LIAMST B096LM2PJ5

LIAMST Baby Playpen (50x50 inch, Black) - Instruction Manual

Model: B096LM2PJ5

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before assembling and using the LIAMST Baby Playpen. Keep this manual for future reference.

- **WARNING:** Never leave a child unattended in the playpen.
- Ensure all parts are correctly assembled and securely fastened before placing a child in the playpen.
- Do not use the playpen if any parts are broken, torn, or missing. Contact customer support for replacement parts.
- Keep children away from the playpen during assembly and disassembly.
- Do not place the playpen near windows where cords from blinds or drapes could strangle a child.
- Do not place items with strings or straps in the playpen that could pose a strangulation hazard.
- Always place the playpen on a flat, level surface.
- The playpen is designed for children who cannot climb out and are under 15 pounds (as per product specifications).

2. PRODUCT COMPONENTS

Verify that all components are present before beginning assembly. Refer to the diagram below for identification.

3. ASSEMBLY INSTRUCTIONS

Follow these steps to assemble your LIAMST Baby Playpen. Assembly typically takes about 10-15 minutes.

1. **Unpack Components:** Carefully remove all parts from the packaging and verify against the component list.
2. **Assemble Base Frame:** Connect the steel pipes using the straight three-link connectors and suction cup three-link connectors to form the base square. Ensure the suction cups are at the bottom.
3. **Install Fabric Enclosure:** Slide the fabric enclosure over the assembled base frame. Ensure the zipper door is positioned as desired.
4. **Assemble Top Frame:** Insert the remaining steel pipes into the top sleeves of the fabric enclosure. Connect these pipes using the Tee connectors to form the top square frame.
5. **Secure Connections:** Double-check that all pipes are fully inserted into their connectors and that the fabric is taut.
6. **Attach Pull Rings:** Secure the two pull rings to the top rail of the playpen as shown in the product images, allowing your

child to use them for support.

4. OPERATING INSTRUCTIONS

The LIAMST Baby Playpen provides a safe and spacious area for your child to play.

- **Zipper Door:** The playpen features a convenient zipper door for easy access. Ensure the zipper is fully closed when the child is inside to prevent them from exiting unsupervised.
- **Transparent Mesh:** The transparent mesh sides allow for clear visibility of your child and help them feel secure by seeing their surroundings.
- **Pull Rings:** The included pull rings can be attached to the top rail of the playpen as shown in the product images, allowing your child to use them for support.
- **Stability:** The suction cups on the base provide enhanced stability, especially on hard flooring surfaces like wood or tile.

TRANSPARENT SEE-THROUGH MESH

Babies can see the parents from the the playpen,
which makes them feel safe.

5. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and safety of your playpen.

- **Cleaning:** The fabric enclosure can be wiped clean with a damp cloth and mild soap. Do not use harsh chemicals or abrasive cleaners. Allow to air dry completely.
- **Inspection:** Regularly inspect the playpen for any signs of wear, tear, or damage to the mesh, fabric, or frame components.
- **Storage:** For long-term storage or transport, disassemble the playpen and store it in the provided storage bag in a cool, dry place.

6. TROUBLESHOOTING

If you encounter any issues with your LIAMST Baby Playpen, refer to the following common solutions:

Problem	Possible Cause	Solution
Playpen feels unstable or wobbly.	Pipes not fully inserted into connectors; suction cups not properly engaged.	Ensure all steel pipes are pushed firmly into their connectors. Press down on the suction cups to ensure they adhere to the floor.
Zipper is difficult to open/close.	Fabric tension; zipper misalignment.	Check if the fabric is evenly distributed and not pulling too tightly on the zipper. Gently guide the zipper. Avoid forcing it.
Mesh or fabric is torn.	Wear and tear; sharp objects.	Discontinue use immediately. Contact customer support for replacement parts or further assistance. Do not attempt to repair with tape or other temporary fixes.
