KSIX Eclipse Smartwatch User Manual

Model: Eclipse (TP-8427542117089)

1. INTRODUCTION

This manual provides detailed instructions for the KSIX Eclipse Smartwatch. Please read this manual thoroughly before using the device to ensure proper operation and to maximize its features. Keep this manual for future reference.

2. PACKAGE CONTENTS

Verify that all items are present in the package:

- KSIX Eclipse Smartwatch
- Charging Cable
- User Manual (this document)

3. PRODUCT OVERVIEW

Familiarize yourself with the components of your KSIX Eclipse Smartwatch.

Figure 3.1: Front view of the KSIX Eclipse Smartwatch, displaying the round screen with a digital watch face showing time, date, heart rate, and battery percentage.

Figure 3.2: Overview of key features: 1.28-inch extra-large screen, 8 sport modes, and up to 7 days of battery autonomy.

Sensores biométricos

Figure 3.3: Rear view of the smartwatch, highlighting the biometric sensors, multifunction button on the side, and the wireless charging port.

- **Display:** 1.28-inch round touchscreen.
- **Multifunction Button:** Located on the side for navigation and control.
- **Biometric Sensors:** On the rear for health monitoring.
- **Wireless Charging Port:** On the rear for power input.
- **Strap:** Adjustable silicone strap.

4. SETUP

4.1 Initial Charging

1. Connect the charging cable to a USB power adapter (not included).
2. Place the smartwatch on the wireless charging port. Ensure the charging contacts align correctly.

3. Allow the device to charge completely before first use. A full charge typically takes approximately 2 hours.

4.2 Powering On/Off

- **To Power On:** Press and hold the multifunction button until the screen illuminates.
- **To Power Off:** Navigate to the power off option in the watch settings or press and hold the multifunction button, then confirm power off.

4.3 App Installation and Pairing

To unlock the full potential of your KSIX Eclipse Smartwatch, download and install the companion application.

App incluida

The image displays a black KSIX Eclipse Smartwatch on the left and a hand holding a smartphone on the right. The smartwatch face shows the day 'TUE', time '04:30', and various activity metrics like '22000' and '1200'. The smartphone screen shows the 'Da Fit' app interface with a teal logo at the top. The app displays 'Hoy' (Today) with three main sections: 'PASOS' (Steps) showing 1200 steps for July 21, 2021, with sub-metrics of 102.4yd, 5.0kcal, and 0.9min; 'SUEÑO' (Sleep) showing 7h00m for July 21, 2021; and 'RITMO CARDIACO' (Heart Rate) showing 53 BPM for May 27, 2021, with a color-coded scale from 106 to 159. A bottom section shows 'RITMO CARDIACO DIARIO' (Daily Heart Rate) as 88 BPM. Below the watch and phone are three logos: 'DISPONIBLE EN Google Play', 'Disponibile en el App Store', and a 'Bluetooth' logo.

Figure 4.1: The KSIX Eclipse Smartwatch displayed alongside a smartphone running the "Da Fit" application, with icons for Google Play, App Store, and Bluetooth connectivity.

1. **Download the App:** Search for "Da Fit" in the Google Play Store (for Android devices) or the Apple App Store (for iOS devices). Install the application.
2. **Enable Bluetooth:** Ensure Bluetooth is enabled on your smartphone.
3. **Open the App:** Launch the "Da Fit" app and follow the on-screen instructions to create an account or log in.
4. **Pair the Smartwatch:** In the app, navigate to "Add Device" or a similar option. Select "Eclipse" or the corresponding device ID from the list of available Bluetooth devices.
5. **Confirm Pairing:** A pairing request may appear on both your phone and smartwatch. Confirm the pairing on both devices.
6. **Complete Setup:** Follow any remaining prompts in the app to complete the initial setup, including personal profile information and notification preferences.

5. OPERATING INSTRUCTIONS

5.1 Basic Navigation

- **Swipe Up/Down:** Scroll through menus and notifications.
- **Swipe Left/Right:** Access quick functions or different watch faces.
- **Tap:** Select an item or confirm an action.
- **Multifunction Button:** Press to return to the home screen or wake the device.

5.2 Health Monitoring Functions

The KSIX Eclipse Smartwatch can monitor various health metrics.

Funciones

Frecuencia Cardíaca

Presión Sanguínea

Oxígeno en Sangre

Monitoreo del sueño

Figure 5.1: The smartwatch on a user's wrist, showing icons and readings for heart rate, blood pressure, blood oxygen, and sleep monitoring.

- **Heart Rate Monitoring:** Access the heart rate function on the watch or through the app to measure your current heart rate.
- **Blood Pressure Monitoring:** Use the dedicated function to take blood pressure readings.
- **Blood Oxygen (SpO2) Monitoring:** Measure your blood oxygen saturation levels.
- **Sleep Monitoring:** The watch automatically tracks your sleep patterns when worn during sleep. View detailed analysis in the "Da Fit" app.
- *Note: These measurements are for reference only and should not be used for medical diagnosis. Consult a healthcare professional for medical advice.*

5.3 Sport Modes

The smartwatch supports 8 different sport modes to track your physical activities.

Figure 5.2: A person engaged in exercise, with icons representing 8 sport modes, a hydration reminder, and a stopwatch function available on the smartwatch.

- Access the "Sport" menu on the watch.
- Select your desired activity (e.g., running, cycling, walking).
- The watch will track duration, distance, calories burned, and heart rate during your workout.
- Additional features include a hydration reminder and a stopwatch.

5.4 Notifications and Connectivity

When paired with your smartphone, the KSIX Eclipse Smartwatch provides various notifications and controls.

Parte meteorológico

Notificación de llamadas

Control de música

Notificación de mensajes

Juegos

Botón selfie

Figure 5.3: The smartwatch screens illustrating functions such as weather display, incoming call notifications, music playback control (Spotify, SoundCloud), message notifications, built-in games, and a remote selfie button.

- **Call Notifications:** Receive alerts for incoming calls and see caller ID.
- **Message Notifications:** View messages from various apps directly on your wrist.
- **Music Control:** Control music playback on your smartphone (play, pause, skip tracks).
- **Weather Forecast:** Get real-time weather updates.
- **Remote Camera Control (Selfie Button):** Use the watch as a remote shutter for your phone's camera.
- **Games:** Access simple games directly on the smartwatch.

5.5 Customizable Watch Faces

Personalize your smartwatch with a variety of watch faces.

Pantallas Personalizables

Figure 5.4: The KSIX Eclipse Smartwatch displaying a central watch face, surrounded by several examples of customizable watch face designs, including seasonal, abstract, and themed options.

- Access the watch face selection menu on the device or through the "Da Fit" app.
- Choose from pre-installed faces or download new ones via the app.

6. MAINTENANCE

6.1 Cleaning

- Wipe the screen and body of the smartwatch with a soft, lint-free cloth.
- For stubborn marks, slightly dampen the cloth with water. Avoid using harsh chemicals or abrasive materials.
- Clean the charging contacts regularly to ensure efficient charging.

6.2 Storage

- Store the smartwatch in a cool, dry place away from direct sunlight and extreme temperatures.
- If storing for an extended period, ensure the battery is partially charged (around 50%) to prolong battery life.

6.3 Water Resistance

The KSIX Eclipse Smartwatch has a certain level of water resistance. Refer to the specifications section for details. Avoid exposing the device to hot water, steam, or high-pressure water jets, as this may compromise its water resistance.

7. TROUBLESHOOTING

If you encounter issues with your KSIX Eclipse Smartwatch, refer to the following common solutions:

Problem	Possible Solution
Smartwatch does not turn on.	Ensure the device is fully charged. Connect it to the charger for at least 30 minutes.
Cannot pair with smartphone.	<ul style="list-style-type: none"> • Ensure Bluetooth is enabled on your phone and the smartwatch. • Make sure the "Da Fit" app is installed and running. • Restart both the smartwatch and your smartphone. • Forget the device in your phone's Bluetooth settings and try pairing again. • Ensure the smartwatch is not already paired with another device.
Notifications are not received.	<ul style="list-style-type: none"> • Check app notification permissions on your smartphone. • Ensure the smartwatch is properly connected via Bluetooth. • Verify notification settings within the "Da Fit" app. • Disable and re-enable Bluetooth on your phone.
Inaccurate health data.	<ul style="list-style-type: none"> • Ensure the smartwatch is worn snugly on your wrist, but not too tight. • Clean the biometric sensors on the back of the watch. • Avoid excessive movement during measurements.
Battery drains quickly.	<ul style="list-style-type: none"> • Reduce screen brightness. • Limit frequent use of power-intensive features like continuous heart rate monitoring. • Ensure no background apps are excessively draining power.

8. SPECIFICATIONS
