Costzon 2-Seater 12V Electric Ride-on Truck User Manual

Model: 2-Seater Ride on Truck

INTRODUCTION

This manual provides essential information for the safe operation, assembly, and maintenance of your Costzon 2-Seater 12V Electric Ride-on Truck. Please read all instructions carefully before use to ensure a safe and enjoyable experience for your child.

SAFETY INFORMATION

- Always supervise children when operating the ride-on truck.
- Ensure the child is securely fastened with the seatbelt before operation.
- Do not operate the vehicle near stairs, steep inclines, public roads, or swimming pools.
- The maximum weight capacity for this vehicle is 110 lbs (approximately 50 kg).
- Recommended age for use is 3 to 8 years.
- Only use the provided charger and battery. Do not modify the electrical system.
- Regularly inspect the vehicle for damage, loose parts, or worn components.

PRODUCT FEATURES

Dual Control Modes

The ride-on truck offers two methods of control: manual operation by the child using the steering wheel and foot pedal, or parental control via the included 2.4G remote. The parental remote control always overrides manual operation for enhanced safety.

Mode NO.1

Remote Control

Parental control always overrides self-driving.

Mode NO.2

Self-Driving for Kids

SETUP AND ASSEMBLY

The Costzon 2-Seater Ride-on Truck requires assembly. Please follow the detailed instructions provided in the separate assembly guide included with your product. Typically, assembly takes approximately 30 minutes to 2 hours, depending on familiarity with similar products.

- Unpack all components and verify against the parts list.
- Assemble the wheels, steering column, and seats as per the guide.
- Connect the battery terminals.
- Perform an initial charge of 8-12 hours before the first use.

OPERATING INSTRUCTIONS

1. Powering On/Off

- Press and hold the power button on the dashboard to turn the vehicle on or off.

2. Driving Modes

- **Manual Driving:** The child can operate the vehicle using the steering wheel and the foot pedal. The gear selector (D/R) allows for forward and reverse motion.
- **Parental Remote Control:** Use the 2.4G remote control to steer, accelerate, brake, and change speeds. The remote control takes precedence over manual controls.

3. Speed Control

- The vehicle has multiple speed settings (1.24-3.73 MPH). Adjust speed using the controls on the dashboard or the parental remote.

4. Lights and Sounds

- Press the horn button on the steering wheel for sound.
- Activate LED headlights and taillights using the dedicated button on the dashboard.
- Use the music controls for pre-loaded songs, FM radio, or connect external devices via MP3/USB/Wireless Connection.

5. Rocking Mode

- Engage the rocking mode via the dashboard button for stationary entertainment.
