2. SETUP AND FIRST USE

Upon receiving your Corelle Everyday Expressions salad plates, it is recommended to wash them thoroughly before first use. These plates are designed for convenience and durability, making them suitable for immediate integration into your kitchen routine.

2.1 Unpacking

Carefully remove the plates from their packaging. Inspect each plate for any signs of damage during transit. The set includes four 7-1/2-inch salad/lunch plates.

2.2 Initial Cleaning

Wash the plates using warm water and a mild dish soap, or place them in a dishwasher. Ensure all packaging residues are removed before serving food.

3. OPERATING INSTRUCTIONS

Corelle Everyday Expressions plates are designed for versatile use in your kitchen.

3.1 Microwave Use

These plates are microwave safe. They can be used to reheat food without becoming excessively hot themselves, ensuring safe handling.

3.2 Dishwasher Use

The plates are dishwasher safe for easy and convenient cleaning. Place them securely in the dishwasher racks to prevent

movement during the wash cycle.

4. MAINTENANCE AND CARE

To ensure the longevity and appearance of your Corelle plates, follow these care guidelines:

- **Cleaning:** Wash promptly after use to prevent food from drying on the surface. For stubborn food residues, soak the plates in warm, soapy water before washing.
- **Stain Resistance:** The non-porous surface is ultra-hygienic and easy to clean, resisting stains and odors.
- **Storage:** These plates are designed with higher rims that allow them to stack neatly, optimizing storage space in your cabinets.

5. TROUBLESHOOTING

Corelle plates are known for their durability. While highly resilient, extreme impact can still cause damage. If you

encounter any issues, consider the following:

- **Chipping/Breaking:** Made from 2 layers of tempered, natural glass, these plates are designed to be durable and chip-resistant.
- **Scratches:** The surface is resistant to scratches from normal utensil use. Avoid using abrasive cleaners or harsh scrubbing pads that could potentially damage the glossy finish.
