

i-aplus LED Night Stand

i-aplus LED Nightstand User Manual

Model: LED Night Stand

INTRODUCTION

Thank you for choosing the i-aplus LED Nightstand. This modern nightstand set, featuring two drawers and integrated RGB LED lighting, is designed to enhance your bedroom environment with both functionality and aesthetic appeal. This manual provides detailed instructions for assembly, operation, and maintenance to ensure optimal use and longevity of your product.

SAFETY INFORMATION

- Avoid exposing the nightstand to excessive moisture.
- Exercise caution during assembly to prevent injury.
- Do not overload the nightstand; the maximum recommended weight is 38 pounds.
- Ensure all electrical connections for the LED lights are secure and properly installed.

PACKAGE CONTENTS

Before beginning assembly, please verify that all parts and accessories are present. Refer to the assembly guide included in your package for a complete list of numbered parts and hardware.

- Nightstand components (particle board panels)
- Hardware (screws, bolts, cam locks, drawer slides)
- RGB LED strip light system
- Remote control for LED lights
- Assembly Guide

- Installation Tool

SETUP AND ASSEMBLY

The i-plus LED Nightstand is designed for easy assembly. All parts are labeled with figures and letters, and a step-by-step assembly guide is provided. For visual assistance, please refer to the official assembly video below.

Video 1: i-plus Night Stand Assembly Guide. This video provides a comprehensive visual walkthrough of the assembly process, from unboxing to final setup.

Assembly Steps Overview:

1. **Unpack and Identify Parts:** Lay out all components and hardware. Match them with the figures and letters in the included assembly guide.
2. **Assemble Frame:** Connect the main panels using the provided screws and cam locks. Ensure all connections are secure.
3. **Install Drawer Slides:** Attach the drawer slides to the inner sides of the nightstand frame. Pay attention to the direction of the tracks.
4. **Assemble Drawers:** Construct the two drawers, ensuring the bottom panel slides into the designated groove. Attach the remaining drawer slide components to the drawers.
5. **Integrate LED Lighting:** Carefully place the LED strip light system in the designated area. Connect the power cord to the LED strip, aligning the arrows on the connectors.
6. **Final Assembly:** Insert the assembled drawers into the nightstand frame.

OPERATING INSTRUCTIONS (LED LIGHTS)

The integrated RGB LED strip light system offers multiple customization options via both a remote control and a mobile application.

Using the Remote Control:

- Ensure the remote control's transparent film is removed before first use.
- Point the remote directly at the LED sensor (usually a small black receiver connected to the LED strip).
- Press the "ON" button to activate the lights.
- Select from 16 multi-color lights or choose from 29 dynamic light modes (static, flashing, jump, fade).
- Adjust brightness using the dedicated brightness control buttons.

Using the Mobile Application:

- Scan the QR code provided in the light strip manual to download the official mobile application.
- Connect your device to the nightstand's LED system via Bluetooth.
- The app allows for comprehensive control over colors, dynamic modes, brightness, and even a music sync mode.

- Set a timer for automatic light shut-off.

MAINTENANCE

To maintain the appearance and longevity of your nightstand:

- Wipe surfaces with a dry cloth for regular dusting.
- For deeper cleaning, wipe with a damp cloth, then immediately dry with a clean, soft cloth.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish.

TROUBLESHOOTING

If you encounter any issues with your i-plus LED Nightstand, please refer to the following common solutions:

- **LED Lights Not Working:**

- Check if the power cord is securely plugged into both the nightstand and the wall outlet.
- Ensure the LED strip connector is properly aligned and fully inserted.
- Verify the remote control's battery is functional and the transparent film is removed.
- Ensure the remote is pointed directly at the LED sensor.

- **Drawers Not Sliding Smoothly:**

- Check that the drawer slides are installed correctly and are not obstructed.
- Ensure all screws on the drawer slides are tightened.

- **Stability Issues:**

- Confirm all cam locks and screws used in the frame assembly are fully tightened.
- Ensure the nightstand is placed on a flat, level surface.
