SETUP AND ASSEMBLY INSTRUCTIONS

Assembly requires two adults. Clear a spacious area for assembly. Do not fully tighten screws until all components are loosely assembled.

1. **Step 1: Attach Side Rails to Headboard.** Align the side rails with the pre-drilled holes on the headboard. Insert bolts and tighten them partially with the provided Allen wrench.

2. **Step 2: Attach Footboard.** Connect the other end of the side rails to the footboard using the same method. Ensure the footboard is correctly oriented.

3. **Step 3: Install Slats.** Lay the wooden slats across the side rails. The slats are typically connected by a strap for even spacing. Secure the slats to the side rails using the provided screws.

4. **Step 4: Final Tightening.** Once all components are in place, fully tighten all bolts and screws. Do not overtighten.
5. **Step 5: Place Mattress.** Position your twin-size mattress directly onto the installed slats. No box spring is required.

OPERATING INSTRUCTIONS

The P PURLOVE Twin Size Platform Bed Frame is designed to provide stable support for a twin-size mattress. Ensure the mattress is centered on the frame for optimal support and comfort. This bed frame does not require a box spring.

MAINTENANCE

- **Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Hardware Check:** Periodically inspect all bolts and screws. Re-tighten them as necessary to ensure the frame remains stable and secure.
- **Weight Distribution:** Distribute weight evenly across the bed frame to prevent undue stress on any single point.
