1. PRODUCT OVERVIEW

The ELYKEN 4-Tier Corner Shower Caddy is designed to provide efficient storage in your bath or shower area. Made from rustproof plastic, this standing organizer features a drain design to prevent water accumulation and is easy to assemble without tools. Its adjustable height allows for customization to fit various bottle sizes and space requirements.

Figure 1: ELYKEN 4-Tier Corner Shower Caddy with key dimensions (14.37" W x 11.22" D x 31.5" H).

2. SAFETY INFORMATION

- This shower caddy may not be suitable for small bathtubs. Please verify product dimensions (14.4 x 11.2 x 31.5 inches) against your intended space before purchase.
- To ensure stability and prevent tipping, place heavier items on the bottom shelves.

3. PACKAGE CONTENTS

The ELYKEN 4-Tier Corner Shower Caddy includes all necessary components for assembly. No additional tools are required.

- 4 x Triangular Shelf Trays
- Connecting Poles (various lengths for 4 tiers)
- Top Cap (for the uppermost pole)

- Optional Hooks (if included with your model)

Figure 2: Visual representation of assembly steps, showing individual components.

4. SETUP & ASSEMBLY

The ELYKEN Corner Shower Caddy is designed for tool-free assembly. Follow these steps:

1. **Step 1:** Begin with the bottom shelf. Insert the shortest connecting poles into the designated holes on the underside of the shelf.
2. **Step 2:** Place the next shelf on top of the inserted poles, aligning the holes. Gently push down until it clicks into place.
3. **Step 3:** Repeat Step 2 for each subsequent shelf, adding connecting poles between each tier.
4. **Step 4:** For the top tier, insert the final set of poles and secure the top cap.
5. **Adjustable Height:** You can customize the number of shelves by omitting tiers during assembly. To create a taller unit (e.g., 7 shelves), two units can be combined. When combining units, ensure to remove the bottom layer of the upper unit before stacking to ensure proper fit and stability.

Figure 3: Example of combining two units for increased height.

5. OPERATION (USAGE)

This corner shower caddy is designed for convenient storage of bath essentials. Place it in any corner of your shower or bathtub area.

- **Corner Placement:** The triangular design fits snugly into shower or bathtub corners, maximizing space utilization.

- **Drainage:** Each shelf features extra holes for efficient water drainage, preventing water from pooling and reducing mildew buildup.
- **Item Security:** The shelves have slightly raised edges to help prevent bottles and other items from slipping or falling.

6. MAINTENANCE

To maintain the cleanliness and longevity of your ELYKEN Shower Caddy:

- **Cleaning:** Wipe the caddy with a dry cloth regularly. For deeper cleaning, the unit can be easily disassembled and washed with soap and water.
- **Rustproof Material:** The polypropylene plastic construction is inherently rustproof, eliminating concerns about rust stains.
- **Drainage:** Periodically check the drainage holes to ensure they are clear of soap scum or debris to maintain efficient water runoff.

Figure 6: Close-up of drainage holes and polypropylene material.

7. TROUBLESHOOTING

This section addresses common concerns:

- **Caddy feels wobbly:** Ensure all connecting poles are fully inserted and shelves are securely clicked into place. Distribute weight evenly, placing heavier items on lower shelves.
- **Water accumulation on shelves:** Verify that the drainage holes are not blocked by soap residue or other items. Disassemble and clean if necessary.
- **Not fitting in corner:** Double-check the product dimensions (14.4 x 11.2 x 31.5 inches) against your shower or bathtub corner measurements.
