Braun MQ5027

Braun Multiquick 5 Vario Hand Blender MQ5027 Instruction Manual

Model: MQ5027

1. PRODUCT OVERVIEW AND COMPONENTS

The Braun Multiquick 5 Vario Hand Blender MQ5027 is a versatile kitchen appliance designed for various food preparation tasks. It features a powerful motor and a range of attachments to assist with blending, chopping, whisking, mashing, and pureeing.

Figure 1: Braun Multiquick 5 Vario Hand Blender with power unit, blending shaft, whisk, masher, chopper, and beaker.

The package includes the main power unit, a stainless steel blending shaft, a whisk attachment, a masher attachment, a 1.5-cup chopper attachment, and a 20 oz plastic beaker. Each component is designed for easy assembly and disassembly.

2. SETUP AND ASSEMBLY

Before first use, ensure all parts are clean. Wash all detachable parts in warm soapy water or a dishwasher (refer to maintenance section for details). The main power unit should be wiped with a damp cloth.

2.1 Attaching the Blending Shaft

1. Align the blending shaft with the main power unit.
2. Push the blending shaft onto the power unit until it clicks securely into place.
3. To detach, press the release buttons on the sides of the power unit and pull the shaft off.

2.2 Attaching Other Accessories (Whisk, Masher, Chopper)

The EasyClick Accessory System allows for quick attachment changes.

- For the whisk and masher, attach the gear box to the main power unit first, then connect the whisk/masher to the gear box until it clicks.
- For the chopper, place the blade in the chopper bowl, add ingredients, then place the chopper lid on top. Align the main power unit with the chopper lid and push down until it clicks.

3. OPERATING INSTRUCTIONS

The Multiquick 5 Vario Hand Blender offers precise control for various tasks.

3.1 Power Unit and Speed Control

- **VarioSpeed Technology:** The blender features 21 distinct speeds, adjustable with a dial on the top of the power unit. Rotate the dial to select your desired speed.
- **TurboBoost Speed:** For an extra burst of power, press and hold the TurboBoost button.
- **Operation:** Press and hold one of the two power buttons to operate the blender. Release the button to stop.

3.2 Blending with the Blending Shaft

The unique PowerBell technology with its bell-shaped blending shaft and ultra-hard stainless steel blades is designed to draw food inward and reduce suction, minimizing splashing.

- Insert the blending shaft into your ingredients (e.g., soup in a pot, ingredients in the beaker).
- Press a power button to start blending. Move the blender up and down gently to ensure even blending.
- The SPLASHControl technology helps keep your food in the container.

3.3 Chopping with the Chopper Attachment

The 1.5-cup chopper is ideal for quickly processing smaller quantities of ingredients.

- Assemble the chopper as described in the Setup section.
- Place the chopper on a stable surface.
- Press a power button on the main unit to start chopping. Use short pulses for coarse chopping or continuous blending for finer results.

4. MAINTENANCE AND CLEANING

Proper cleaning ensures the longevity and hygiene of your hand blender.

- **Power Unit:** The motor unit should never be immersed in water or other liquids. Wipe it clean with a damp cloth.
- **Attachments:** All detachable parts (blending shaft, whisk, masher, chopper bowl, chopper lid, beaker) are dishwasher-safe. For best results, rinse immediately after use to prevent food from drying on.
- **SPLASHControl Technology:** The unique design of the blending shaft minimizes splashing, making cleanup easier.

5. TROUBLESHOOTING

If you encounter issues with your Braun Multiquick 5 Vario Hand Blender, refer to the following common solutions:

- **Blender not turning on:** Ensure the power unit is securely attached to the desired accessory and the power cord is firmly plugged into a working electrical outlet.
- **Attachments not locking in place:** Check for any food debris or obstructions preventing the attachment from clicking securely. Ensure correct alignment.

- **Poor blending performance:** Ensure you are using the appropriate speed setting for your ingredients. For tougher ingredients, use higher speeds or the TurboBoost function. Do not overload the chopper.
- **Excessive vibration or noise:** This may indicate an issue with attachment assembly or an overloaded motor. Disassemble, clean, and reassemble the unit. Reduce the quantity of ingredients if overloading is suspected.

6. SPECIFICATIONS

Feature	Specification
Brand	Braun
Model Number	MQ5027BK
Color	Black
Power Source	Corded Electric
Number of Speeds	21 (VarioSpeed) + TurboBoost
Motor Wattage	400 Watts
Blade Material	Stainless Steel
Included Components	Hand Blender, 20 oz Plastic Beaker, Whisk, Puree masher, 1.5 Cups Chopper attachment, Metal Detachable Blending Wand
Product Dimensions	10.6 x 8.6 x 10.4 inches
Item Weight	1.8 pounds
