NexiGo N950P

NexiGo N950P 4K Zoomable Webcam Instruction Manual

INTRODUCTION

The NexiGo N950P is a Zoom Certified 4K webcam designed for high-quality video conferencing and content creation. It features an 8.5 Megapixel Sony sensor, delivering up to 3840 x 2160 QHD resolution at 30 frames per second for crisp images and clear videos.

This manual provides essential information for setting up, operating, and maintaining your NexiGo N950P webcam.

WHAT'S IN THE BOX

- NexiGo N950P 4K Webcam
- Remote Control
- Privacy Cover
- USB-A to USB-C Cable
- USB-C to USB-C Cable
- User Manual

SETUP

The NexiGo N950P webcam is designed for easy plug-and-play functionality. It is compatible with both USB-A and USB-C inputs, and the necessary cables are included. No additional drivers are required for most operating systems.

Mounting the Webcam

The webcam features an adjustable clip and a threaded base, allowing for versatile mounting options:

- **Monitor/Laptop:** Use the adjustable clip to securely attach the webcam to the top of your

monitor or laptop screen.

- **Tripod:** The threaded base allows you to mount the webcam onto a standard tripod for more flexible positioning.
- **Flat Surface:** The clip can also serve as a stable stand for placing the webcam on any flat surface.

OPERATING INSTRUCTIONS

Remote Control Functions

The included remote control provides convenient access to various webcam functions, allowing you to manage your video calls and recordings with ease.

- **Zoom:** Utilize the 5X digital zoom feature (at 1080P resolution) to adjust your viewing area.
- **Volume:** Adjust the microphone volume directly from the remote.
- **Image Control:** Mirror or flip your image as needed.
- **Privacy:** A dedicated button on the remote allows you to instantly stop your video feed.
- **Brightness/Backlight Compensation:** Adjust brightness and enable Backlight Compensation (BLC) for optimal lighting.

Note: Please do not use the power button on the remote to turn off the camera. Use the dedicated video stop button for privacy.

Adjustable Viewing Angle

Remote control allows you to easily zoom in or adjust the camera view.

Audio Features

The webcam is equipped with built-in dual omnidirectional microphones that feature noise cancellation. This ensures that your voice is captured clearly from all angles, minimizing background distractions.

5X Digital Zoom W/ Memory Feature

Smart saving your zoom settings, no need to reset the zoom every time you start a new meeting.

Note: The zoom settings will be restored to the initial state after unplugging.

Privacy Protection

Your privacy is paramount. The NexiGo N950P includes a physical privacy cover that can be placed over the lens when the webcam is not in use. Additionally, the remote control offers a quick button to instantly cut off your video feed, providing an extra layer of security.

Ultimate Privacy Protection

The remote control has a button to stop your video feed, instantly cutting off your view if something unexpected happens. The included privacy cover blocks your webcam when the webcam is off.

SOFTWARE AND COMPATIBILITY

The NexiGo N950P is designed for broad compatibility and ease of use across various platforms and applications.

- **Plug & Play:** Works with USB 2.0/3.0 without requiring additional drivers. It's ready to use in approximately one minute or less.
- **Operating Systems:** Compatible with Mac OS X 10.7 and higher, Windows 7, 8, 10 & 11, Android 4.0 or higher, Linux 2.6.24, Chrome OS 29.0.1547, and Ubuntu Version 10.04 or above.
- **Video Conferencing Software:** Optimized for popular platforms such as Zoom, Skype, Facetime, Facebook, YouTube, Microsoft Teams, and other video calling applications.

MAINTENANCE

To ensure the longevity and optimal performance of your NexiGo N950P webcam, follow these maintenance guidelines:

- **Cleaning the Lens:** Use a soft, lint-free cloth to gently wipe the webcam lens. Avoid using abrasive materials or harsh chemical cleaners, as these can scratch or damage the lens.
- **Storage:** When not in use, store the webcam in a cool, dry place. Utilize the included privacy cover to protect the lens from dust and scratches.
- **Cable Care:** Avoid bending or twisting the USB cables excessively to prevent internal damage.

TROUBLESHOOTING

If you encounter any issues with your NexiGo N950P webcam, please refer to the following common

troubleshooting steps:

- **Webcam Not Detected:**

- Ensure the USB cable is securely connected to both the webcam and your computer.
- Try connecting the webcam to a different USB port on your computer.
- Restart your computer.

- **Blurry Image:**

- Ensure the webcam lens is clean and free of dust or smudges.
- Verify that the webcam is positioned within the optimal focus range (typically 6-10 inches for fixed focus models, though this model has a Sony sensor for crisper images).

- **Poor Video Quality (Dark/Washed Out):**

- Ensure there is adequate lighting in your environment.
- Use the remote control to adjust brightness or enable Backlight Compensation (BLC).
- Avoid strong backlighting directly behind you.

- **No Audio/Poor Audio Quality:**

- Check your computer's sound settings to ensure the NexiGo N950P microphone is selected as the input device.
- Ensure the microphone is not muted via the remote control.
- Reduce background noise in your environment.
