Elgato 10GBA9901

Elgato Stream Deck MK.2 User Manual

Model: 10GBA9901 | Brand: Elgato

INTRODUCTION

The Elgato Stream Deck MK.2 is a studio controller designed to give you instant control over your applications and tools. Featuring 15 fully customizable LCD keys, it allows you to trigger actions, launch social posts, adjust audio, play sound effects, activate lights, and much more. This manual provides essential information for setting up, operating, and maintaining your Stream Deck MK.2.

SETUP

Follow these steps to set up your Elgato Stream Deck MK.2:

1. **Connect the Device:** Place the Stream Deck MK.2 on its desktop stand. Connect the provided USB-C cable from the Stream Deck to an available USB port on your computer (Mac or PC).
2. **Download Software:** Visit the official Elgato website (elgato.com/s/downloads) to download and install the Stream Deck software. This software is essential for configuring your device.
3. **Install Software:** Run the downloaded installer and follow the on-screen prompts to complete the software installation.
4. **Launch Software:** Once installed, launch the Elgato Stream Deck application. The software will automatically detect your connected Stream Deck MK.2.
5. **Explore Marketplace:** Within the software, you can explore the Stream Deck Marketplace to find and download plugins, icon packs, and pre-made profiles tailored to your needs.
6. **Customize Keys:** Use the drag-and-drop interface in the Stream Deck software to assign actions, shortcuts, and macros to each of the 15 LCD keys. You can create folders for more actions and switch between profiles.

ELGATO MARKETPLACE

Download hundreds of plugins to control your favorite apps or devices at a glance

Download pre-made profiles to save time and access everything you need instantly.

Customize your Stream Deck with original icons and make it uniquely yours—no limits, just creativity!

OPERATING THE STREAM DECK MK.2

The Stream Deck MK.2 is designed for intuitive control of your digital environment. Its 15 customizable LCD keys provide visual feedback and allow for a wide range of operations.

Key Features and Functions:

- **Customizable LCD Keys:** Each of the 15 keys is an LCD screen that can display custom icons, allowing for clear identification of assigned actions.
- **One-Touch Operation:** Execute single or multiple actions with a single press. This includes launching applications, posting to social media, adjusting audio levels, muting microphones, and controlling smart home devices like lights.
- **Visual Feedback:** The LCD keys provide immediate visual confirmation that your command has been executed, enhancing workflow efficiency.
- **Powerful Plugins:** Integrate directly with popular applications and services such as Elgato 4KCU, OBS, Twitch, YouTube, Twitter, Discord, Spotify, and Philips Hue.

- **Hotkey Actions:** Streamline complex workflows in creative software for film editing, music production, and photography by assigning multi-step hotkey sequences to a single button.
- **Multi Actions:** Create sequences of actions that trigger simultaneously or one after another. For example, a single button press can start your stream, post a "live" notification, launch specific applications, and adjust lighting.

BUILT FOR CREATORS. DESIGNED FOR CONTROL.

For streamers, podcasters, gamers, and producers —
Stream Deck gives you instant control over the apps and
tools you need to create with ease.

LEVEL UP YOUR PRODUCTION

One tap to switch scenes, control lights, change cameras, and more

Trigger sounds, launch apps, mute your mic — all in one custom action

Centralize control of streaming apps and devices, no mouse needed

Toggle your camera anytime with a dedicated key

Adjust system volume or route audio — always see your mic status at a glance

15 customizable LCD keys

Figure 5: Level up your production with centralized control of streaming apps and devices.

NO ALT-TABBING OR JUGGLING WINDOWS

Control OBS, Discord, Twitch, Wave Link, Studio Lights, cameras – everything you need.

Figure 6: Stream Deck simplifies workflow by eliminating the need to switch between applications.

AUTOMATE REPETITIVE TASKS

Setup a Multi Action! Start your stream, post you're live, launch apps, adjust lighting, and more, all in your perfect sequence, instantly or step by step.

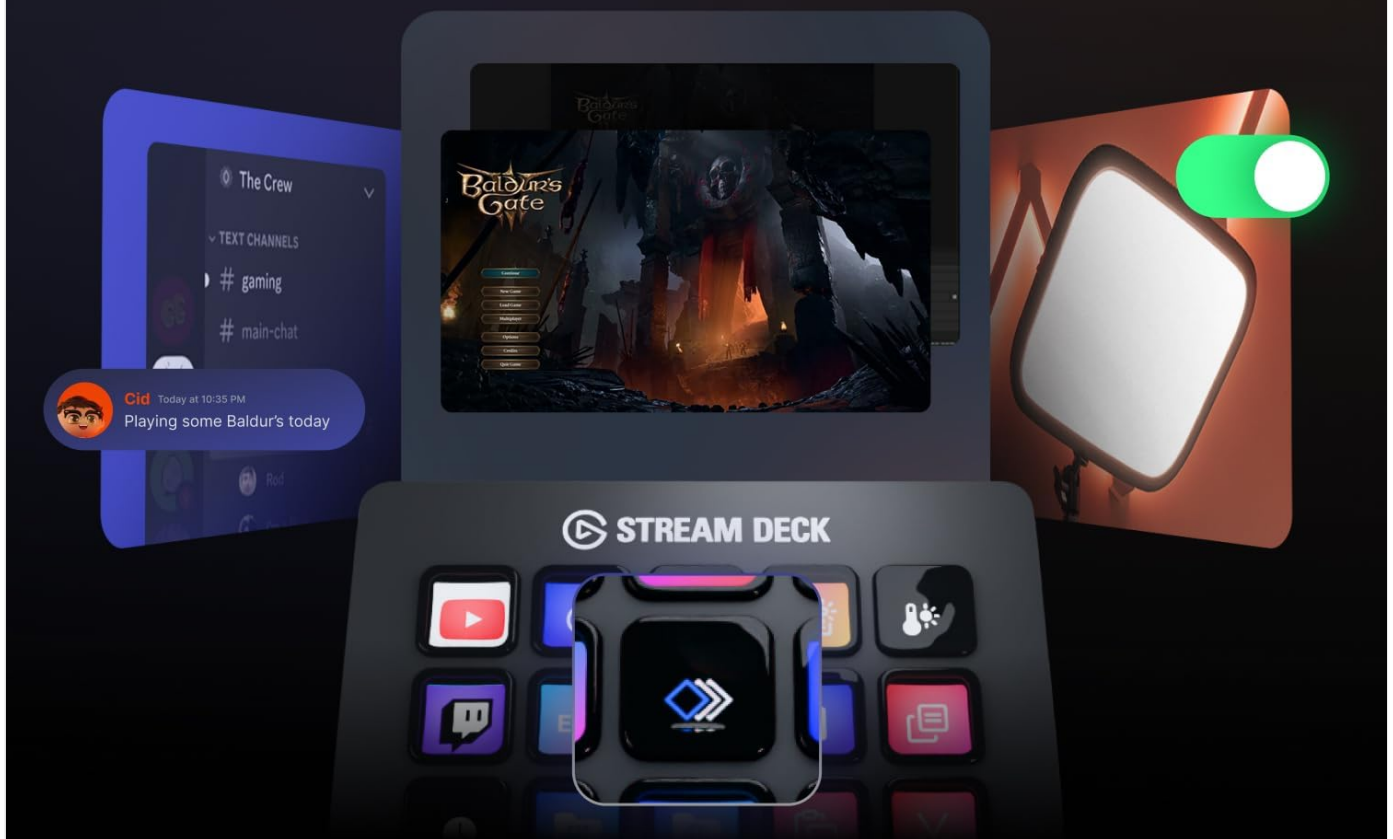

Figure 7: Automate complex sequences with Multi Actions for efficient task management.

FOCUS ON CONTENT, NOT BUTTONS

Keep engagement tools at your fingertips (chat messages, soundbites, memes, and much more) to boost audience interaction effortlessly.

MAINTENANCE

The Elgato Stream Deck MK.2 requires minimal maintenance to ensure its longevity and optimal performance.

- **Cleaning:** Use a soft, dry, lint-free cloth to gently wipe the surface of the Stream Deck and its keys. Avoid using abrasive cleaners, solvents, or aerosol sprays, as these can damage the device.
- **Storage:** When not in use for extended periods, store the Stream Deck in a cool, dry place away from direct sunlight and extreme temperatures.
- **Cable Care:** Handle the USB-C cable with care. Avoid sharp bends or excessive pulling, which can damage the cable or the port.

TROUBLESHOOTING

If you encounter issues with your Elgato Stream Deck MK.2, consider the following troubleshooting steps:

- **Device Not Detected:**

- Ensure the USB-C cable is securely connected to both the Stream Deck and your computer.
- Try connecting the Stream Deck to a different USB port on your computer.
- Restart the Elgato Stream Deck software.
- Restart your computer.

- **Keys Not Responding:**

- Verify that the Stream Deck software is running and that the correct profile is active.
- Check if the assigned action for the key is still valid (e.g., if an application path has changed).
- Update the Stream Deck software to the latest version.

- **Software Crashes/Freezes:**

- Ensure your operating system meets the minimum requirements (macOS 10.15 or newer / Windows 10 (64-bit)).
- Close other demanding applications that might be consuming system resources.
- Reinstall the Stream Deck software if the issue persists.

For more detailed troubleshooting or persistent issues, refer to the official Elgato support resources or contact their customer service.
