Lamshaw B097DQYWTZ

Lamshaw Magnetic USB Charging Cable User Manual

Model: B097DQYWTZ

1. Introduction

Thank you for choosing the Lamshaw Magnetic USB Charging Cable. This cable is specifically designed to provide a convenient and reliable charging solution for your Vibe Plus and Vibe+ smartwatches. Please read this manual carefully to ensure proper use and maintenance of your charging cable.

2. Product Overview

2.1 Key Features

- **Compatibility:** Specifically designed for Vibe Plus / Vibe+ smartwatches.
- **Portability:** Easy to carry and store, ideal for home, office, car, or travel.
- **Convenience:** Magnetic interface ensures easy and secure connection.
- **Durability:** Constructed with high-quality materials for stable and reliable charging.

2.2 Components

The Lamshaw Magnetic USB Charging Cable consists of a USB-A connector on one end and a magnetic charging head with three pins on the other. The cable itself is flexible and durable.

Figure 1: Overview of the Lamshaw Magnetic USB Charging Cable, displaying both ends of the cable.

Figure 2: Detailed view of the cable's construction, highlighting the pure copper probe, ABS+PC material, and flexible PVC cable, with a length of 1 meter (3.3 feet).

3. Setup

Setting up your Lamshaw Magnetic USB Charging Cable is straightforward:

1. Connect the USB-A end of the charging cable into a compatible power source, such as a computer's USB port, a laptop, a power bank, or a wall charger with a USB output.
2. Align the magnetic charging head with the charging contacts on the back of your Vibe Plus / Vibe+ smartwatch. The magnets will automatically attract the cable to the correct position.

Figure 3: Smartwatch connected to the magnetic charging cable, illustrating proper attachment.

4. Operating Instructions

4.1 Charging Your Smartwatch

Once the cable is connected to both a power source and your smartwatch, charging will begin automatically. Ensure the magnetic connection is secure.

- A full charge typically takes approximately **2.5 hours** when using a 1A output current power source.
- The smartwatch display will usually indicate charging status (e.g., a battery icon with a lightning bolt or percentage).

Figure 4: Illustration of charging time, showing a full charge can be achieved in 2.5 hours with a 1A output.

4.2 Compatible Power Sources

You can use various USB power sources to charge your smartwatch with this cable:

- Computer USB Port
- Laptop USB Port
- Power Bank
- USB Wall Charger

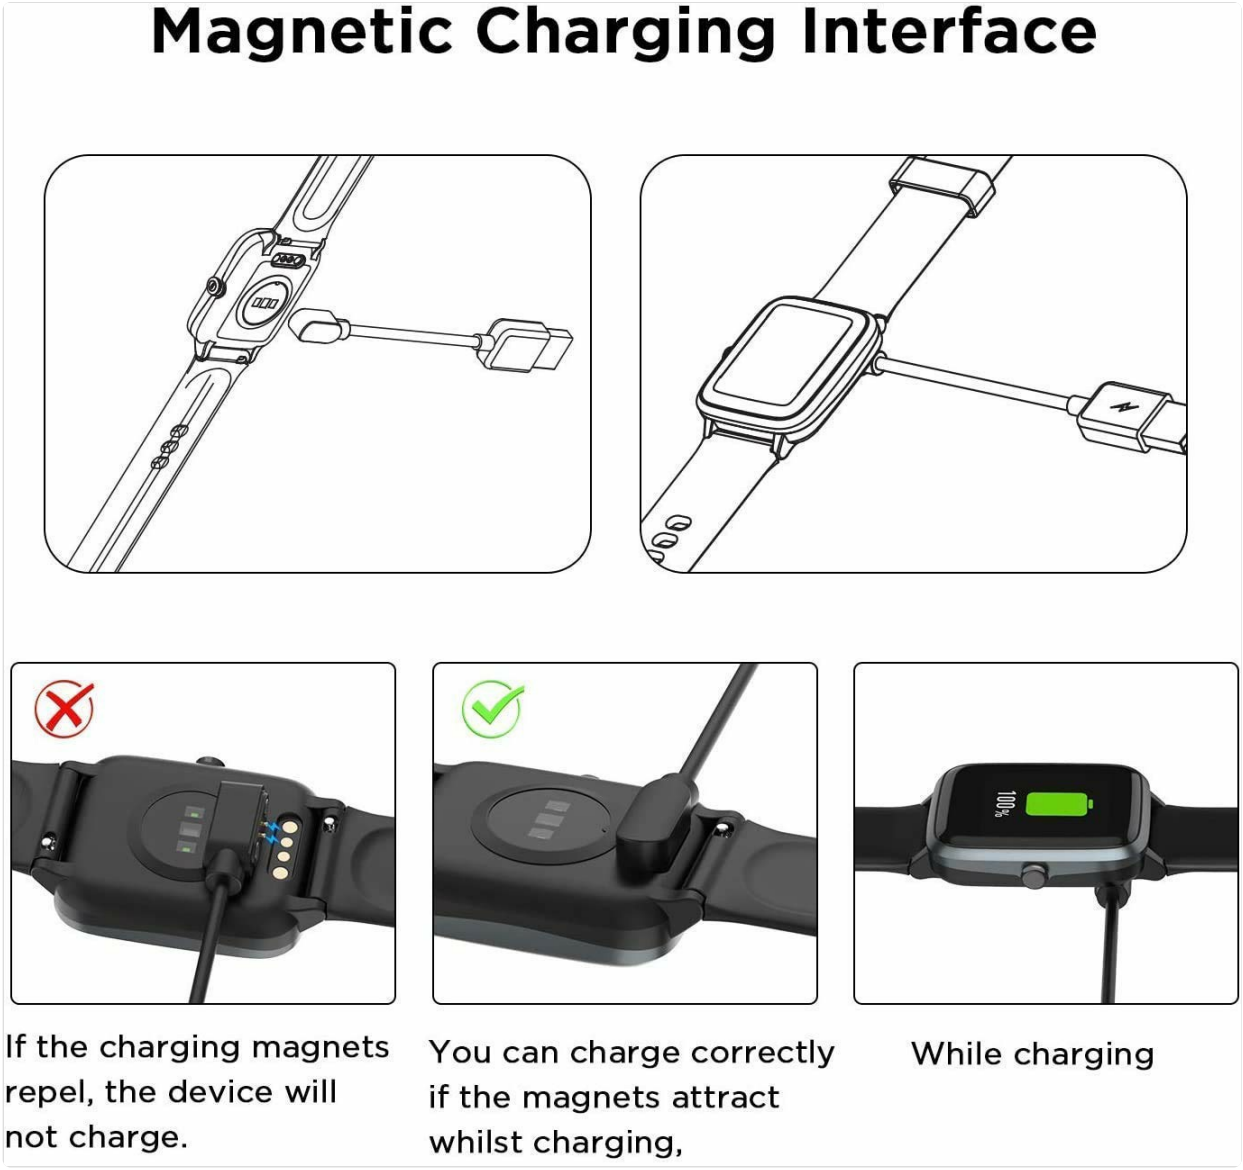

Figure 5: Examples of compatible power sources for charging your smartwatch.

5. Maintenance

To ensure the longevity and optimal performance of your charging cable, follow these maintenance tips:

- **Keep Clean:** Regularly wipe the magnetic contacts on both the cable and your smartwatch with a dry, soft cloth to remove dust or debris.
- **Avoid Bending:** Do not excessively bend or crimp the cable, especially near the connectors, as this can damage internal wires.
- **Proper Storage:** When not in use, coil the cable loosely and store it in a dry, cool place away from direct sunlight and extreme temperatures.
- **Handle with Care:** Always pull from the plug, not the cable itself, when disconnecting from a power source or smartwatch.

6. Troubleshooting

If you encounter issues while charging, refer to the following common problems and solutions:

Problem	Possible Cause	Solution

Problem	Possible Cause	Solution
Smartwatch not charging	Incorrect magnetic alignment or dirty contacts.	Ensure the magnetic contacts on the cable and smartwatch are clean and properly aligned. The magnets should attract, not repel. Refer to Figure 6.
Slow charging	Low output power source.	Use a power source with at least 1A output for optimal charging speed.
Cable appears damaged	Physical stress or wear.	Discontinue use immediately. Replace the cable to prevent potential damage to your smartwatch or power source.

Figure 6: Proper magnetic alignment for charging. Ensure the magnets attract for a successful connection.

7. Specifications

- **Brand:** Lamshaw
- **Model:** B097DQYWTZ

- **Compatible Devices:** Vibe Plus / Vibe+ Smartwatches
- **Connector Type:** USB-A (input), Magnetic 3-pin (output to smartwatch)
- **Cable Type:** USB Charging Cable
- **Special Feature:** Magnetic Connection
- **Cable Length:** Approximately 3.3 feet (1 meter)
- **Materials:** ABS+PC (connector housing), Flexible PVC (cable jacket), Pure Copper (probe)
- **Interface:** Micro USB (on smartwatch side, for cable compatibility)

8. Warranty and Support

For any warranty claims, technical support, or inquiries regarding your Lamshaw Magnetic USB Charging Cable, please contact the seller or manufacturer directly through the platform where the product was purchased. Please retain your proof of purchase for warranty purposes.
