Aigostar A60 E27

Aigostar LED A60 E27 Light Bulb User Manual

Model: A60 E27

Introduction

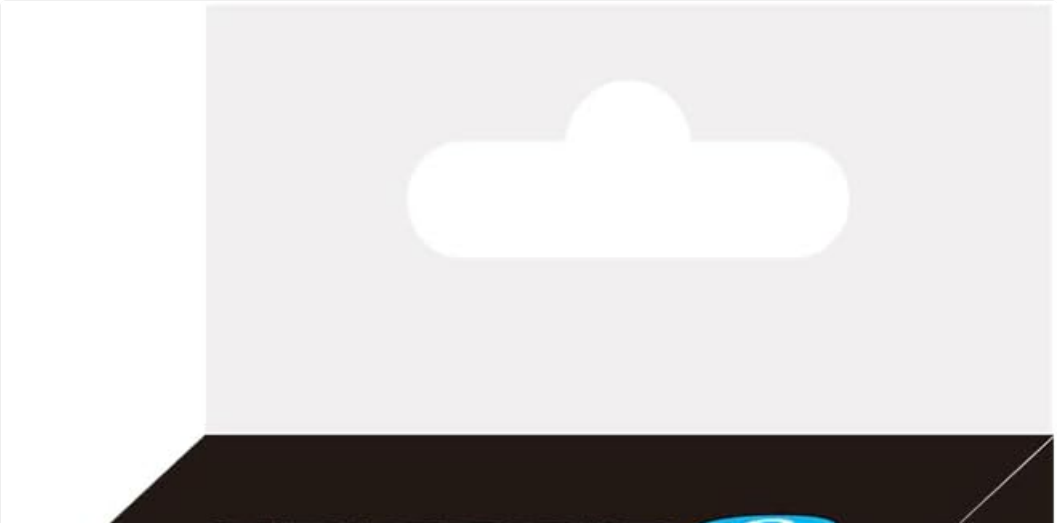

Welcome to the Aigostar LED A60 E27 Light Bulb user manual. This document provides important instructions for the safe installation, operation, and maintenance of your new LED light bulb. Please read this manual thoroughly before use and retain it for future reference.

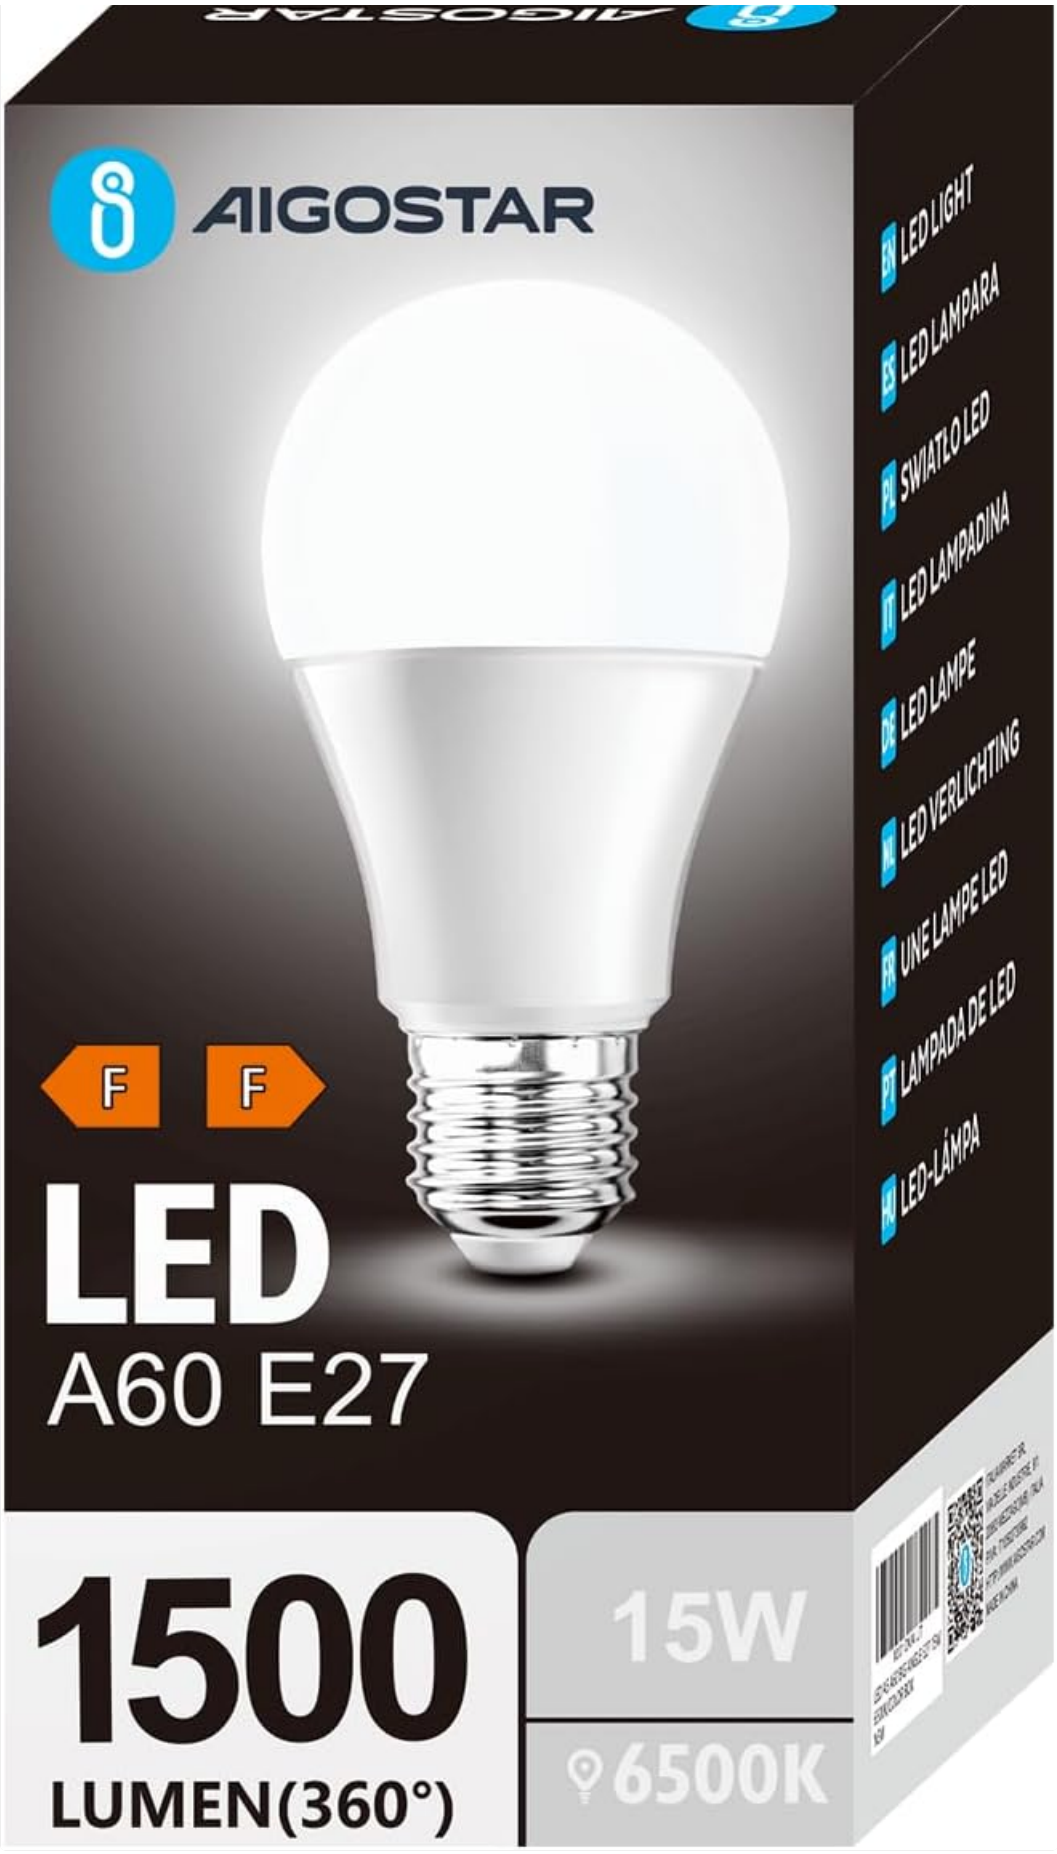

Important Safety Instructions

- Ensure power is OFF before installation or removal.
- Do not use with dimmers unless explicitly stated as dimmable. This bulb is generally not dimmable.
- Not suitable for totally enclosed luminaires as this may shorten bulb lifespan.
- Do not disassemble the bulb; there are no user-serviceable parts inside.
- Avoid direct eye exposure to the light source when illuminated.
- Keep out of reach of children.
- Dispose of according to local regulations for electronic waste.

Package Contents

- 1 x Aigostar LED A60 E27 Light Bulb

The product packaging displays the Aigostar brand logo, 'LED A60 E27', '1500 Lumen (360°)', '15W', and '6500K' specifications, along with energy efficiency ratings.

Setup and Installation

Step 1: Power Off

Before replacing any light bulb, ensure the power supply to the fixture is completely turned off at the wall switch or circuit breaker to prevent electrical shock.

Step 2: Remove Old Bulb

Carefully unscrew the old light bulb from the socket in a counter-clockwise direction. Allow it to cool completely if it was recently in use.

Step 3: Install New Bulb

Gently screw the Aigostar LED A60 E27 light bulb into the E27 socket in a clockwise direction until it is snug. Do not overtighten, as this can damage the bulb or the fixture.

A detailed view of the Aigostar LED A60 E27 light bulb, showing its standard A60 shape and E27 screw base, ready for installation.

Step 4: Power On

Restore power to the fixture by turning on the wall switch or circuit breaker. The light bulb should illuminate immediately.

Operation

The Aigostar LED A60 E27 light bulb operates like a standard light bulb. Simply turn the wall switch connected to the fixture ON or OFF to control the light. This bulb provides instant full brightness without any warm-up time.

Maintenance

Cleaning

Ensure the power is off and the bulb is cool before cleaning. Wipe the bulb with a soft, dry, lint-free cloth. Do not use liquid cleaners, abrasive materials, or chemical solvents, as these can damage the bulb's surface or internal components.

Storage

If storing the bulb, keep it in its original packaging in a cool, dry place away from direct sunlight and extreme temperatures.

Troubleshooting

Light Does Not Turn On

- Check if the power switch is in the ON position.
- Ensure the bulb is screwed in securely into the socket.
- Verify that the fixture is receiving power by checking the circuit breaker or testing with another known working bulb.
- Test the bulb in another working fixture to rule out a faulty bulb.

Light Flickers

- Ensure the bulb is screwed in tightly. A loose connection can cause flickering.
- Check if the fixture is compatible with LED bulbs. Some older fixtures or wiring may cause issues.
- If used with a dimmer, ensure the bulb is explicitly rated as dimmable. This model is generally not dimmable. Using a non-dimmable bulb with a dimmer will cause flickering and can damage the bulb.

Specifications

Brand	Aigostar
Model	LED A60 E27
Base Type	E27 (Standard Screw Base)
Wattage	15W
Lumen Output	1500 lm
Color Temperature	6500K (Cool White)
Beam Angle	360°
Voltage	Standard household voltage (e.g., 220-240V, check local standards)
Energy Efficiency Class	F
Dimmable	No

Warranty and Support

For warranty information and customer support, please refer to the documentation provided with your purchase or visit the official Aigostar website. Keep your proof of purchase for any warranty claims. Do not attempt to repair the product yourself, as this will void the warranty.

Ask a question about this manual

Ask about setup, troubleshooting, compatibility, parts, safety, or missing instructions. Manuals+ will review the question and use this page's manual context to help answer it.
