unfamiliar with electrical wiring, consult a qualified electrician.
- **Mounting:** The outlet box and support structure must be securely mounted and capable of supporting a minimum of 35 lbs (15.9 kg). Use only UL/ETL listed outlet boxes marked "FOR FAN SUPPORT."
- **Blade Clearance:** Ensure there is adequate clearance from the fan blades to any walls or obstructions. The lowest point of the fan blades should be at least 7 feet (2.13 meters) from the floor.
- **Moving Parts:** Avoid placing objects in the path of the fan blades. Do not operate the fan if any part is damaged.
- **Light Kit:** Do not attempt to disassemble or replace the integrated LED light source. Contact customer service for assistance.

3. Package Contents

Verify that all components listed below are included in your package. If any parts are missing or damaged, contact customer service before proceeding with installation.

- Fan Motor Housing (Brushed Nickel)
- Fan Blades (5 reversible blades)
- Downrod
- Mounting Bracket
- Canopy
- Integrated LED Light Kit with Frosted Shade
- Remote Control with Wall Mount
- Hardware Pack (screws, washers, wire nuts, etc.)

This image displays the complete Hampton Bay Fanelee 54-inch smart ceiling fan assembly, featuring a brushed nickel motor housing, five reversible blades (shown in a light wood-grain finish), an integrated LED light kit, and the accompanying remote control unit.

4. Setup and Installation

This fan is designed for downrod mount installation on standard ceilings. Professional installation is recommended if you are not experienced with electrical wiring or ceiling fan assembly.

4.1 Pre-Installation Steps

1. **Turn off Power:** Locate the circuit breaker that supplies power to the fan location and turn it off.
2. **Prepare Mounting Location:** Ensure the existing electrical box is securely mounted and rated for fan support.

4.2 Assembly and Mounting

1. **Attach Mounting Bracket:** Secure the mounting bracket to the electrical outlet box using the

provided screws and washers.

2. **Assemble Downrod:** Feed the electrical wires from the fan motor through the downrod. Insert the downrod into the fan motor housing and secure it with the provided pin and screw.
3. **Hang Fan:** Carefully lift the fan assembly and place the downrod ball into the opening of the mounting bracket. Ensure the tab on the mounting bracket aligns with the slot on the downrod ball.
4. **Wiring Connections:** Connect the fan's electrical wires to the household wiring according to the wiring diagram in your separate installation guide. Use the provided wire nuts and ensure all connections are secure.
5. **Secure Canopy:** Slide the canopy up to the ceiling and secure it to the mounting bracket with the provided screws.
6. **Attach Fan Blades:** Secure each fan blade to the motor housing using the blade screws. The blades are reversible, offering both light and dark wood-grain finishes. Choose your preferred finish before attachment.

The Hampton Bay Fanelee 54-inch ceiling fan is shown installed in a living space, demonstrating its aesthetic integration with a modern room design and a coffered ceiling.

A detailed view of the fan's central unit, highlighting the brushed nickel finish of the motor housing and the frosted cover of the integrated LED light kit.

This image illustrates the reversible design of the fan blades, presenting both the light wood-grain finish and the dark wood-grain finish options available for customization.

4.3 Install Light Kit

1. **Connect Light Wires:** Connect the light kit wires to the corresponding wires from the fan motor.
2. **Secure Light Kit:** Attach the light kit assembly to the bottom of the fan motor housing.
3. **Install Shade:** Twist or secure the frosted plastic shade onto the light kit.

4.4 Power On

Once installation is complete, restore power at the main circuit breaker.

5. Operating Instructions

Your Hampton Bay Fanelee ceiling fan can be operated using the included remote control or through smart control features.

5.1 Remote Control Operation

The remote control allows you to manage fan speed, light on/off, light color temperature, and set a timer.

- **Power Button ( ):** Turns the fan and light on or off.
- **Fan Speed Buttons ( ):** Adjusts the fan speed (typically 4 levels).
- **Light On/Off Button ( ):** Toggles the light on or off.
- **Color Temperature Button ( ):** Cycles through 6 adjustable color temperatures (from warm to cool white).
- **Timer Buttons (1H, 2H, 4H, 8H):** Sets the fan to turn off automatically after 1, 2, 4, or 8 hours.
- **Reverse Function (⇆):** Changes the direction of the fan blades for summer (downward airflow) or winter (upward airflow) operation.

Hampton Bay Fanelee ceiling fan with integrated LED light illuminated, showcasing a cool white color temperature.

6. Smart Control Features

The Hampton Bay Fanelee fan offers smart control capabilities without the need for a separate hub, integrating directly with the HubSpace app, Google Assistant, and Amazon Alexa.

6.1 Connecting to HubSpace App

1. **Download App:** Download the HubSpace app from your device's app store (iOS or Android).
2. **Create Account:** Open the app and create an account or log in.
3. **Add Device:** Follow the in-app instructions to add a new device. Ensure your fan is powered on and your phone is connected to a 2.4 GHz Wi-Fi network.
4. **Pairing:** The app will guide you through the pairing process, which may involve cycling the fan's power or pressing a button on the remote.

6.2 Voice Control (Google Assistant / Amazon Alexa)

Once connected to the HubSpace app, you can link your HubSpace account to Google Assistant or Amazon Alexa for voice control.

1. **Open Voice Assistant App:** Open the Google Home app or Amazon Alexa app.
2. **Link Account:** Navigate to the 'Works with Google' or 'Skills & Games' section and search for 'HubSpace'. Link your HubSpace account.
3. **Discover Devices:** Allow the voice assistant to discover new devices. Your Hampton Bay Fanelee fan should appear.
4. **Voice Commands:** You can now use voice commands such as:
    - "Hey Google, turn on the fan."
    - "Alexa, set the fan speed to medium."
    - "Hey Google, change the fan light to cool white."

7. Maintenance

Regular maintenance helps ensure the longevity and optimal performance of your ceiling fan.

- **Cleaning:** To clean the fan, wipe with a soft, damp cloth. Do not use abrasive cleaners or solvents, as these can damage the finish or electrical components.
- **Blade Cleaning:** Dust the fan blades regularly to prevent dust buildup, which can affect fan balance and airflow.
- **No Lubrication:** The fan motor features permanently lubricated sealed bearings and does not require oiling.
- **Tighten Fasteners:** Periodically check all screws and fasteners on the fan and mounting hardware to ensure they are secure.

8. Troubleshooting

If you experience issues with your Hampton Bay Fanelee ceiling fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control not paired.	Check circuit breaker; Verify all wire connections are secure; Re-pair remote control (refer to remote instructions).
Light does not work	Loose wire connections; Integrated LED failure.	Check light kit wire connections; Contact customer service if LED is faulty.
Remote control not responding	Dead batteries; Remote not paired; Obstruction between remote and receiver.	Replace remote batteries; Re-pair remote control; Ensure clear line of sight to fan receiver.
Fan is noisy	Loose screws; Unbalanced blades; Motor hum.	Tighten all screws on fan and mounting; Check for balanced blades (use a balancing kit if necessary); Some motor hum is normal, especially at higher speeds.
Smart control connectivity issues	Incorrect Wi-Fi network (not 2.4 GHz); Incorrect pairing steps; Router interference.	Ensure phone and fan are on a 2.4 GHz Wi-Fi network; Repeat pairing steps in HubSpace app; Move router closer or reduce interference.

9. Specifications

Detailed technical specifications for the Hampton Bay Fanelee 54-inch Smart Ceiling Fan.

Feature	Specification
Brand	Hampton Bay
Model Name	Fanelee
Model Number	52133
Fan Size	54 inches
Color	White (Brushed Nickel finish)
Number of Blades	5
Air Flow Capacity	6050 Cubic Feet Per Minute (CFM)
Speed	160 RPM (Max)
Wattage	31 watts
Voltage	120 Volts
Control Method	Remote Control, Smart Control (HubSpace App, Google Assistant, Alexa)
Light Type	Integrated Color-Changing LED
Indoor/Outdoor Usage	Indoor
Item Weight	24.6 pounds

Feature	Specification
UPC	082392521332
