

## ZEBRONICS ZEB-GC2000

# Zebronics ZEB-GC2000 Premium Gaming Chair User Manual

Model: ZEB-GC2000 | Brand: ZEBRONICS

## INTRODUCTION

---

Thank you for choosing the Zebronics ZEB-GC2000 Premium Gaming Chair. This manual provides essential information for the safe and efficient assembly, operation, and maintenance of your new gaming chair. Please read this manual thoroughly before assembly and retain it for future reference.

The ZEB-GC2000 is designed with healthy ergonomics to provide full support for your back and neck, featuring a 90-180 degree reclinable backrest, 3D armrests, and durable PVC leather material.

## SAFETY PRECAUTIONS

---

To ensure safe operation and prolong the life of your chair, please observe the following:

- Do not stand on the chair.
- Do not use the chair as a step stool.
- Do not sit on the armrests.
- Ensure all bolts and screws are tightened before use.
- Do not expose the chair to direct sunlight or extreme temperatures.
- Keep away from sharp objects to prevent damage to the PVC leather.
- Maximum weight recommendation: 140 Kilograms.

## PACKAGE CONTENTS

---

Verify that all components are present before beginning assembly:

- Chair - 1 unit (main components)
- Neck Cushion - 1 unit
- Lumbar Cushion - 1 unit
- Assembly Hardware Kit (screws, bolts, Allen key)
- Instruction Manual (this document)

If any parts are missing or damaged, please contact Zebronics customer support.

## SETUP AND ASSEMBLY

---

Follow these steps carefully for proper assembly. It is recommended to have two people for assembly.

### Step 1: Attach Casters to Base

Insert the 60mm caster wheels into the holes at the end of each leg of the chair's star base. Push firmly until they click into place.

Image: The chair's five-star base with 60mm caster wheels attached, ready for the gas lift.

### Step 2: Insert Gas Lift

Place the Class 4 gas lift cylinder into the center hole of the assembled star base. Ensure it is seated securely.

Image: Close-up of the gas lift mechanism, showing its robust design and connection point to the chair base.

### **Step 3: Attach Mechanism to Seat**

Align the butterfly mechanism with the pre-drilled holes on the underside of the seat cushion. Secure it using the provided screws and Allen key. Ensure the lever is facing the front of the seat.

### **Step 4: Connect Seat to Gas Lift**

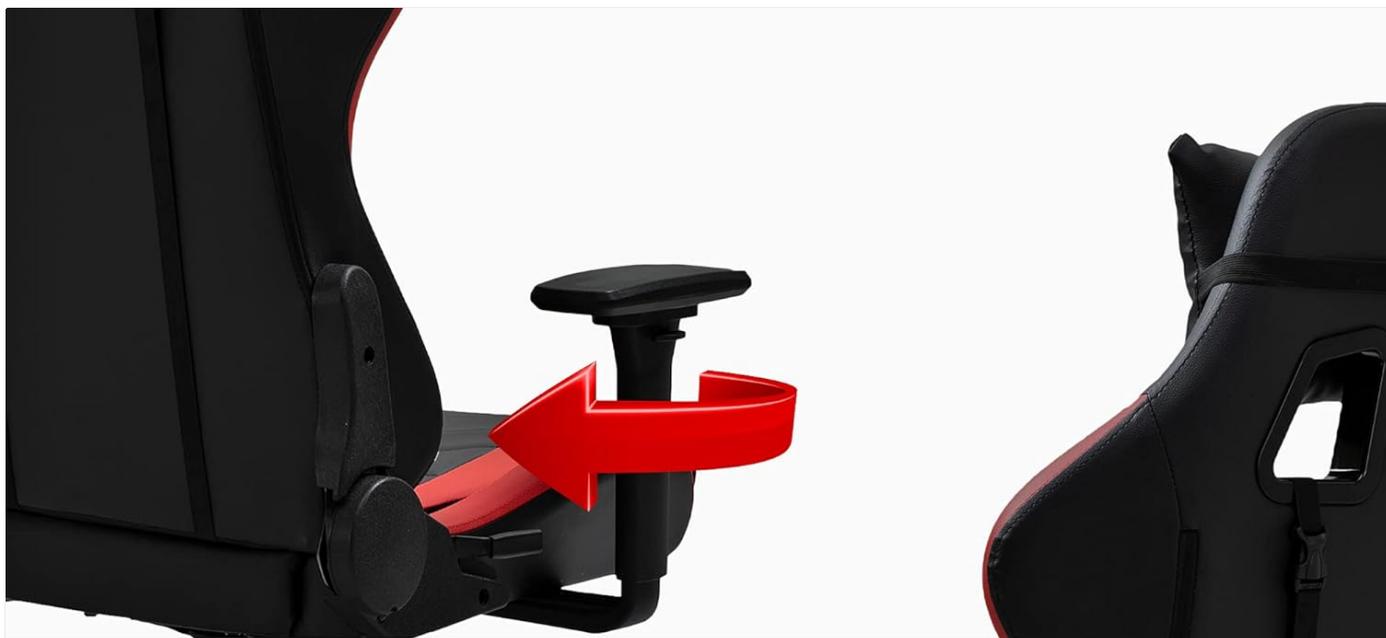

Carefully place the assembled seat (with mechanism) onto the gas lift cylinder. Press down firmly to ensure a secure connection.

### **Step 5: Attach Backrest to Seat**

Align the backrest with the metal brackets on the sides of the seat. Secure it using the provided screws. Do not overtighten initially; tighten fully once both sides are aligned.

### **Step 6: Install Armrests**

Attach the 3D armrests to the designated points on the seat and backrest using the provided hardware. Ensure they are securely fastened.

## 3D Armrest

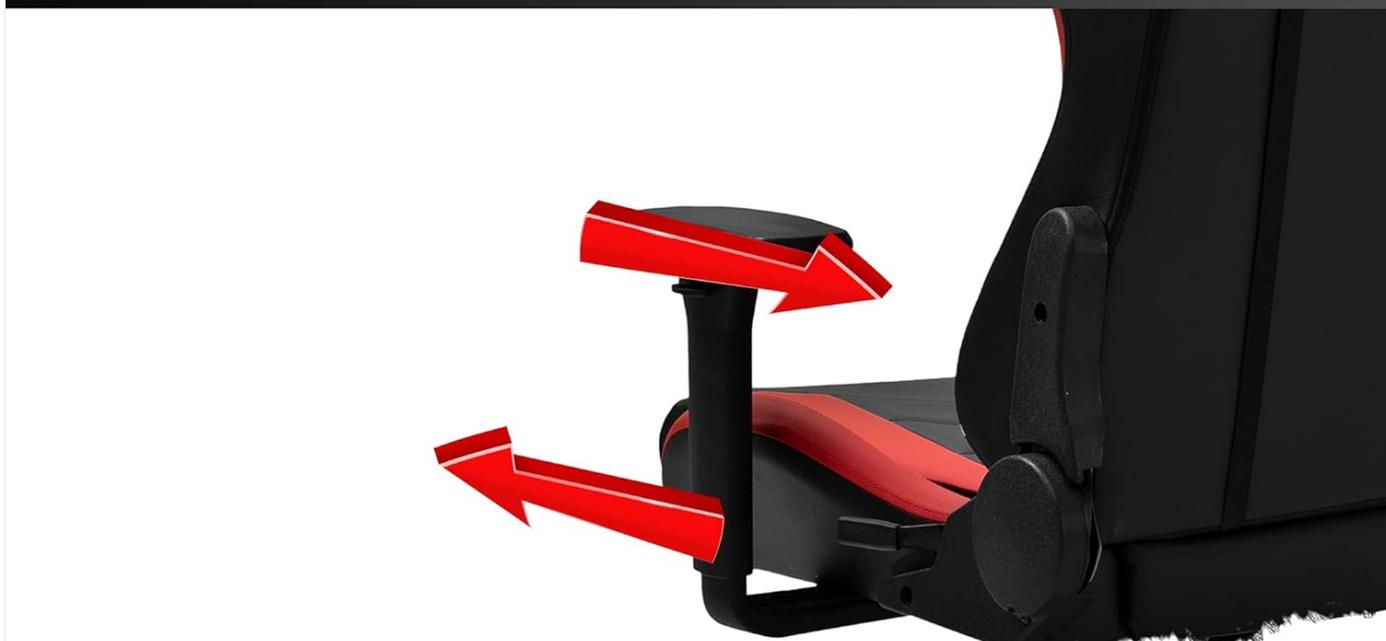

Image: Visual demonstration of the 3D armrest's multi-directional adjustment capabilities, showing movement forward/backward and rotation.

### Step 7: Attach Cushions

Attach the detachable neck cushion and lumbar cushion using their integrated straps. Adjust their positions for optimal comfort and support.

## OPERATING INSTRUCTIONS

---

### Height Adjustment

To adjust the chair's height, pull the lever located on the right side of the seat upwards. While pulling, apply weight to lower the chair or lift your weight to raise it. Release the lever to lock the height.

### Backrest Recline

The backrest can recline from 90 to 180 degrees. Pull the recline lever located on the right side of the chair (below the armrest) to adjust the angle. Release the lever to lock the backrest in your desired position.

Image: A sequence showing the chair's backrest reclining from an upright 90-degree position to a fully flat 180-degree position.

### **Armrest Adjustment**

The 3D armrests can be adjusted in multiple directions: up/down, forward/backward, and rotated inwards/outwards. Use the buttons or levers on the armrests to unlock and adjust, then release to lock.

Image: Detailed view of the 3D armrest, highlighting its adjustability for personalized comfort and wrist pressure reduction.

## Swivel Function

The chair features a 360-degree swivel function, allowing for easy rotation without moving the base.

## MAINTENANCE

---

Regular maintenance will help keep your Zebronics ZEB-GC2000 chair in excellent condition.

- **Cleaning:** Wipe clean with a soft, damp cloth. For stubborn stains on PVC leather, use a mild soap solution and wipe dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Inspection:** Periodically check all screws and bolts to ensure they are tight. Retighten if necessary to prevent wobbling or instability.
- **Casters:** Keep caster wheels free of hair and debris to ensure smooth rolling.
- **Avoid Overloading:** Do not exceed the maximum weight capacity of 140 Kilograms.
- **Environment:** Store the chair in a cool, dry place away from direct sunlight and extreme temperatures to prevent material degradation.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Chair wobbles or feels unstable.	Loose screws or bolts.	Check and tighten all assembly screws and bolts, especially those connecting the backrest and mechanism.
Chair does not adjust height smoothly.	Gas lift issue or obstruction.	Ensure the height adjustment lever is fully engaged. Check for any obstructions around the gas lift cylinder. If the issue persists, the gas lift may need replacement.
Backrest does not recline or lock.	Recline mechanism issue.	Ensure the recline lever is fully pulled to unlock and released to lock. Check for any foreign objects obstructing the mechanism.
Caster wheels do not roll smoothly.	Debris caught in wheels.	Turn the chair over and remove any hair, dust, or debris from the caster wheels.

If you encounter problems not listed here or if the suggested solutions do not resolve the issue, please contact Zebronic's customer support.

## SPECIFICATIONS
