SHA CERLIN AK-0092FDG

SHA CERLIN Full Size Upholstered Bed Frame with Geometric Headboard

MODEL: AK-0092FDG

Introduction

This manual provides comprehensive instructions for the assembly, operation, maintenance, and troubleshooting of your SHA CERLIN Full Size Upholstered Bed Frame with Geometric Headboard. Please read this manual thoroughly before assembly and use to ensure proper setup and longevity of your product.

The SHA CERLIN bed frame features a durable construction with a stylish geometric upholstered headboard, designed to provide robust support for your mattress without the need for a box spring. Its dark grey finish complements various interior designs.

Setup and Assembly

Assembly of your SHA CERLIN bed frame is designed to be straightforward. All necessary tools and instructions are included in the packaging. It is recommended to assemble the bed frame in the room where it will be used.

Key Assembly Features:

- **Velcro Design:** The wooden slats are equipped with a powerful Velcro system that simplifies installation and helps reduce noise.
- **Stable Construction:** The frame features a reinforced metal structure with EVA foam for enhanced stability and to prevent squeaking.
- **Strong Support Legs:** Thickened metal legs provide a robust foundation for the bed.

STURDY METAL FRAME

STABLE CONSTRUCTION

Reinforced metal frame with EVA sponge for stability and squeak-free.

POWERFUL VELCRO

Velcro connects the wooden slats to reduce friction and facilitate assembly.

STRONG SUPPORT

Upgrade metal leg support structure provides a strong foundation.

Operating Instructions

Once assembled, the bed frame is ready for use. Place your full-size mattress directly onto the wooden slats. No box spring is required.

Mattress Compatibility and Stability:

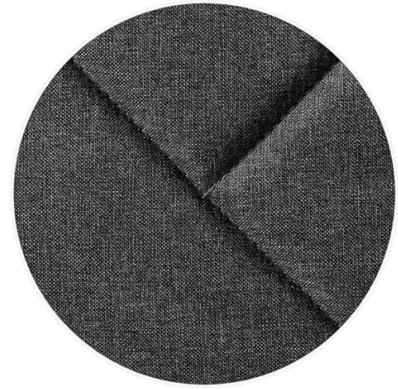

- **Recommended Mattress Height:** For optimal comfort and aesthetic, a mattress height between 9 to 12 inches is recommended.
- **Embedded Design:** The frame features an embedded design that helps prevent the mattress from sliding, ensuring a stable sleeping surface.

Headboard Functionality:

- The upholstered geometric headboard provides comfortable back support for sitting up in bed, whether for reading or other activities.
- The 3.3-inch widened top of the headboard offers a convenient surface for small items like a phone or remote control.

Maintenance

Proper maintenance will extend the life and appearance of your bed frame.

- **Upholstery Care:** The upholstered headboard and frame should be hand washed only. Avoid harsh chemicals or abrasive cleaners.
- **Frame Cleaning:** Wipe the metal and wood components with a damp cloth and mild detergent as needed. Dry immediately.
- **Regular Checks:** Periodically check all bolts and connections to ensure they remain tight and secure.

Troubleshooting

If you encounter any issues with your bed frame, please refer to the following common solutions:

- **Squeaking Noises:** Ensure all bolts are securely tightened. The EVA foam and Velcro design are intended to minimize noise; re-check slat placement and frame connections if squeaking persists.
- **Instability/Wobbling:** Verify that all legs are firmly attached and that the frame components are correctly aligned and tightened according to the assembly instructions.

- **Missing or Damaged Parts:** If any parts are missing or damaged upon arrival, please contact SHA CERLIN customer support for assistance.
