Axiom Armor B096WGY6R2

Axiom Armor Liquid Screen Protector User Manual

Model: B096WGY6R2

1. PRODUCT OVERVIEW

The Axiom Armor Liquid Screen Protector is an advanced, invisible, wipe-on solution designed to provide enhanced protection for the screens of various electronic devices. This innovative liquid glass formula bonds directly to your device's screen, offering improved resistance against scratches, moisture, and impacts. It is a universal solution, compatible with smartphones, tablets, smartwatches, camera lenses, and other devices with glass screens.

2. KEY FEATURES

- **Invisible Protection:** Once applied, the protector is completely transparent, maintaining the original clarity and appearance of

your screen.

- **Enhanced Durability:** Bonds to the glass surface to increase its resistance to scratches and minor impacts.
- **Universal Compatibility:** Suitable for a wide range of devices including smartphones, tablets, smartwatches, and camera lenses.
- **Smooth Touch Experience:** Maintains the original smooth feel of the glass, allowing for precise touch and stylus interaction.
- **Fingerprint and Facial Recognition Compatible:** Does not interfere with in-screen fingerprint readers or facial recognition systems.
- **Water Repellent:** Provides a degree of water repellency to the screen surface.
- **Bubble-Free Application:** Eliminates the common issue of air bubbles found with traditional film screen protectors.

3. INSTALLATION INSTRUCTIONS (SETUP)

Follow these steps carefully for optimal application and protection. Ensure your device is powered off and disconnected from any

chargers before beginning.

1. Step 1: Clean the Device Screen.

Thoroughly clean the screen of your device using the included cleaning kit. Use the wet wipe first to remove all dirt, dust, and oils, then dry it completely with the microfiber cloth. Ensure the screen is spotless and lint-free. Any residue will be sealed under the protector.

2. Step 2: Apply Axiom Armor Liquid Glass.

Open the Axiom Armor liquid glass vial. Apply a few drops of the liquid directly onto the screen surface. Using the microfiber cloth, gently and evenly spread the liquid across the entire screen, ensuring full coverage. Use circular motions to work the liquid into the glass.

3. Step 3: Allow It to Dry.

After applying, allow the liquid to dry completely. This typically takes 10-15 minutes. During this time, avoid touching the screen or exposing it to dust. The liquid will bond with the glass during this curing process.

4. Step 4: Buff & Shine.

Once dry, use a clean, dry part of the microfiber cloth to gently buff the screen. This will remove any streaks or excess residue and bring out the screen's natural shine. Your device screen is now protected.

4. USAGE AND COMPATIBILITY (OPERATING)

The Axiom Armor Liquid Screen Protector is designed for seamless integration with your device's normal operation.

- **Normal Device Use:** After the application and drying process, you can use your device as usual. The protector does not alter screen clarity or touch sensitivity.
- **Stylus Compatibility:** The smooth surface of the liquid glass allows for unimpeded use of styluses, providing a natural writing and drawing experience.
- **Device Compatibility:** This product is universally compatible with any device featuring a glass screen, including but not limited to:
 - Smartphones (e.g., iPhone, Samsung Galaxy, Google Pixel)
 - Tablets (e.g., iPad, Samsung Galaxy Tab)
 - Smartwatches (e.g., Apple Watch, Fitbit)
 - Digital Cameras and Camera Lenses

- Handheld Gaming Devices
- E-readers

The image shows a person's hand holding a smartphone. The screen displays a character with a white mask featuring two 'X' eyes and a smile. A stylus is touching the screen. To the left of the hand are two silver, cylindrical bottles of Oxiom Armor Liquid Screen Protector. The bottles have the brand name 'oxiom armor' printed vertically in red. The background is a blurred indoor setting with a white cup visible on a table.

SMOOTH FEEL
The secret is our unique Liquid Screen Protector, an advanced formula that feels as smooth as actual glass and even lets you use a stylus to control your device

5. CARE AND MAINTENANCE

The Axiom Armor Liquid Screen Protector requires minimal maintenance to ensure its longevity and effectiveness.

- **Regular Cleaning:** Clean your device screen as you normally would, using a soft, lint-free cloth. The liquid protector does not require special cleaning agents.
- **Avoid Abrasive Materials:** While the protector enhances scratch resistance, avoid using abrasive materials or harsh chemicals on the screen, as these can still cause damage.
- **Reapplication:** The protection typically lasts for an extended period. Reapply if you notice a significant decrease in scratch resistance or if the screen feels less smooth over time.

6. TROUBLESHOOTING

This section addresses common questions and limitations regarding the Axiom Armor Liquid Screen Protector.

- **Does not repair existing damage:** This product is a preventative measure. It will *not* repair cracked screens or fix existing scratches or damage. For best results, apply to a new or undamaged screen.
- **Milky appearance after application:** If the screen appears milky or hazy after application, it may indicate that the liquid was not spread evenly or that too much was applied. Ensure thorough buffing with the microfiber cloth. If the issue persists, re-clean the screen and reapply following instructions carefully.
- **Reduced effectiveness:** If you feel the protection has diminished, ensure the screen is clean. Reapplication may be necessary after extended periods of use or if the device has been subjected to harsh conditions.
- **Bubbles:** This product is designed to be 100% bubble-free. If you observe bubbles, it is likely dust or lint trapped under the liquid. Ensure the screen is meticulously clean before application.

7. PRODUCT SPECIFICATIONS

Product Name	Axiom Armor Liquid Screen Protector
Model Number	B096WGY6R2
Manufacturer	Axiom Armor
Material	Liquid Glass (Nano Technology)
Item Hardness	9H (after curing)
Coverage	Covers up to 4 devices (depending on size)
Product Dimensions	5 x 3 x 0.5 inches (packaging)
Item Weight	0.458 ounces
Special Features	Scratch Resistant, Water Repellent, Bubble-Free, Universal Fit

8. WARRANTY AND SUPPORT

Information regarding specific warranty terms for the Axiom Armor Liquid Screen Protector is not provided in this manual. For warranty claims, product support, or further inquiries, please contact Axiom Armor directly through their official website or customer service channels.
