

Purple Harmony Pillow Standard Low

Purple Harmony Pillow - Standard Low User Manual

Model: Harmony Pillow Standard Low

Brand: Purple

1. INTRODUCTION

Welcome to enhanced sleep comfort with your new Purple Harmony Pillow - Standard Low. This manual provides essential information for the proper setup, use, and maintenance of your pillow to ensure optimal performance and longevity.

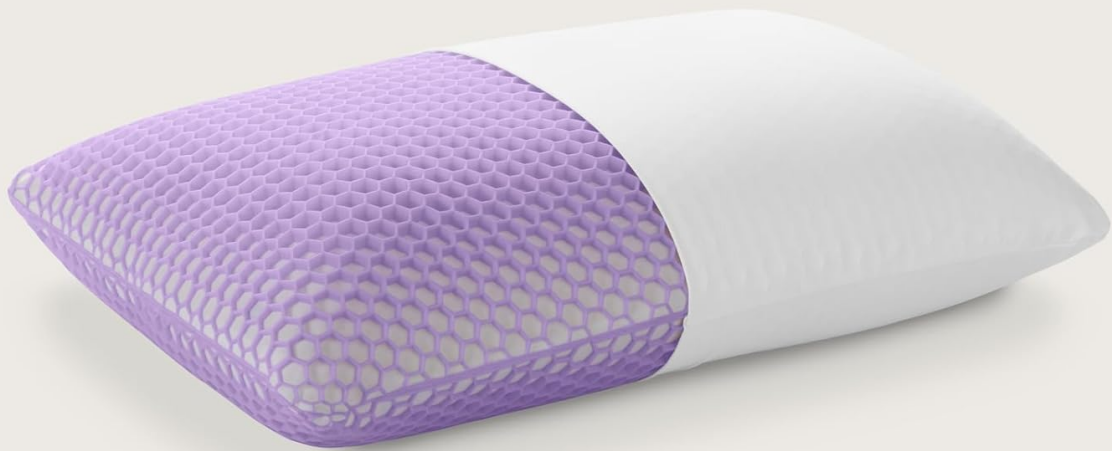

Image 1: The Purple Harmony Pillow - Standard Low, showcasing its unique design.

2. KEY FEATURES

- **No-Pressure Support:** The honeycombed GelFlex layer and Talalay latex core flex to both cradle and support your head and neck, adapting to various sleep positions.
- **Stays Cool All Night:** Features a temperature-neutral, airy GelFlex Grid, ventilated latex, and a moisture-wicking mesh cover for continuous airflow and cooling.
- **Durable Design:** Constructed with ultra-durable materials to maintain its shape and support over time, preventing flattening.
- **Hypoallergenic:** Made with 100% nontoxic GelFlex Grid material, CleanAir GOLD and CertiPUR-US certified, suitable for individuals with allergies.
- **Made in USA:** Designed and produced in Purple's Innovations Lab in Alpine, Utah, with the GelFlex Grid Hex layer manufactured in their U.S. factory.

Always breathable

No need for a mid-sleep flip — a 360°-wrap of Grid stays cool.

Image 2: A close-up view of the GelFlex Grid structure within the pillow.

3. SETUP

Your Purple Harmony Pillow arrives ready for use. No extensive setup is required. Simply remove the pillow from its packaging. The pillow will naturally expand to its full size and shape. It is recommended to place a standard pillowcase over the included cover for hygiene and protection.

4. OPERATING INSTRUCTIONS

The Purple Harmony Pillow is designed to provide adaptive support for various sleep positions. Its unique GelFlex Grid and Talalay latex core conform to your head and neck, offering comfort whether you sleep on your back, side, or stomach.

- **For Back Sleepers:** The pillow's low profile and adaptive grid will support the natural curve of your neck, keeping your spine aligned.
- **For Side Sleepers:** The pillow cradles your head and fills the space between your shoulder and neck, maintaining proper alignment.

- **For Stomach Sleepers:** The low height of this Standard Low model helps prevent excessive neck extension, promoting a more neutral spinal position.

Low, 5.5"

Often preferred
by stomach +
back sleepers

Medium, 6.5"

Often preferred by
side + combination
sleepers

Tall, 7.5"

Often preferred by
side + combination
sleepers

5. MAINTENANCE AND CARE

Proper care ensures the longevity and hygiene of your Purple Harmony Pillow.

- **Cover Care:** The pillow's outer cover is machine washable. Remove the cover and wash it in cold water on a gentle cycle. Tumble dry on low heat or air dry. Do not bleach or iron.
- **Pillow Core Care:** The GelFlex Grid and Talalay latex core are not machine washable. If cleaning is necessary, spot clean with a mild detergent and water. Allow to air dry completely before re-covering.
- **General Care:** To maintain freshness, periodically air out the pillow in a well-ventilated area away from direct sunlight.

6. TROUBLESHOOTING

- **Initial Odor:** A new product may have a slight, harmless odor upon unboxing. This is normal and will dissipate within a few days in a well-ventilated area.
- **Pillow Feels Too Firm/Soft:** The Purple Harmony Pillow is designed to be adaptive. If you find it too firm or soft, allow a few nights for your body to adjust to its unique support. This model is the 'Standard Low' and offers a plush firmness.
- **Pillow Not Staying Cool:** Ensure your pillowcase is breathable. The pillow's design promotes airflow, but a thick, non-breathable pillowcase can hinder this.

7. SPECIFICATIONS

Feature	Detail
Fill Material	Latex Foam (Talalay Latex Core) & GelFlex Grid
Pillow Type	Bed Pillow
Color	White
Size	Standard (Pack of 1)
