IDMIX CH07

IDMIX Power Bank 10000 mAh User Manual

Model: CH07

1. INTRODUCTION

Thank you for choosing the IDMIX Power Bank 10000 mAh. This versatile portable charger is designed to provide convenient and fast charging for a wide range of devices, featuring a built-in AC plug, USB-C, and MFi certified Lightning cables. Please read this manual carefully before use to ensure optimal performance and safety.

2. SAFETY INFORMATION

- Do not expose the power bank to extreme temperatures, direct sunlight, or fire.
- Do not immerse the power bank in water or other liquids.
- Avoid dropping or subjecting the power bank to strong impacts.
- Do not attempt to disassemble, repair, or modify the device. This will void the warranty and may cause safety hazards.
- Keep out of reach of children.

- Use only compatible charging cables and adapters.
- If the power bank shows signs of swelling, leakage, or unusual heat, discontinue use immediately and contact customer support.

3. PACKAGE CONTENTS

Please check the package for the following items:

- ID MIX Power Bank 10000 mAh (Model: CH07)
- User Manual
- Travel Pouch (may vary by package)
- International Plug Adapters (UK, EU, AU) - *if included with your model*

4. PRODUCT OVERVIEW

Familiarize yourself with the components of your ID MIX Power Bank:

- **Power Button:** Activates the power bank and checks battery level.
- **LED Indicator Lights:** Display the remaining battery capacity.
- **Built-in Lightning Cable:** MFi certified cable for Apple devices.
- **Built-in USB-C Cable:** For USB-C compatible devices.
- **USB-A Output Port (QC):** For connecting external USB-A cables.
- **USB-C Input/Output Port (PD):** For charging the power bank or charging devices with a USB-C to USB-C cable.
- **Foldable AC Plug:** Integrated wall plug for direct recharging.
- **Fashion Lanyard:** For easy carrying and portability.

5. SETUP

5.1 Initial Charging

Before first use, it is recommended to fully charge your ID MIX Power Bank. This ensures optimal battery performance and

longevity.

1. Extend the foldable AC plug from the power bank.
2. Plug the power bank directly into a wall outlet.
3. The LED indicator lights will illuminate to show the charging progress. All four lights will be solid when fully charged.

6. OPERATING INSTRUCTIONS

6.1 Charging Your Devices

The ID MIX Power Bank offers multiple ways to charge your devices:

- **Using Built-in Cables:**
 - For Apple devices (iPhone, iPad): Pull out the built-in MFi certified Lightning cable and connect it to your device.
 - For USB-C devices (Android phones, tablets): Pull out the built-in USB-C cable and connect it to your device.

Power For Days

Up to 50% in 30mins
Built-in MFi & Type-C Cable Convenient and
Ergonomic Design

Image: The ID MIX Power Bank connected to an iPhone via its built-in Lightning cable, demonstrating its convenience for on-the-go charging.

- **Using External Cables (USB-A or USB-C):**

- Connect your device's USB-A cable to the USB-A output port on the power bank.
- Connect your device's USB-C to USB-C cable to the USB-C input/output port on the power bank.

- **Simultaneous Charging:** The power bank supports charging multiple devices at once using its various outputs.

Multiple Devices Charging

4 devices can be charged at the same time.

PD 20W

6.2 Recharging the Power Bank

You can recharge your power bank using the built-in AC plug or the USB-C port:

- **Via AC Wall Outlet:**

1. Extend the foldable AC plug.
2. Plug the power bank directly into a standard wall outlet.
3. The LED indicators will show charging status.

Charge Directly with AC Plug

It highlights its suitability for travel and daily use.

7. MAINTENANCE

- Clean the power bank with a soft, dry cloth. Do not use harsh chemicals or abrasive materials.
- Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, charge the power bank to about 50-70% capacity every 3 months to maintain battery health.

8. TROUBLESHOOTING

Problem	Possible Cause	Solution
Power bank not charging devices.	Low battery on power bank; cable not properly connected; device incompatibility.	Recharge the power bank. Ensure cables are securely connected. Check device compatibility. Press the power button to activate output.
Power bank not recharging.	AC plug not fully inserted; wall outlet issue; faulty USB-C cable/adaptor.	Ensure AC plug is fully inserted into a working outlet. Try a different outlet. If using USB-C, try a different cable or adaptor.
Slow charging.	Using a non-fast charging port/cable; device drawing less power.	Ensure you are using the 20W PD or QC 3.0 ports/cables for fast charging. Some devices may limit charging speed.
LED indicators not lighting up.	Power bank is completely drained; power button not pressed.	Recharge the power bank. Press the power button once to check battery level.
