### **TROUBLESHOOTING**

If you encounter any issues with your Instant Pot Vortex Plus Air Fryer, please refer to the following common troubleshooting tips:

- **Appliance not turning on:** Ensure the power cord is securely plugged into a grounded outlet. Check if the outlet is functional by plugging in another appliance.
- **Food not cooking evenly:** Ensure not to overcrowd the basket. Shake or flip food halfway through cooking for best results.
- **Excessive smoke:** This may be caused by fatty foods. Ensure the cooking tray is clean and free of grease buildup.
- **Unusual odors:** Replace the OdorErase filters if they are old or heavily used.

For more detailed troubleshooting, please consult the full user manual.
