

MORENTO Kilo

MORENTO H13 True HEPA Air Purifier Kilo (White) User Manual

Model: Kilo | Brand: MORENTO

1. INTRODUCTION

Thank you for choosing the MORENTO H13 True HEPA Air Purifier. This manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your new air purifier. Please read it thoroughly before use and keep it for future reference.

The MORENTO Air Purifier is designed to improve indoor air quality by capturing various airborne particles and odors, creating a cleaner and healthier environment for your home or office.

2. PRODUCT FEATURES

- **Powerful Purification:** With a CADR rating of 300, it can quickly circulate air in rooms up to 1076 ft² (100 m²), making it suitable for bedrooms, living rooms, dining rooms, and pet areas.
- **Multi-Color Night Light:** Features a built-in night light that automatically changes through 7 colors. Users can select a preferred color or activate sleep mode, which turns off all lights after 5 seconds for an undisturbed sleep environment.
- **Peaceful Sleep:** Operates at a low noise level of 22dB in sleep mode, ensuring minimal disruption. Includes a timer function for 2, 4, or 8 hours of operation.
- **3-Stage Filtration System:** Incorporates a Pre-Filter, H13 True HEPA filter, and High-Efficiency Activated Carbon Filter to capture 99.97% of airborne particles 0.3 microns in size, including dust, smoke, pollen, mold, pet dander, and odors.
- **Aromatherapy Function:** A dedicated cap on top allows for the addition of essential oil drops to diffuse fragrances into the air.

3. SETUP

1. **Unpack the Air Purifier:** Carefully remove the air purifier from its packaging.
2. **Prepare the Filter:** The filter comes wrapped in plastic inside the unit. Turn the air purifier upside down, twist the base counter-clockwise to unlock, and remove the bottom cover. Take out the filter and remove all plastic packaging.
3. **Locate Power Adapter:** The power adapter is typically stored inside the filter. Remove it before discarding the plastic.
4. **Reinstall the Filter:** Place the unwrapped filter back into the air purifier. Ensure it sits correctly.

5. **Secure the Base:** Replace the bottom cover and twist clockwise to lock it securely.
6. **Placement:** Place the air purifier on a flat, stable surface. Ensure there is adequate space around the unit for optimal air intake and output. The 360-degree air intake allows for flexible placement.
7. **Connect Power:** Plug the power adapter into the designated port on the back of the air purifier, then plug the adapter into a standard electrical outlet.

3-Stage Filtration System

Remove 99.97% of air contaminants

4. OPERATING INSTRUCTIONS

4.1 Control Panel Overview

The control panel is located on the top of the air purifier. It features touch-sensitive buttons and indicator lights for various functions.

4.2 Power On/Off

- Press the **Power Button** () to turn the unit on or off.
- Upon powering on, the unit will typically start in a low fan speed mode.

4.3 Adjusting Fan Speed

- Press the **Fan Speed Button** () repeatedly to cycle through fan speeds: Low (1F), Medium (2F), High (3F), and Sleep Mode.
- In Sleep Mode, the fan operates at its lowest setting (22dB) and all indicator lights turn off after 5 seconds to ensure a dark and quiet environment.

4.4 Setting the Timer

- Press the **Timer Button** () to set the operating duration. Available settings are 2 hours, 4 hours, and 8 hours. The unit will automatically turn off once the set time expires.

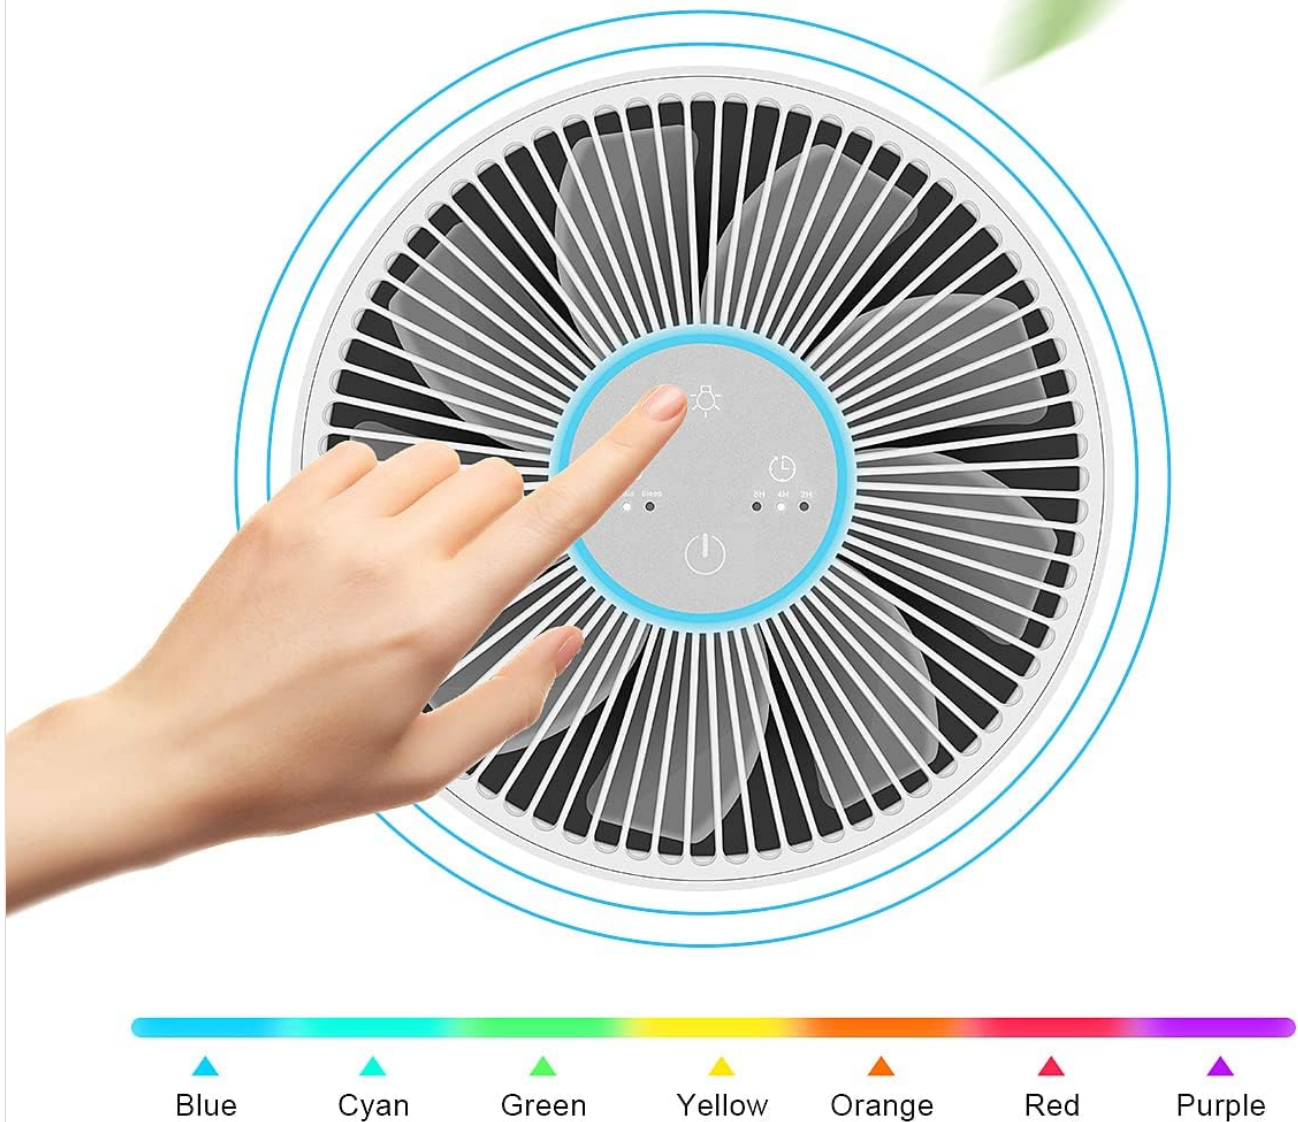

4.5 Night Light Function

- The air purifier features a 7-color night light. In normal operation, the light cycles through colors.
- To select a specific color, touch the light button when the desired color appears.
- In Sleep Mode, the night light automatically turns off.

4.6 Aromatherapy Function

- Locate the small cap on the top center of the air purifier.
- Gently remove the cap.
- Add a few drops of your preferred essential oil onto the aroma pad inside the cap.
- Replace the cap securely. The fan will diffuse the scent throughout the room.

5. MAINTENANCE

5.1 Filter Replacement

- The filter should be replaced every 3 to 6 months, depending on usage and air quality.
- A red indicator light on the control panel will signal when it's time to replace the filter.
- To replace, turn the unit off and unplug it. Turn the air purifier upside down, twist the base counter-clockwise, and remove the bottom cover.
- Remove the old filter and insert a new one (search for: B096N89FVW).
- Replace the bottom cover and twist clockwise to lock.
- Plug in the unit and press and hold the **Filter Reset Button** (often combined with the light button) for 5 seconds until you hear three beeps to reset the filter life indicator.

5.2 Cleaning and Care

- Always unplug the air purifier before cleaning.
- Wipe the exterior of the unit with a soft, dry cloth.
- Do not use abrasive cleaners or solvents.
- The pre-filter can be gently vacuumed to remove large dust particles, but the HEPA and activated carbon filters are not washable.

6. TROUBLESHOOTING

- **Unit Not Turning On:** Ensure the power adapter is securely plugged into both the unit and the wall outlet. Check if the filter's plastic packaging has been removed.
- **Reduced Airflow/Efficiency:** The filter may be clogged. Replace the filter if the indicator light is on or if you notice a decrease in performance.
- **Unusual Noise:** Check if the unit is placed on a stable surface. Ensure the filter is correctly installed and the bottom cover is securely locked.
- **Odor Persists:** The activated carbon filter may be saturated. Replace the filter.

7. SPECIFICATIONS

Feature	Specification
Model Number	Kilo
Product Dimensions	7.68"D x 7.68"W x 8.6"H
Item Weight	2.35 Kilograms
Power Source	Corded Electric
CADR	300
Coverage Area	Up to 1076 ft² (100 m²)
Noise Level (Sleep Mode)	22 dB
Filter Type	H13 True HEPA, Pre-Filter, Activated Carbon

8. WARRANTY AND SUPPORT

For warranty information, technical support, or to purchase replacement parts and filters, please refer to the contact information provided on the product packaging or visit the official MORENTO website. Keep your purchase receipt for warranty claims.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page’s manual context to help answer it.
