USAGE INSTRUCTIONS

Place the scratching post in an area where your cat frequently scratches or rests. Encourage your cat to

use the post by gently placing them near it, or by dangling the attached toys. The carpeted surface provides an ideal texture for scratching, helping to keep claws healthy and strong. The tall design allows cats to fully stretch their bodies while scratching, which is a natural and beneficial behavior.

MAINTENANCE

- **Cleaning:** Periodically vacuum the carpeted surfaces to remove loose fur and debris. Spot clean any soiled areas with a mild pet-safe cleaner and a damp cloth. Avoid harsh chemicals.
- **Toy Replacement:** The spring and hanging toys are replaceable. Inspect them regularly for wear and tear and replace as needed to maintain your cat's interest and safety.
- **Stability Check:** Regularly check all screws and connections to ensure the post remains stable. Tighten any loose fasteners to prevent wobbling or tipping.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cat not using the post.	Incorrect placement; lack of attraction; preference for other surfaces.	Move the post to a prominent area. Use catnip spray or sprinkle catnip on the post. Gently guide your cat's paws to the post.
Post is wobbly.	Loose connections or screws.	Tighten all assembly screws using the provided Allen wrench. Ensure the base is on a flat surface.
Toys are damaged or missing.	Normal wear and tear; aggressive play.	Replace damaged or missing toys with new ones. Contact customer support for replacement parts.
