

## Anker AMZ-A2633

# Anker PowerPort III Nano 20W USB-C Charger User Manual

Model: AMZ-A2633

## 1. INTRODUCTION

---

Thank you for choosing the Anker PowerPort III Nano 20W USB-C Charger. This compact and powerful charger is designed to provide efficient and fast charging for a wide range of compatible devices. Please read this manual carefully before use to ensure optimal performance and safety.

### Key Features:

- **Fast Charging for iPhone 15:** Delivers up to 20W output, enabling fast charging for iPhone 15 / 15 Pro. Charges up to 3 times faster compared to standard 5W chargers. (Based on charging an iPhone 15 from 0% for 30 minutes).
- **Ultra-Compact and Lightweight:** Measuring approximately 27mm on each side and weighing only about 30g (equivalent to one AA battery), this charger is highly portable. (As a USB PD compatible USB charger with 20W output or more, excluding the plug part / Anker survey as of September 2020).
- **PowerIQ 3.0 (Gen2) Technology:** Equipped with Anker's proprietary PowerIQ 3.0 (Gen2) technology, enhancing compatibility with USB Power Delivery and supporting charging standards like Qualcomm Quick Charge. This enables full-speed charging for a wider range of devices.
- **Wide Device Compatibility:** Supports various devices including iPhones, Galaxy, Xperia, and other Android smartphones, as well as tablets like iPad Air and smart devices such as AirPods.
- **Advanced Safety Features:** Anker's proprietary MultiProtect safety system ensures long-term safe use, including short-circuit prevention, temperature control, and surge protection.

## 2. IMPORTANT SAFETY INFORMATION

---

Please read and follow all safety instructions before using this product to prevent fire, electric shock, injury, or damage to property.

- Do not expose the product to liquids, moisture, or extreme temperatures.
- Do not disassemble, modify, or repair the product yourself. Contact authorized service personnel for any repairs.
- Avoid dropping or subjecting the product to strong impacts.
- Keep out of reach of children.
- Use only with compatible devices and cables.
- Unplug the charger during lightning storms or when unused for long periods.

## 3. PACKAGE CONTENTS

---

Ensure all items are present in your package:

- Anker PowerPort III Nano 20W Charger
- Instruction Manual
- Up to 24-month warranty information

## 4. SETUP

---

Setting up your Anker PowerPort III Nano 20W charger is straightforward:

1. **Plug into a Wall Outlet:** Insert the charger's prongs into a standard AC wall outlet (100-240V).
2. **Connect Your Device:** Use a USB-C to USB-C cable (not included) or a USB-C to Lightning cable (not included) to connect your device to the charger's USB-C port.

# iPhone15にも急速充電

最大20W出力で、iPhone 15 / 15 Proを急速充電可能です。一般的な5W出力の充電器に比べ、最大3倍速く充電できます。

## 5. OPERATING INSTRUCTIONS

---

Once connected, the charger will automatically begin charging your device. The PowerIQ 3.0 (Gen2) technology intelligently identifies your device to deliver the fastest possible charge.

### **Charging Performance:**

- The charger provides up to 20W output for compatible devices.
- Charging speed may vary depending on the device, cable, and battery level.

# スマートなデジタルライフへ

例えば、わずか15分充電するだけで  
最大3.5時間の動画視聴が可能になります  
効率的な充電で待ち時間を短縮しましょう

※充電速度や動画の視聴時間は、お使いの機器や視聴環境により異なります

## 6. MAINTENANCE

To ensure the longevity and optimal performance of your charger, follow these maintenance guidelines:

- **Cleaning:** Disconnect the charger from the power outlet before cleaning. Use a dry, soft cloth to wipe the surface. Do not use liquid cleaners or aerosols.
- **Storage:** Store the charger in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Avoid bending or stressing the cable connection points excessively.

## 7. TROUBLESHOOTING

If you encounter issues with your charger, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Device not charging	Loose connection, incompatible cable/device, power outlet issue.	Ensure charger is firmly plugged into the wall. Try a different cable or device. Test the power outlet with another appliance.
Slow charging	Cable not supporting fast charging, device not supporting fast charging, high background usage on device.	Use a high-quality USB-C to USB-C or USB-C to Lightning cable that supports Power Delivery. Ensure your device supports 20W fast charging. Close unnecessary apps on your device.
Charger is hot	Normal operation, excessive load, poor ventilation.	It is normal for chargers to get warm during operation. If it feels excessively hot, disconnect it and allow it to cool. Ensure it's in a well-ventilated area. If the issue persists, discontinue use and contact support.

## 8. SPECIFICATIONS

Feature	Detail
Model Number	AMZ-A2633
Dimensions	Approx. 45 x 27 x 27mm (including plug)
Weight	Approx. 30g
Input	100-240V ~ 0.6A, 50-60Hz
Output	5V=3A / 9V=2.22A

Feature	Detail
Total USB Ports	1 (USB-C)
Wattage	20W Max
Color	Black

## 世界最小 & 最軽量※

一辺約27mmの超コンパクトサイズで  
重さは単3電池 約1本分のわずか30g  
高出力ながら、小型軽量デザインを実現

※折りたたみ式プラグではありません  
※20W出力以上のUSB Power Delivery対応USB充電器として  
世界最小 & 最軽量 (プラグ部を除く / 2020年9月時点 Anker調べ)
