OCOOPA ZLS-118S

OCOOPA HotPal Rechargeable Hand Warmer User Manual

Model: ZLS-118S

Brand: OCOOPA

INTRODUCTION

The OCOOPA HotPal Rechargeable Hand Warmer is a portable and versatile device designed to provide warmth and serve as a power bank for your electronic devices. Constructed from durable aircraft-grade aluminum and ABS material, it features double-sided fast heating with three adjustable temperature levels, making it suitable for various outdoor activities and cold conditions. This manual provides essential information for the safe and effective use of your HotPal hand warmer.

PRODUCT FEATURES

- **Double-sided Fast Heating:** Provides rapid warmth on both sides of the device.
- **Three Temperature Levels:** Adjustable heat settings ranging from 95°F to 131°F (35°C to 55°C) to suit individual preferences.
- **5200mAh Rechargeable Battery:** Offers extended operating time and doubles as a portable power bank.
- **USB-C Charging Port:** Convenient and fast charging for the hand warmer and external devices.
- **Durable Construction:** Made from aircraft-grade aluminum and ABS material for durability and a comfortable, anti-skid grip.
- **Portable Design:** Compact and lightweight, designed to fit comfortably in your pocket or hand.

SETUP

Unboxing and Initial Charge

Upon receiving your OCOOPA HotPal hand warmer, carefully unbox all components. The package typically includes two HotPal rechargeable hand warmers, a carrying pouch, charging cables, and a USB converter. It is recommended to fully charge the device before its first use.

Figure 4: Package Contents

1. Connect the provided USB-C charging cable to the hand warmer's charging port.
2. Connect the other end of the cable to a USB power adapter (not included) or a computer's USB port.
3. The indicator lights will illuminate to show the charging status. A full charge typically takes approximately 3 hours.

OPERATING INSTRUCTIONS

Power On/Off and Heat Adjustment

The OCOOPA HotPal features a single button for easy operation.

1 Button Easy Use

Press and Hold
5s to Turn on/ off

Short Press to
Switch Heat Levels

Double-press to Show
Remaining Battery

Indicator light

- Heat Level
- Input / output / Battery level

Figure 5: One Button Easy Use

- **To Turn On/Off:** Press and hold the power button for approximately 5 seconds. The indicator lights will show the current heat level or turn off.
- **To Adjust Heat Levels:** Once powered on, short press the power button to cycle through the three heat settings:
 - 1 Red Light: Low (95-107.6°F / 35-42°C)
 - 2 Red Lights: Medium (104-118.4°F / 40-48°C)
 - 3 Red Lights: High (118.4-131°F / 48-55°C)
- **To Check Remaining Battery:** Double-press the power button. The indicator lights will briefly show the battery level.

Using as a Power Bank

The OCOOPA HotPal can also charge your mobile devices.

5200mAh Battery Backup

USB-C to
USB A Convertor

5200mAh
Power Bank

Android phones and
iPhones Compatible

Figure 6: Power Bank Functionality

1. Connect your device's charging cable to the USB-C port on the hand warmer.
2. The hand warmer will automatically begin charging your device.
3. Note that using the hand warming function simultaneously with the power bank function may reduce the overall battery life.

MAINTENANCE

Cleaning and Storage

- Ensure the device is turned off and cool before cleaning.

- Wipe the surface with a soft, dry cloth. Do not use abrasive cleaners or immerse the device in water.
- Store the hand warmer in a cool, dry place away from direct sunlight and extreme temperatures.
- For long-term storage, charge the device to approximately 50% every three months to maintain battery health.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Device not turning on.	Low battery or incorrect power-on procedure.	Charge the device fully. Ensure you press and hold the power button for 5 seconds.
Device not heating.	Not in heating mode or low battery.	Short press the power button to select a heat level. Charge the device if battery is low.
Device not charging external device.	Cable issue, external device issue, or low hand warmer battery.	Ensure the cable is securely connected. Try a different cable or external device. Charge the hand warmer.
Short battery life.	High heat setting usage, frequent power bank use, or aging battery.	Use lower heat settings when possible. Avoid simultaneous heating and charging. Battery capacity naturally decreases over time.

SPECIFICATIONS

Specification	Detail
Brand	OCOOPA
Model Number	ZLS-118S
Color	Blue Two-Pack
Material	Aircraft-grade Aluminum, ABS
Battery Capacity	5200mAh Lithium-Ion
Charging Time	Approximately 3 Hours
Lower Temperature Rating	95 Degrees Fahrenheit (35°C)
Upper Temperature Rating	131 Degrees Fahrenheit (55°C)
Item Weight	250 Grams
Item Dimensions (LxWxH)	2.09 x 1.07 x 4.23 inches
Included Components	2*Hotpal rechargeable hand warmer, carrying pouch, charging cables, USB convertor

SAFETY INFORMATION

Please read and follow these safety guidelines to prevent injury or damage to the device:

- Do not expose the device to extreme temperatures (above 140°F/60°C or below 0°F/-18°C) or direct sunlight for prolonged periods.
- Do not puncture, disassemble, or modify the device.
- Keep away from water and other liquids. Do not operate with wet hands.
- Do not use if the device appears damaged or swollen.
- Keep out of reach of children and pets.
- Use only the provided or certified charging cables.
- If the device becomes excessively hot, discontinue use immediately.
- Dispose of the device responsibly according to local regulations for electronic waste.
