DICTAC Three-sided LED Lights

DICTAC Queen LED Bed Frame Instruction Manual

Model: Three-sided LED Lights

Introduction

This manual provides comprehensive instructions for the assembly, operation, and maintenance of your DICTAC Queen LED Bed Frame. Designed with a modern wave-like curve and integrated RGB LED lighting, this platform bed frame offers both comfort and contemporary style. Please read this manual thoroughly before assembly and use to ensure proper setup and safe operation.

Important Safety Information

For your safety, please observe the following precautions:

- Exercise caution around sharp edges during assembly.
- Do not exceed the maximum weight capacity of 900 lbs.
- Always follow the assembly instructions precisely to prevent instability and potential injury.
- Ensure all connections are secure before use.

Package Contents

Before beginning assembly, verify that all components listed below are present in your package:

- Headboard
- LED Bed Frame components
- LED light bar
- Remote control for LED lights
- Wood Slats
- Installation Manual
- All necessary tools and parts (included in one box)

Note: Bedding and mattress are not included.

Setup and Assembly

The DICTAC Queen LED Bed Frame is designed for easy assembly. Follow these steps carefully:

1. Unpack all components and lay them out. Refer to the included installation manual to identify each part.
2. Assemble the main frame structure according to the numerical order provided in the manual. Ensure all connections are tight and secure.
3. Install the wooden slats. The durable wood slat system allows air circulation and supports your mattress without a box spring. Anti-slip foam padded tape is integrated to prevent squeaking and sliding.
4. Attach the adjustable metal support legs, ensuring they provide extra stability.
5. Install the RGB LED light bars along the three sides of the mattress foundation as indicated in the manual.

For visual guidance, please refer to the assembly video below or the detailed diagrams in your printed manual.

Operating Instructions (LED Lights)

Your DICTAC LED Bed Frame features smart RGB light bars for customizable ambiance. The lights can be controlled via a phone application or the included remote control.

- **Power On/Off:** Use the designated button on the remote or within the app to turn the LED lights on or off.
- **Color Selection:** Choose from over 60,000 colors using the phone app or select preset colors with the remote control.
- **Brightness Adjustment:** Adjust the light intensity to your preference.
- **Mode Selection:** Explore various lighting modes, including dynamic effects.
- **Music Sync Mode:** Activate this mode for the lights to change color and flash rhythmically with music, creating an immersive experience.
- **Timing Function:** Set schedules for the lights to turn on or off automatically.

Maintenance

Proper care will extend the life and appearance of your bed frame:

- **Cleaning:** Wipe the faux PU leather surfaces with a damp cloth for general cleaning. For deeper cleaning, use a dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Slats:** Periodically check the wooden slats for any signs of wear or damage. Ensure they remain properly seated to maintain mattress support.
- **LED Lights:** If the LED light strip requires cleaning, gently wipe it with a dry, soft cloth. Do not use liquids directly on the light strip.

Troubleshooting

If you encounter any issues with your DICTAC Queen LED Bed Frame, refer to the following common solutions:

- **LED Lights Not Working:**
  - Check if the power adapter is securely plugged into both the wall outlet and the LED light strip.
  - Ensure the remote control has working batteries and is pointed directly at the receiver.
  - If using the phone app, verify Bluetooth connection and app functionality.
  - Inspect the LED strip for any visible damage or disconnections.
- **Bed Frame Squeaking:**
  - Tighten all bolts and screws on the frame.
  - Ensure wooden slats are correctly positioned and the anti-slip tape is intact.
- **Instability:**
  - Verify that all support legs are properly installed and adjusted to the correct height.
  - Confirm all frame connections are tightened.

If these steps do not resolve the issue, please contact customer support.

Specifications

Feature	Detail
Brand	DICTAC
Model Number	Three-sided LED Lights
