2. Package Contents

Before beginning assembly, please verify that all components are present and undamaged. The package includes:

- Xaralyn Elda Fireplace Surround (unassembled kit)
- Xaralyn Flandria Electric Firebox
- Remote Control
- Extra Passe-partout (for combining with different inserts)
- Assembly Hardware (screws, connectors)
- Hex Key (for assembly)
- Instruction Manual

3. Assembly Instructions

The Elda fireplace surround is delivered flat-packed and requires assembly. The assembly process is designed to be straightforward, with an estimated completion time of 30-45 minutes.

Required Tools:

- Screwdriver (a hex key is included in the package)

Assembly Steps:

1. Carefully unpack all components and lay them out on a clean, soft surface to prevent scratches.
2. Identify the base, side panels, top panel, and decorative elements of the Elda surround.
3. Follow the detailed assembly diagram provided with the kit to connect the panels using the supplied hardware. Ensure all connections are secure.
4. Once the Elda surround is assembled, carefully insert the Flandria electric firebox into the designated opening. The extra passe-partout can be used to ensure a snug fit if needed.
5. Ensure the firebox is securely seated within the surround.

5. Maintenance

Regular maintenance ensures the longevity and optimal performance of your fireplace.

Cleaning the Fireplace Surround (MDF):

- Ensure the electric firebox is turned off and unplugged before cleaning.
- Use a soft, damp cloth to gently wipe the surfaces of the MDF surround.
- Immediately dry the surfaces with a separate soft, dry cloth to prevent moisture damage.
- Avoid using abrasive cleaners, solvents, or polishes that may damage the lacquer finish.

Cleaning the Electric Firebox:

- Ensure the unit is unplugged and completely cool.
- Use a soft, dry cloth to wipe dust from the exterior surfaces.
- Do not spray water or cleaning solutions directly onto the firebox.
- Periodically check the air intake and exhaust vents for dust accumulation and gently clean with a soft brush or vacuum cleaner attachment.

6. Troubleshooting

If you encounter any issues with your Xaralyn Elda Fireplace with Flandria Electric Firebox, please refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Unit does not turn on.	No power supply.	Check if the power cord is securely plugged into a working electrical outlet. Ensure the wall switch (if any) is on.
No heat output.	Heater function not activated or thermostat setting too low.	Press the heat button(s) on the remote or control panel. Ensure the room temperature is below the thermostat setting (if applicable).
Flame effect not working.	Flame function not activated or LED issue.	Press the flame button on the remote or control panel. If the issue persists, contact customer support.
Remote control not working.	Dead batteries or obstruction.	Replace the batteries in the remote control. Ensure there are no obstructions between the remote and the firebox sensor.

If these steps do not resolve the issue, please contact Xaralyn customer support for further assistance.
