ledieu® MÅNSARP Display Shelf with Hooks User Manual

Model: MÅNSARP

1. PRODUCT OVERVIEW

The ledieu® MÅNSARP Display Shelf with Hooks is a versatile wall-mounted storage solution designed to enhance organization and display in your living space. Crafted from solid birch with a natural finish, it features a flat shelf surface and multiple hooks for hanging items.

Key Features:

- Integrated display shelf for decorative items or small essentials.
- Multiple hooks for hanging keys, bags, coats, or other accessories.
- Constructed from durable solid birch with a clear polyurethane/acrylic lacquer finish.
- Compact design suitable for various rooms.
- Maximum load per hook: 2 kg (4 lb 7 oz).
- Maximum load per shelf: 5 kg (11 lb).

2. SAFETY INFORMATION

Please read and understand all safety instructions before installing and using the product. Failure to follow these instructions may result in injury or damage to the product or property.

- **Weight Limits:** Do not exceed the maximum load capacity of 2 kg (4 lb 7 oz) per hook and 5 kg (11 lb) per shelf. Overloading can cause the shelf to detach from the wall, leading to injury or damage.
- **Wall Mounting:** This product is designed for wall mounting. Ensure the wall material is suitable for supporting the shelf's weight and its contents. Use appropriate fasteners for your wall type (e.g., drywall anchors, masonry plugs, wood screws). If unsure, consult a qualified professional.
- **Secure Installation:** Verify that the shelf is securely fastened to the wall before placing any items on it or hanging items from the hooks. Regularly check the mounting hardware for tightness.
- **Children and Pets:** Keep small children and pets away from the installation area during setup. Ensure the shelf is mounted at a safe height to prevent accidental bumps or pulling.
- **Placement:** Avoid installing the shelf in areas where it might obstruct doorways, windows, or pathways, or where it could be easily bumped.

3. PACKAGE CONTENTS

Carefully unpack the box and ensure all components are present and undamaged. If any parts are missing or damaged, please contact customer support before proceeding with installation.

- 1 x ledieu® MÅNSARP Display Shelf with Hooks
- Mounting hardware (screws, wall plugs) - *Note: Specific hardware may vary based on wall type.*

4. SETUP AND INSTALLATION

The Iedieu® MÅNSARP Display Shelf is designed for wall-mount installation and does not require assembly. Follow these steps for secure mounting:

1. **Choose Location:** Select a suitable wall location, ensuring it is free from electrical wires, plumbing, or other obstructions. Consider the desired height and accessibility.
2. **Mark Drilling Points:** Hold the shelf against the wall at the desired height and use a pencil to mark the positions for the mounting screws. Ensure the marks are level using a spirit level.
3. **Drill Pilot Holes:** Using an appropriate drill bit for your wall type and the provided or chosen mounting hardware, drill pilot holes at the marked points.
4. **Insert Wall Plugs (if necessary):** If drilling into drywall or masonry, insert the appropriate wall plugs into the pilot holes until they are flush with the wall surface.
5. **Mount the Shelf:** Align the shelf's mounting holes with the drilled holes/wall plugs. Insert the screws and tighten them securely until the shelf is firmly attached to the wall. Do not overtighten.
6. **Verify Stability:** Gently tug on the shelf to ensure it is stable and securely mounted before placing any items on it.

5. OPERATING INSTRUCTIONS (USAGE)

The Iedieu® MÅNSARP Display Shelf is designed for straightforward use:

- **Shelf Usage:** Place lightweight decorative items, small books, picture frames, or other small essentials on the top shelf. Ensure the total weight does not exceed 5 kg (11 lb).
- **Hook Usage:** Utilize the integrated hooks to hang keys, scarves, small bags, light jackets, or other items. Do not exceed 2 kg (4 lb 7 oz) per hook.
- **Even Weight Distribution:** For optimal stability and longevity, distribute weight evenly across the shelf and hooks. Avoid concentrating heavy items in one area.

6. MAINTENANCE AND CARE

Proper care will help maintain the appearance and longevity of your ledieu® MÅNSARP Display Shelf:

- **Cleaning:** Wipe dry with a clean, soft cloth. For stubborn marks, a slightly damp cloth can be used, followed immediately by a dry cloth. Avoid abrasive cleaners, harsh chemicals, or excessive moisture.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause the wood to fade or change color over time.
- **Humidity Control:** Maintain a stable room temperature and humidity level to prevent wood warping or cracking.
- **Regular Inspection:** Periodically check the mounting screws and hardware to ensure they remain tight and secure. Retighten if necessary.

7. TROUBLESHOOTING

If you encounter any issues with your ledieu® MÅNSARP Display Shelf, refer to the following common solutions:

- **Shelf feels wobbly after installation:**
 - Ensure all mounting screws are fully tightened.
 - Verify that the wall plugs (if used) are correctly seated and appropriate for your wall type.
 - Check if the wall surface is even. Shims may be needed for uneven surfaces.
 - Ensure you are not exceeding the weight limits.
- **Items slide off the shelf:**
 - Ensure the shelf is installed perfectly level.
 - Consider using non-slip pads under items if they are prone to sliding.
- **Hooks seem loose:**
 - The hooks are integrated into the shelf design. If they feel loose, it might indicate an issue with the shelf's overall mounting. Re-check the wall installation.
 - Ensure you are not exceeding the weight limit per hook.

If the problem persists, please contact customer support.

8. SPECIFICATIONS

Attribute	Detail
Brand	Iedieu
Model Name	MÅNSARP Display Shelf with Hooks
Material	Solid birch, Stain, Clear polyurethane/acrylic lacquer
