XiNZ L9011

XiNZ Ali Fox L9011 Mini Building Blocks Instruction Manual

Model: L9011

1. INTRODUCTION

This manual provides detailed instructions for assembling the XiNZ Ali Fox L9011 Mini Building Blocks set. This set contains 3012 micro building bricks designed to create a detailed Ali Fox figure. Please read all instructions carefully before beginning assembly.

Image 1.1: The fully assembled XiNZ Ali Fox L9011 Mini Building Blocks figure, standing on a book-shaped base.

2. SAFETY INFORMATION

- **Recommended Age:** This product is recommended for individuals 8 years and up.
- **Small Parts Warning:** The building bricks are very tiny. Keep out of reach of small children to prevent choking hazards.
- **Material Safety:** The bricks are made from environmental protection ABS material.
- **Supervision:** Adult supervision is recommended during assembly, especially for younger builders.

3. PACKAGE CONTENTS

Upon opening the package, you should find:

- Approximately 3012 micro building bricks.
- One instruction manual (this document or a similar printed version).

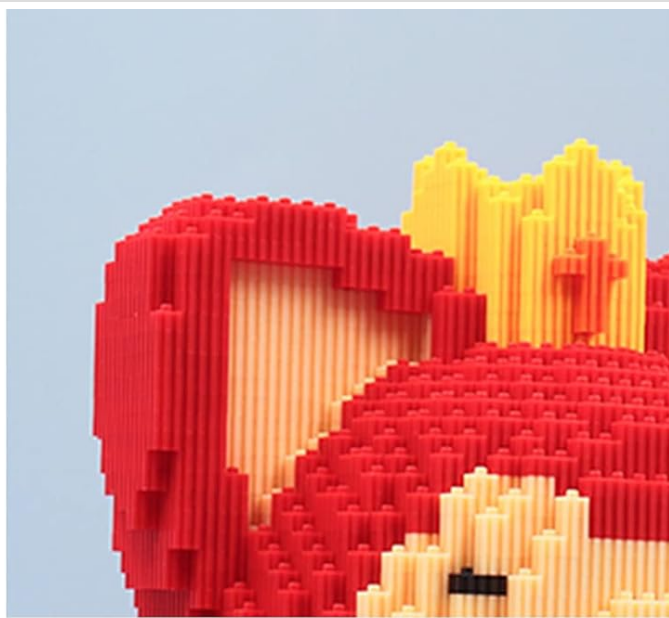

Image 3.2: The product packaging for the XiNZ Ali Fox L9011 set, alongside a diagram illustrating the dimensions of the assembled model.

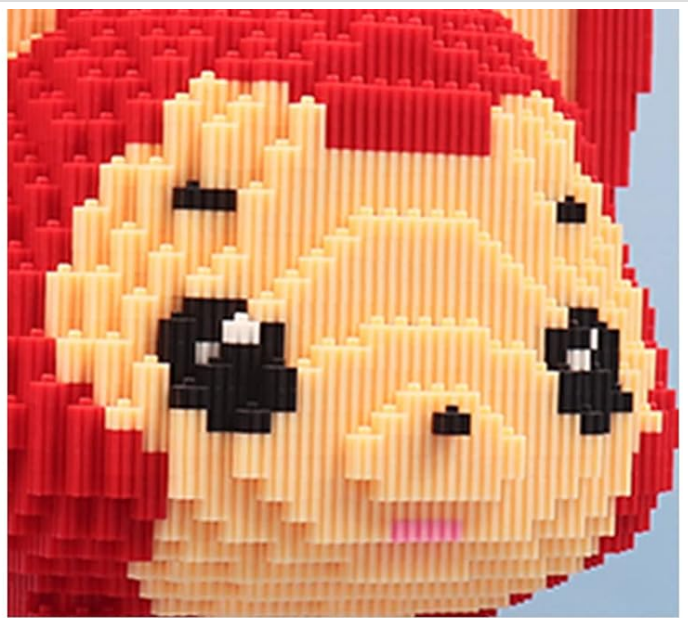

4. ASSEMBLY INSTRUCTIONS

Assembling the XiNZ Ali Fox L9011 requires patience and attention to detail due to the micro size of the bricks. Follow these guidelines for a successful build:

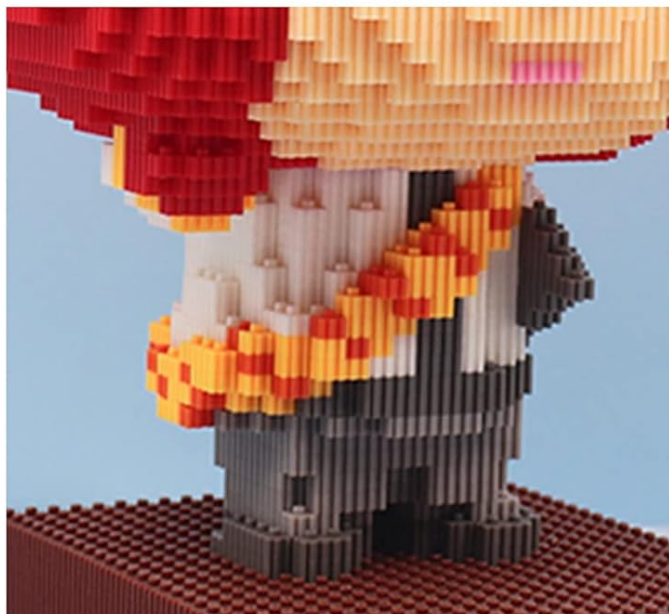

1. **Preparation:** Clear a well-lit, flat workspace. Consider using small containers to sort bricks by color and size, as suggested by experienced builders. This can significantly aid the assembly process.
2. **Follow Step-by-Step Images:** The included instructions primarily use images to guide you layer by layer. Pay close attention to the placement and orientation of each brick.
3. **Patience is Key:** The initial layers can be challenging. As you progress and the structure gains stability, assembly often becomes easier. Do not rush the process.
4. **Handling Tiny Pieces:** Some pieces are extremely small (e.g., 1 or 2-stud pieces). Exercise care when handling them to avoid loss. If pieces are difficult to attach or stay in place, ensure they are correctly aligned and pressed firmly.
5. **Review and Correct:** It is normal to occasionally need to disassemble a section if a mistake is identified. Carefully retrace your steps using the instruction images.

5. OPERATING INSTRUCTIONS (BUILDING PROCESS)

The primary operation of this product is its assembly. The building process involves:

- **Sorting:** Organize the micro bricks by color and shape to streamline the building process.
- **Layer-by-Layer Construction:** Follow the visual instructions to build the model from the base upwards, adding bricks in the specified sequence.
- **Interlocking:** Ensure each brick is securely interlocked with adjacent bricks to create a stable structure.
- **Verification:** Regularly compare your progress with the instruction images to ensure accuracy.

6. MAINTENANCE

To ensure the longevity and appearance of your XiNZ Ali Fox L9011 model:

- **Cleaning:** Dust the assembled model gently with a soft, dry cloth or a soft brush. For more stubborn dirt, a slightly damp cloth can be used, but avoid excessive moisture.
- **Storage:** Store the model in a stable location away from direct sunlight and extreme temperatures to prevent material degradation or discoloration.
- **Handling:** Handle the assembled model with care, especially when moving it, to prevent accidental disassembly of small parts.

7. TROUBLESHOOTING

- **Difficulty with Instructions:** If the instructions seem complex, take breaks and re-examine the images carefully. Sometimes, viewing the next few steps can clarify the current one.
- **Pieces Not Fitting:** Ensure you are using the correct piece as indicated in the instructions. Micro bricks require precise alignment. If a piece still doesn't fit, check if previous layers were assembled correctly.
- **Missing Pieces:** While rare, if you believe a piece is missing, double-check your workspace and the packaging. If a critical piece is genuinely missing, contact the retailer or manufacturer for assistance.
- **Model Instability:** If the model feels unstable, review the most recently assembled sections to ensure all bricks are firmly pressed together and correctly interlocked.

8. SPECIFICATIONS

Product Name	XiNZ Ali Fox Mini Building Blocks
Model Number	L9011
Number of Pieces	3012
Material	Environmental Protection ABS
Assembled Dimensions (Approx.)	29cm (Height) x 15cm (Width)
Item Weight	2.44 pounds
Package Dimensions	15.7 x 11.2 x 2 inches
Recommended Age	8 years and up

9. WARRANTY AND SUPPORT

For information regarding product warranty, returns, or technical support, please refer to the retailer's policy where the product was purchased or visit the official XiNZ brand website. Keep your proof of purchase for any warranty claims.
