Honeywell HUL525BC

Honeywell HUL525BC Mini Mist™ Ultrasonic Cool Mist Humidifier

Model: HUL525BC | Brand: Honeywell

INTRODUCTION

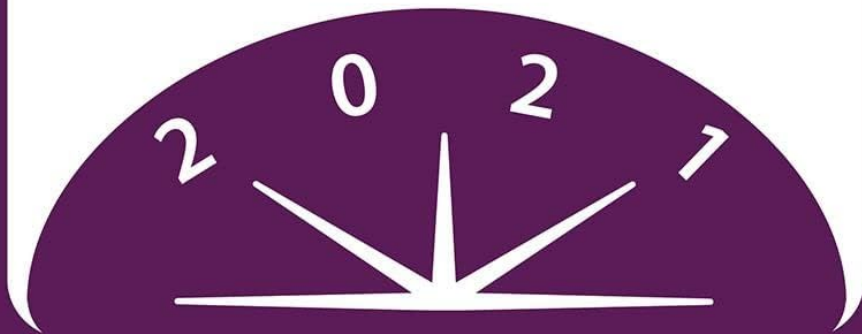

The Honeywell HUL525BC Mini Mist™ Ultrasonic Cool Mist Humidifier is designed to add essential moisture to the air, helping to alleviate discomfort caused by dry indoor environments. This filter-free unit operates quietly and features an essential oil tray for optional aromatherapy. Its user-friendly design includes variable mist output control, a directional mist outlet, and an automatic shut-off function for safety and convenience.

PRODUCT FEATURES

- **Cool Visible Mist:** Provides a fine, cool mist without the need for a filter.
- **Ultra-Quiet Operation:** Designed for minimal noise, suitable for bedrooms and nurseries.
- **Essential Oil Tray:** Integrated tray for adding essential oils (not included) for aromatherapy.

- **Variable Output Control:** Adjustable knob to customize mist intensity.
- **Directional Mist Outlet:** Allows you to direct the mist where it's needed most.
- **Transparent Water Tank:** Provides clear visibility of the water level.
- **Auto Shut-off:** Automatically turns off when the water tank is empty for safety.
- **Capacity:** 0.5-gallon (1.89-litre) tank capacity, providing up to 24 hours of runtime.
- **Easy to Fill & Clean:** Features a wide tank opening and includes a cleaning brush.
- **Compact Design:** Dimensions of 8.2" L x 7.87" W x 8.03" H (20.8 x 20 x 20.4 cm), ideal for small rooms.

Figure 2: The humidifier in operation, emitting cool mist.

1. **Unpack:** Carefully remove the humidifier from its packaging. Retain packaging for future storage or transport.
2. **Placement:** Place the humidifier on a firm, flat, waterproof surface at least 12 inches (30 cm) away from walls and furniture. Ensure the mist outlet is not directed at walls or appliances.
3. **Fill Water Tank:**
 - Remove the water tank from the base.
 - Unscrew the tank cap and fill the tank with cool, clean tap water. Distilled water is recommended to minimize mineral buildup.
 - Securely replace the tank cap.
 - Place the filled water tank back onto the humidifier base, ensuring it is seated correctly.
4. **Connect Power:** Plug the power cord into a 120V AC electrical outlet.

OPERATING INSTRUCTIONS

1. **Power On/Off:** Turn the control knob clockwise to the 'ON' position. The power indicator light will illuminate. To turn off, turn the knob counter-clockwise to the 'OFF' position.
2. **Adjust Mist Output:** Rotate the control knob to adjust the mist output from low to high, according to your preference and room size.
3. **Directional Mist:** Rotate the mist outlet on top of the tank to direct the mist flow.
4. **Essential Oil Tray:**
 - Locate the essential oil tray on the side of the humidifier base.
 - Pull out the tray and add a few drops of your preferred essential oil onto the pad.
 - Slide the tray back into the humidifier. The aroma will diffuse with the mist.
5. **Automatic Shut-off:** The humidifier will automatically turn off when the water level in the tank is too low. The power indicator light will change or turn off. Refill the tank to resume operation.

MAINTENANCE AND CLEANING

Regular cleaning is crucial to prevent mineral buildup and ensure optimal performance and hygiene. A cleaning brush is included for convenience.

1. Daily Maintenance:

- Turn off and unplug the humidifier.
- Empty any remaining water from the tank and base.
- Rinse the tank and base with clean water.
- Wipe all surfaces dry with a clean cloth.

2. **Weekly Cleaning (Mineral Deposits):**

- Turn off and unplug the humidifier.
- Remove the water tank and empty it.
- Pour 1 cup (250 ml) of undiluted white vinegar into the water tank and swish it around to wet all interior surfaces.
- Let it stand for 20 minutes.
- Use the included cleaning brush to gently scrub any mineral buildup from the tank and the nebulizer in the base.
- Rinse the tank and base thoroughly with clean water until the smell of vinegar is gone.

3. **Essential Oil Tray Cleaning:** Periodically remove and clean the essential oil pad with mild soap and water. Rinse thoroughly and allow to air dry before reinserting.

4. **Storage:** Before storing, ensure the humidifier is completely clean and dry. Store in a cool, dry place.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No mist or low mist output	Water tank empty; Mineral buildup on nebulizer; Unit not plugged in; Mist output set too low.	Refill water tank; Clean nebulizer with vinegar and brush; Ensure power cord is securely plugged in; Increase mist output setting.
Unusual odor	New unit odor; Stagnant water; Mineral buildup.	Initial odors will dissipate; Empty and clean tank daily; Perform weekly cleaning with vinegar.
Water leakage	Tank cap not secured; Tank not seated correctly on base; Unit placed on uneven surface.	Ensure tank cap is tightened; Re-seat tank firmly on base; Place humidifier on a flat, level surface.
White dust around humidifier	Hard water mineral content.	Use distilled or demineralized water. Clean unit regularly to remove mineral buildup.

SPECIFICATIONS

- **Model Number:** HUL525BC
