Closer Pets CP416

Closer Pets C200 Automatic Pet Feeder Instruction Manual

Model: CP416

Product Overview

The Closer Pets C200 Automatic Pet Feeder is designed to provide scheduled meals for cats and small dogs. It features two independently programmable compartments, allowing for up to two meals within a 48-hour period. The feeder includes stainless steel bowl inserts and a reusable ice pack to keep wet food fresh.

Image: Top-down view of the Closer Pets C200 Automatic Pet Feeder. One compartment is open and filled with dry kibble, while the other is closed, showing the timer dial.

Setup

1. **Unboxing:** Carefully remove all components from the packaging. Ensure you have the feeder base, two stainless steel bowls, and the reusable ice pack.

Image: Front view of the feeder, showing its compact design.

2. **Battery Installation:** Locate the battery compartment on the underside of the feeder. Insert 1x AA battery (not included), ensuring correct polarity.
3. **Ice Pack Placement:** For wet food, place the reusable ice pack in the freezer for at least 6 hours. Once frozen, lift the plastic food trays from the feeder base and place the frozen ice pack into the designated compartment beneath the trays.

4. **Bowl Insertion:** Place the stainless steel bowls into the plastic food trays. Ensure they are seated correctly.

Image: A pair of shiny stainless steel bowls, designed to fit into the feeder's compartments.

Operating Instructions

1. **Filling the Bowls:** Fill each stainless steel bowl with the desired amount of dry kibble or wet food. Each compartment can hold up to 0.88 lbs (400g) of food.

Image: The feeder with both compartments open, one containing dry kibble and the other wet food, demonstrating its versatility.

2. **Setting the Timer:** Each compartment has an independent timer dial. Rotate the dial clockwise to set the desired opening time, up to 48 hours in advance. The numbers on the dial represent hours. For example, setting it to '8' means the lid will open in 8 hours.

Image: A detailed view of one of the timer dials, showing the hour markings from 0 to 48.

3. **Lid Operation:** The lids are designed to open automatically at the set time. When the timer reaches '0', the lid will pop open, providing access to the food.

Image: An overhead shot of the feeder with both lids fully open, revealing the empty food compartments.

4. **Linked Lid Option:** For feeding two pets simultaneously, the feeder offers a linked lid option. This allows both compartments to open at the same time.

Maintenance

- **Cleaning the Bowls:** The stainless steel bowls are dishwasher safe for easy cleaning.
- **Cleaning the Feeder Base:** The plastic food trays and the main feeder unit should be hand washed with warm, soapy water. Do not submerge the main unit in water, as it contains electronic components. Wipe clean with a damp cloth.
- **Ice Pack Care:** After use, wash the ice pack with warm, soapy water and dry thoroughly before refreezing.

Troubleshooting

Problem	Possible Cause	Solution
Lid does not open at scheduled time.	Low or dead battery. Timer not set correctly. Obstruction.	Replace the AA battery. Ensure the timer dial is correctly aligned. Check for any food or debris blocking the lid mechanism.
Food is not staying fresh.	Ice pack not frozen or not used.	Ensure the ice pack is fully frozen before placing it in the feeder. For optimal freshness, use the ice pack with wet food.
Feeder is unstable.	Uneven surface.	Place the feeder on a flat, stable surface.

Specifications

- **Model Name:** CP416417
- **Item Model Number:** CP416
- **Brand:** Closer Pets
- **Dimensions (LxWxH):** 10.04 x 8.27 x 2.95 inches
- **Item Weight:** 14 ounces (397 Grams)
- **Material:** Stainless Steel (bowls), Plastic (feeder body)
- **Color:** White
- **Capacity:** Up to 0.88 lb (400g) per compartment
- **Power Source:** 1x AA Battery (not included)
- **Special Features:** Timer-controlled, Dual compartments, Ice pack compatible, Dishwasher safe bowls
