MCombo 7519

MCombo Power Lift Recliner Chair User Manual

Model: 7519

Image: The MCombo Power Lift Recliner Chair, Model 7519, in black faux leather.

INTRODUCTION

This manual provides detailed instructions for the assembly, operation, maintenance, and troubleshooting of your MCombo Power Lift Recliner Chair, Model 7519. Designed for comfort and ease of use, this chair features power lift assistance, heat and massage functions, USB charging ports, and convenient cup holders. Please read this manual thoroughly before use to ensure safe and proper operation.

IMPORTANT SAFETY INFORMATION

WARNING: To reduce the risk of electric shock, fire, and injury, please adhere to the following safety guidelines:

- Always consult your doctor before using the product if you have any health concerns.
- Ensure the chair is placed on a level surface.
- Keep children and pets away from the chair's moving parts, especially during operation.
- Do not allow anyone to sit on the footrest when it is extended.
- Avoid placing hands or feet near the mechanism under the chair.
- Unplug the chair from the power outlet before cleaning or performing any maintenance.
- Do not operate the chair if the power cord or plug is damaged.
- Do not use the chair in a damp or wet environment.
- The maximum weight recommendation for this chair is 320 pounds. Do not exceed this limit.

PACKAGE CONTENTS

Your MCombo Power Lift Recliner Chair is delivered in two boxes. Please verify that all components are present before beginning assembly.

- Backrest
- Base
- Left Armrest
- Right Armrest
- Accessories Box (includes power adapter, remote control, etc.)
- Manual

What's Inside Each Box

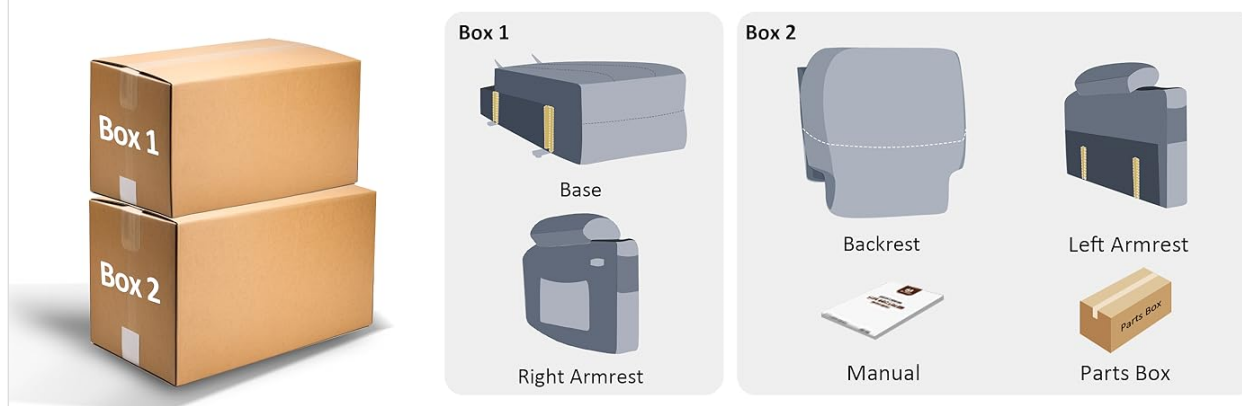

Image: Contents of each box, illustrating the main components: Base, Right Armrest, Backrest, Left Armrest, Manual, and Parts Box.

ASSEMBLY INSTRUCTIONS (SETUP)

Assembly is designed to be straightforward and typically takes about 20 minutes for a novice. No additional tools are required.

1. **Step 1: Attach the Backrest.** Align the metal slots on the backrest with the corresponding posts on the chair base. Push down firmly until the backrest locks into place.
2. **Step 2: Attach the Armrests.** Slide the left and right armrests onto their respective side rails on the chair base. Ensure they are securely seated.
3. **Step 3: Connect the Wiring.** Locate the electrical cables extending from the backrest, armrests, and base. Connect them according to the color-coded or labeled connectors. Ensure all connections are secure.
4. **Step 4: Connect Power.** Plug the power adapter into the chair's power input, then plug the adapter into a standard wall outlet.
5. **Step 5: Test Functions.** Use the remote control to test the lift, recline, massage, and heat functions to ensure proper operation.

OPERATING INSTRUCTIONS

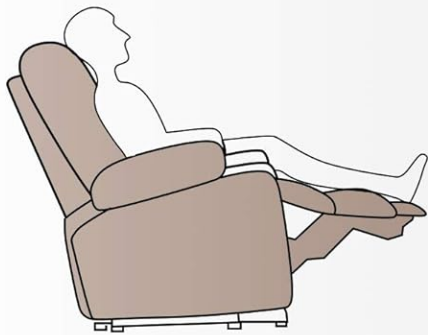

Power Lift and Recline Functions

The chair features a counter-balanced lift mechanism and smooth reclining. Use the two-button remote control to adjust the chair's position.

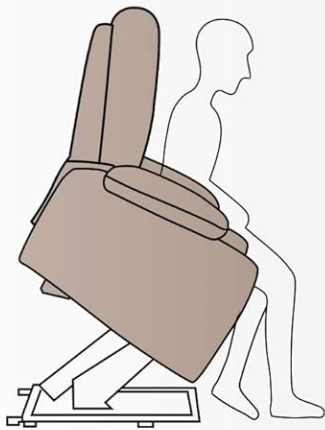

- **To Recline:** Press and hold the **down arrow** button on the remote. The chair will smoothly recline to your desired position, up to a maximum angle of 140°. The footrest will extend as you recline.
- **To Lift/Stand:** Press and hold the **up arrow** button on the remote. The chair will gently lift and tilt forward, assisting you to a standing position.
- **TV Position:** Release the button at an intermediate position for a comfortable viewing angle with the footrest extended.

3 Positions

Image: Remote control and illustrations of the three primary chair positions: Reclined, TV, and Lift (UP).

Massage and Lumbar Heating Functions

The chair is equipped with full-body vibration massage and a lumbar heating function, controlled by a separate remote.

- **Power On/Off:** Press the "POWER" button to activate or deactivate the massage and heat functions.
- **Intensity:** Adjust massage intensity (HIGH/LOW) using the "INTENSITY" button.
- **Mode:** Select from various massage modes (PULSE, PRESS, WAVE, AUTO, NORMAL) using the "MODE" button.
- **Vibrating Points:** Choose specific vibrating areas (BACK, LUMBAR, THIGHS, LEGS) by pressing the corresponding buttons.
- **Heating:** Press the "HEAT" button to activate the lumbar heating function. The heating function works independently of vibration but can be used simultaneously.

- **Timer:** The massage and heat functions can be timed for specific durations. Refer to the massage remote's specific instructions for timing options.

Lumbar Heat

8 Vibrating Nodes

4.7" Extended Footrest

Image: Illustration of the chair's lumbar heat and 8 vibrating nodes, accompanied by the massage remote control with various settings.

Convenient Features

- **USB Ports:** Two USB charging ports are integrated into the chair for convenient charging of mobile devices.
- **Cup Holders:** Two cup holders are provided for beverages.
- **Side & Front Pockets:** Multiple pockets are available for storing remote controls, magazines, or other small items.
- **Extended Footrest:** The 4.7-inch extended footrest provides full leg support, preventing feet from dangling and improving circulation.

Expect more Get more.

- 2 Anti-falling Ropes
- 2 USB Charge Ports
- 2 Cup Holders
- 2 Side & Front Pockets

MAINTENANCE AND CARE

Proper care will extend the life and appearance of your MCombo recliner chair.

- **Cleaning:** The faux leather upholstery is easy to clean. Wipe with a dry or damp lint-free cloth. Avoid using harsh chemicals or abrasive cleaners.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub.
- **Mechanism:** Periodically check all bolts and screws to ensure they are tight. Do not lubricate the reclining mechanism.
- **Power Cord:** Inspect the power cord regularly for any signs of damage. If damaged, discontinue use and contact customer support.
- **Placement:** Avoid direct sunlight exposure and proximity to heat sources to prevent material degradation.

TROUBLESHOOTING

If you encounter issues with your MCombo Power Lift Recliner Chair, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Chair does not operate (no movement, no power).	<ul style="list-style-type: none">Power cord not plugged in.Loose connection in wiring.Power outlet not functioning.Remote control issue.	<ul style="list-style-type: none">Ensure power cord is securely plugged into the chair and a working wall outlet.Check all internal wiring connections (refer to assembly steps).Test the outlet with another appliance.Ensure the remote control cable is securely connected to the chair.
Massage or heat function not working.	<ul style="list-style-type: none">Massage remote not connected or powered on.Specific function not selected.	<ul style="list-style-type: none">Ensure the massage remote is properly connected and the "POWER" button is pressed.Verify that the desired massage mode or heat function is selected on the remote.
Chair makes unusual noises.	<ul style="list-style-type: none">Loose hardware.Mechanism friction.	<ul style="list-style-type: none">Check and tighten all visible bolts and screws.If noises persist, contact customer support. Do not attempt to lubricate the mechanism yourself.

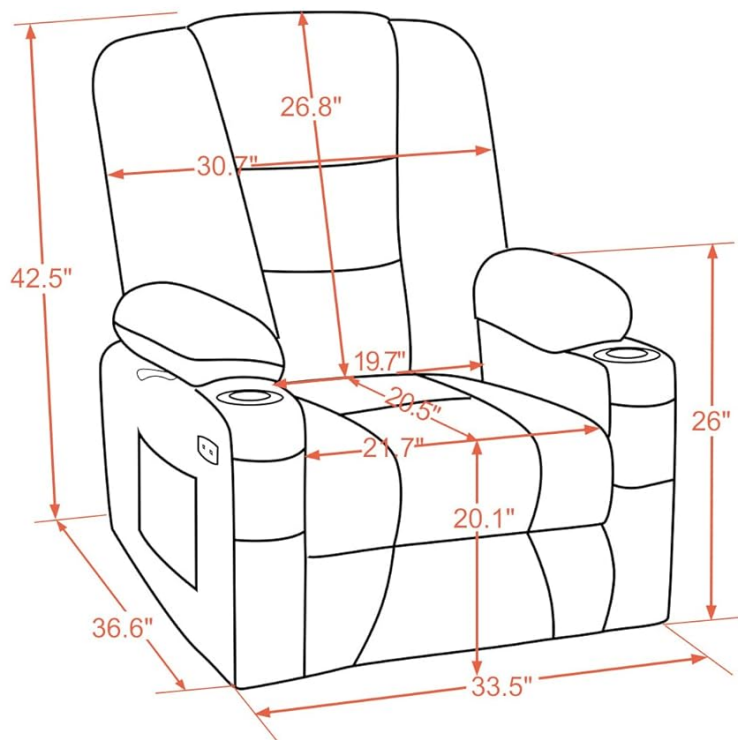

If the problem persists after attempting these solutions, please contact MCombo Customer Support.
