KOTEK Twin Loft Bed with Slide Instruction Manual

Model: GT-TF62457XI

Brand: KOTEK

INTRODUCTION

This manual provides detailed instructions for the assembly, safe operation, and maintenance of your KOTEK Twin Loft Bed with Slide. Please read all instructions carefully before assembly and use to ensure the safety and longevity of the product.

SAFETY INFORMATION

Adherence to these safety guidelines is crucial to prevent injury and ensure safe use of the loft bed.

- Always ensure the bed is securely attached to the wall during assembly. Use the provided wall brackets for additional stability.
- Keep the area around the bed clear of obstacles to prevent tripping or falling.
- Do not allow children to play or jump on the bed.
- Always supervise children when they are using the bed, especially the slide and ladder.
- The maximum weight capacity for this bed is 175 pounds. Do not exceed this limit.
- Ensure all bolts and screws are tightened securely before use and check periodically for tightness.
- Only use mattresses that comply with the recommended dimensions for twin beds.
- The bed features 14-inch high guardrails for protection. Ensure they are always in place and undamaged.

SETUP AND ASSEMBLY

Assembly is required for this product. Two people are recommended for assembly. Please follow these general steps, referring to the detailed diagrams included in your package for specific part identification and orientation.

1. **Unpack and Inspect:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Identify all hardware and components using the provided parts list.
2. **Assemble Main Bed Frame:** Begin by assembling the main bed frame according to the diagrams. Ensure all connections are secure but do not fully tighten bolts until instructed in later steps.
3. **Attach Bed Slats:** Install the bed slats to the frame, ensuring they are evenly spaced and securely fastened.
4. **Install Ladder:** Securely attach the ladder to the designated side of the bed frame. Double-check all connections for stability.
5. **Attach Slide:** Attach the slide to the bed frame, ensuring it is stable, properly angled, and securely fastened at all connection points.
6. **Final Tightening:** Once all components are assembled, fully tighten all bolts and screws. Do not overtighten, as this can damage the wood.
7. **Secure to Wall:** Attach the provided metal brackets to the bed frame and to a wall stud for additional security.

This step is crucial for stability and safety.

OPERATING AND USAGE

The KOTEK Twin Loft Bed with Slide is designed for children's use, providing a comfortable sleeping area, a versatile play space underneath, and an engaging slide for fun.

Using the Ladder

- Always use the ladder to access the loft bed. Do not climb on other parts of the bed frame.
- Ensure the ladder is free of obstructions before climbing.
- Children should climb the ladder one at a time.

Using the Slide

- Use the slide only in a seated position, feet first.
- Ensure the landing area at the bottom of the slide is clear before use.
- Only one child should use the slide at a time.
- Do not climb up the slide.

MAINTENANCE

Proper maintenance will help extend the life of your KOTEK Twin Loft Bed.

- **Cleaning:** Clean the bed frame with a dry cloth. Avoid abrasive cleaners, harsh chemicals, or excessive moisture, as these can damage the wood finish.
- **Hardware Check:** Periodically (e.g., monthly) check all bolts and screws to ensure they remain tight. Retighten as necessary to maintain structural integrity.
- **Inspection:** Inspect the bed frame, ladder, and slide for any signs of wear, cracks, splinters, or damage. Discontinue use if damage is found and contact customer support for replacement parts or advice.

TROUBLESHOOTING

If you encounter any issues with your loft bed, refer to the following common problems and solutions.

- **Problem: Bed feels wobbly after assembly.**

Solution: Ensure all bolts and screws are fully tightened. Verify that the bed is placed on a level surface. If wall brackets are not yet installed, secure the bed to a wall stud as instructed in the assembly section.

- **Problem: Missing parts upon unboxing.**

Solution: Refer to the package contents list to confirm. If parts are genuinely missing, contact KOTEK customer support with your model number and a detailed description of the missing items for assistance.

- **Problem: Difficulty during assembly.**

Solution: Review the assembly instructions and diagrams carefully. Ensure you are using the correct hardware for each step. Two people are recommended for assembly to ease the process.
