# SPACEO Chromed Metal Storage Shelf User Manual

Model: 3276050338715

## Introduction

Thank you for choosing the SPACEO Chromed Metal Storage Shelf. This versatile and robust shelving unit is designed to provide practical storage solutions for various spaces in your home, including kitchens, living rooms, bathrooms, cellars, and garages. Its durable steel structure and adjustable shelves offer ample space and flexibility for organizing your belongings. This manual provides essential information for safe assembly, proper use, and maintenance of your new shelf.

## Safety Information

Please read all instructions carefully before assembly and use. Keep this manual for future reference.

- Ensure all components are present and undamaged before beginning assembly.
- Assemble the unit on a soft, clean surface to prevent scratches.
- Do not overload the shelves. Distribute weight evenly.
- Keep small parts away from children during assembly.
- For stability, ensure the unit is placed on a flat, level surface.
- Do not climb on the shelving unit.
- Periodically check all connections to ensure they remain secure.

## Package Contents

Verify that all the following components are included in your package:

**Figure 1:** All components and dimensions. Includes adjustable feet, pole sections, shelves, and clips.

- **4x** Adjustable Feet
- **12x** Pole Sections (to form 4 vertical poles)
- **5x** Wire Shelves
- **20x** Plastic Clips (4 clips per shelf)

## Setup and Assembly

Assembly of the SPACEO shelf is designed to be straightforward and quick. Follow these steps:

1. **Attach Adjustable Feet:** Screw the four adjustable feet into the bottom of the four lowest pole sections. Ensure they are securely tightened. These feet allow for minor leveling adjustments on uneven floors.

**Figure 2:** Adjustable feet detail.

2. **Assemble Poles:** Connect the pole sections by screwing them together. Each vertical pole will consist of three sections. Ensure all connections are firm.
3. **Install Plastic Clips:** Determine the desired height for your first shelf. Snap two halves of a plastic clip around each of the four vertical poles at the same desired height. Ensure the clips are securely locked onto the grooves of the poles. You will use 4 clips per shelf.

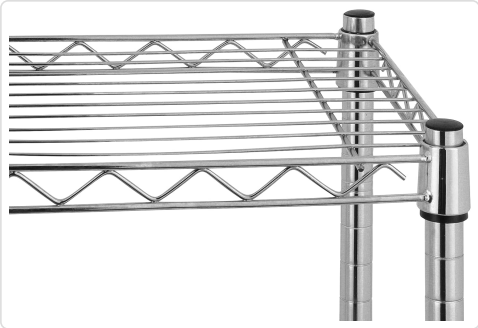

**Figure 3:** Shelf and clip connection detail.

4. **Place Shelves:** Slide a wire shelf down over the poles until it rests firmly on the installed plastic clips. Apply even pressure to ensure the shelf is level and fully seated.
5. **Repeat for Remaining Shelves:** Repeat steps 3 and 4 for the remaining four shelves, adjusting their heights as needed. The shelves are fully adjustable, allowing you to customize the spacing to fit your storage requirements.
6. **Final Check:** Once all shelves are in place, gently push down on each shelf to ensure it is securely seated on its clips. Verify the overall stability of the unit.

## Operating and Usage

Your SPACEO Chromed Metal Storage Shelf is ready for use. Here are some usage guidelines:

- **Versatile Placement:** This shelf is suitable for various environments, including kitchens for pantry items and utensils, living rooms for decorative items or books, bathrooms for toiletries, and utility areas like cellars or garages for tools and supplies.

**Figure 4:** Shelf in a kitchen setting.

**Figure 5:** Shelf in a bedroom/closet setting.

**Figure 6:** Shelf in a living/dining area setting.

- **Adjustable Shelf Height:** The shelves can be repositioned at any time by releasing the plastic clips, moving them to a new groove on the poles, and re-seating the shelf. This allows for flexible storage of items of varying heights.
- **Weight Distribution:** For optimal stability and longevity, distribute the weight of items evenly across the shelves. Avoid placing excessively heavy items on a single point or shelf.

## Maintenance

To keep your SPACEO shelf in excellent condition, follow these simple maintenance tips:

- **Cleaning:** The chromed metal finish is easy to clean. Wipe the surfaces with a damp cloth to remove dust and dirt. For best results and to maintain the shine, follow with a dry microfiber cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Regular Inspection:** Periodically check all pole connections and shelf clips to ensure they are tight and secure. Re-tighten or re-seat if necessary.
- **Environment:** While robust, prolonged exposure to excessive moisture or corrosive substances may affect the metal finish. Store in a dry environment.

## Troubleshooting

If you encounter any issues with your SPACEO shelf, consider the following common solutions:

- **Shelf is Wobbly/Unstable:**
  - Ensure the unit is on a flat, level surface. Adjust the adjustable feet as needed to stabilize.
  - Check that all pole sections are screwed together tightly.
  - Verify that all plastic clips are fully snapped onto the pole grooves and that each shelf is seated firmly and evenly on its four clips.
- **Difficulty Assembling Poles/Shelves:**
  - Ensure you are using the correct pole sections for each part of the vertical assembly.
  - Make sure the plastic clips are oriented correctly (tapered end up) and fully snapped together before placing the shelf.
- **Missing Parts:**
  - Carefully check all packaging materials. If parts are genuinely missing, contact customer support.

## Specifications

Detailed specifications for the SPACEO Chromed Metal Storage Shelf:

| | |
|---|---|
| **Brand** | SPACEO |
| **Model Number** | 3276050338715 |
