DECORAPORT D-D414-2432

DECORAPORT D-D414-2432 LED Bathroom Mirror

Instruction Manual

1. Important Safety Instructions

Please read all instructions carefully before installation and use. Retain this manual for future reference.

- **Electrical Safety:** Installation must be performed by a qualified electrician in accordance with all local electrical codes. Ensure power is disconnected at the circuit breaker before any installation or maintenance.
- **Wet Environment:** This mirror is designed for humid environments. However, direct water spray should be avoided. The product has been tested and certified by UL (United States) and TUV (Germany) for safety in such conditions.
- **Handling:** Handle the mirror with care. Glass is fragile. Avoid impacts or excessive force.
- **Cleaning:** Use only soft, damp cloths and mild, non-abrasive cleaners. Do not spray cleaner directly onto the mirror or electrical components.

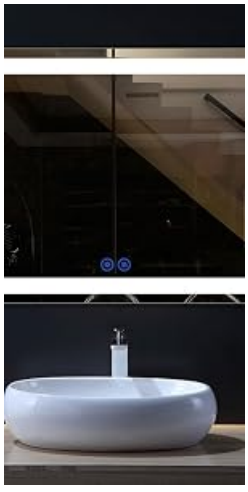

Image: Safety certifications from UL and TUV, ensuring the mirror meets stringent safety standards for electrical products in humid environments.

2. Product Features

The DECORAPORT D-D414-2432 LED Bathroom Mirror combines advanced technology with a sleek design to enhance your bathroom experience.

- **High Clarity Mirror:** Features super white mirror glass for superior reflection and clarity.
- **Bright LED Illumination:** Integrated LED lights are 30% brighter with a Color Rendering Index (CRI) greater than 90, closely mimicking natural sunlight.
- **Adjustable Lighting:** Stepless dimming and color temperature adjustment from 3000K (warm white) to 6000K (cool white) via touch sensor.
- **Anti-Fog Function:** An independent anti-fog feature ensures a clear reflection even after hot showers.
- **Memory Function:** Retains your last brightness setting for convenience.
- **Durable Construction:** Copper-free mirror with epoxy protection on the backside for enhanced corrosion resistance and longevity.
- **Flexible Installation:** Designed for both horizontal and vertical wall mounting.

Image: A visual comparison highlighting the superior reflection of the super white mirror and the epoxy protection that prevents corrosion, contrasting it with competitors' mirrors.

3. Setup and Installation

This mirror is designed for wall mounting. Ensure the wall can support the mirror's weight (approximately 12.09 kg / 26.65 lbs).

3.1 Tools Required

- Drill
- Measuring Tape
- Level
- Pencil
- Screwdriver

- Safety Glasses

3.2 Mounting Options

The mirror can be installed horizontally or vertically to best suit your space.

Image: The mirror displayed in both horizontal and vertical orientations, illustrating its versatile mounting capabilities.

3.3 Installation Steps

1. **Prepare the Area:** Ensure the power supply to the installation area is turned off at the main circuit breaker.
2. **Measure and Mark:** Determine the desired mounting height and orientation (horizontal or vertical). Use a measuring tape and level to mark the positions for the mounting brackets on the wall.
3. **Drill Holes:** Drill pilot holes at the marked locations. Insert appropriate wall anchors if necessary (e.g., for drywall).
4. **Attach Brackets:** Securely fasten the mounting brackets to the wall using screws.
5. **Electrical Connection:** Connect the mirror's electrical wiring to your home's electrical system. This step should be performed by a qualified electrician. Ensure all connections are secure and insulated.
6. **Hang the Mirror:** Carefully lift the mirror and align its hanging slots with the wall brackets. Gently lower the mirror until it is securely seated on the brackets.

7. **Test Functionality:** Restore power at the circuit breaker and test all mirror functions (lights, dimming, anti-fog).

4. Operating Instructions

The DECORAPORT LED Bathroom Mirror features intuitive touch controls for easy operation.

4.1 Touch Button Controls

The mirror has integrated touch buttons, typically located on the lower center of the mirror surface.

- **Power On/Off:** A short touch on the power icon will turn the LED lights on or off.
- **Brightness Adjustment (Dimming):** When the lights are on, press and hold the power icon to cycle through brightness levels. Release when the desired brightness is reached. The mirror will remember your last setting.
- **Color Temperature Change:** If your mirror has a separate button for color temperature, a short touch will cycle between warm white (3000K), neutral white (4000K), and cool white (6000K). If combined with dimming, a long press might adjust both or a specific sequence. Refer to the visual indicators on the mirror.
- **Anti-Fog Function:** A short touch on the anti-fog icon will activate or deactivate the defogger. The anti-fog feature heats a specific area of the mirror to prevent condensation.

Image: The mirror displaying its ability to change light color temperature from warm white (3000K) to cool white (6000K), along with the touch sensor for control.

Image: A demonstration of the anti-fog function, showing a clear mirror area after activation compared to a fogged section, with arrows indicating heat distribution.

4.2 Wall Switch Control

The mirror can also be controlled by a standard wall switch connected to its power supply. This allows for basic on/off functionality of the mirror's main power.

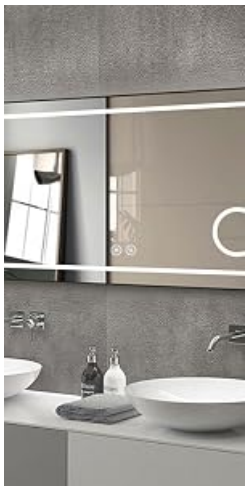

Image: Illustrates the dual control options for the mirror, showing both a traditional wall switch and the integrated touch sensor on the mirror surface.

5. Maintenance

Proper maintenance ensures the longevity and optimal performance of your DECORAPORT LED Bathroom Mirror.

5.1 Cleaning the Mirror Surface

- Turn off the mirror's power before cleaning.
- Use a soft, lint-free cloth dampened with water or a mild, ammonia-free glass cleaner.
- Spray cleaner onto the cloth, not directly onto the mirror, to prevent liquid from seeping into electrical components.
- Wipe the mirror surface gently. Avoid abrasive materials or harsh chemicals that could damage the mirror or its coatings.
- Dry the mirror with a clean, dry cloth to prevent streaks.

5.2 Electrical Components

- Do not attempt to open or repair the electrical components of the mirror. This should only be done by qualified personnel.
- Keep the back of the mirror and electrical connections dry and free from dust.

6. Troubleshooting

If you encounter issues with your mirror, refer to the following common problems and solutions.

Problem	Possible Cause	Solution
Lights do not turn on.	No power supply; loose electrical connection; faulty touch sensor.	Check the circuit breaker. Ensure all electrical connections are secure (consult an electrician). Try touching the sensor again.
Anti-fog function not working.	Anti-fog feature not activated; electrical issue.	Ensure the anti-fog touch button is pressed. Check power supply.

Problem	Possible Cause	Solution
Lights are flickering or dimming unexpectedly.	Unstable power supply; loose connection; internal component issue.	Check power supply stability. Ensure connections are secure. If problem persists, contact customer support.
Touch sensor unresponsive.	Mirror surface is wet or dirty; temporary electronic glitch.	Clean and dry the mirror surface around the sensor. Turn off power at the breaker for 1 minute, then restore to reset.

If troubleshooting steps do not resolve the issue, please contact DECORAPORT customer support.

7. Specifications

Model Number	D-D414-2432
Dimensions (H x W x D)	60.96 x 81.28 x 3.56 cm (approx. 24 x 32 x 1.4 inches)
Weight	12.09 kg (approx. 26.65 lbs)
Material	Glass, Acrylic
Light Source	LED
Color Temperature	3000K (Warm White) - 6000K (Cool White), Stepless Adjustment
Color Rendering Index (CRI)	> 90
Special Features	Anti-fog, Illuminated, Touch Sensor, Dimmable, Brightness Memory, Copper-free Mirror, Epoxy Protection
Mounting Type	Wall Mount (Vertical or Horizontal)
Certifications	UL (United States), TUV (Germany)

8. Warranty and Support

DECORAPORT provides a **2-year manufacturer's warranty** for this product.

If the item arrives damaged or is found to be defective, please contact DECORAPORT customer service immediately for assistance with replacement or refund. Please retain your proof of purchase.

For further support or inquiries, please visit the official DECORAPORT website or contact our customer service department.
