## nania SPIRIT

# Nania SPIRIT 360° Swivel Car Seat Instruction Manual

Model: SPIRIT | Brand: Nania

## 1. INTRODUCTION

Thank you for choosing the Nania SPIRIT 360° Swivel Car Seat. This manual provides essential information for the correct installation, use, and maintenance of your car seat. Please read it thoroughly before use and keep it in a safe place for future reference. The Nania SPIRIT car seat is designed to provide maximum safety and comfort for your child, adapting to their growth from birth up to approximately 12 years of age (40-150 cm).

Key features include a 360° swivel function for easy access, i-Size R129 approval for enhanced safety, ISOFIX connectors with a support leg for secure installation, adjustable headrest, and multiple recline positions.

## 2. SAFETY INFORMATION

The Nania SPIRIT car seat is approved according to the new European i-Size R129 standard, ensuring high safety performance. Always prioritize your child's safety by following these guidelines:

- **i-Size R129 Approval:** This car seat meets the latest safety standards, mandatory from September 1, 2023.
- **Side Protection:** The seat is equipped with lateral protection to absorb impact forces in case of a side collision.
- **5-Point Harness:** Always secure your child using the integrated 5-point harness system for optimal restraint.
- **Rear-Facing Installation:** For children between 40-105 cm (from birth up to approximately 15 months), the car seat **must** be installed in a rear-facing position using the ISOFIX connectors and support leg.
- **Forward-Facing Installation:** For children from 76 cm up to 150 cm, the car seat can be installed in a forward-facing position. Ensure the support leg is correctly positioned or retracted as per the child's height.
- Never use the car seat on a passenger seat equipped with an active front airbag when installed rear-facing.
- Ensure the car seat is securely installed and the child is properly harnessed before every journey.

### 3. SETUP AND INSTALLATION

---

The Nania SPIRIT car seat features ISOFIX connectors and a support leg for secure and easy installation, reducing the risk of incorrect fitting.

#### 3.1. ISOFIX Connectors

To install the car seat, extend the ISOFIX connectors from the base. These connectors attach directly to the ISOFIX anchorage points in your vehicle. Ensure both connectors click securely into place, indicated by green indicators.

### 3.2. Support Leg

The car seat includes a support leg that provides additional stability. For children from 40 to 105 cm, the support leg must be extended and adjusted to rest firmly on the vehicle floor. For children from 100 to 150 cm, the support leg can be retracted and folded away.

### 3.3. Rear-Facing (40-105 cm) and Forward-Facing (76-150 cm)

The SPIRIT car seat is versatile, allowing for both rear-facing and forward-facing installation depending on your child's height and age. Always use the rear-facing position for children up to 105 cm (approximately 15 months) for enhanced safety.

## 4. OPERATING INSTRUCTIONS

### 4.1. 360° Swivel Function

The 360° swivel function allows you to easily rotate the car seat towards the car door, making it convenient to place and remove your child. To rotate, locate the rotation lever (usually at the front of the base) and engage it while turning the seat.

### 4.2. Adjustable Headrest

The headrest is adjustable in height to adapt to your child's growth, ensuring proper head and neck support. It features memory foam for added comfort. Adjust the headrest so that the shoulder straps are at or just below your child's shoulders when rear-facing, and at or just above when forward-facing.

### **4.3. Recline Positions**

The car seat offers several recline positions for optimal comfort during naps and long journeys. Adjust the recline by using the lever located on the front of the seat base. Ensure the seat is securely locked into your chosen recline position.

## 5. MAINTENANCE

Regular maintenance ensures the longevity and safety of your Nania SPIRIT car seat.

- **Cleaning:** The seat cushions are removable for easy cleaning. Refer to the care label for specific washing instructions. Typically, they can be hand-washed or machine-washed on a gentle cycle with mild detergent.
- **Harness System:** Periodically check the harness straps for any signs of wear, fraying, or damage. Ensure the buckle functions correctly.
- **Plastic Parts:** Wipe plastic parts with a damp cloth and mild soap. Do not use abrasive cleaners or solvents.
- **Storage:** When not in use, store the car seat in a cool, dry place away from direct sunlight.

## 6. TROUBLESHOOTING

If you encounter any issues with your Nania SPIRIT car seat, please refer to the following general advice:

- **Difficulty with Installation:** Ensure the ISOFIX connectors are fully extended and aligned with the vehicle's anchorage

points. Check that the support leg is correctly deployed and firmly on the floor. Refer to the detailed installation instructions in the full manual.

- **Harness Adjustment Issues:** Verify that the harness straps are not twisted and are routed correctly through the slots. Ensure the harness release button is fully pressed when adjusting.
- **Seat Rotation Difficulty:** Make sure the car seat is not under tension from the vehicle's seatbelt (if applicable) and that the rotation lever is fully engaged.
- For any persistent problems or concerns, please contact Nania customer support or your retailer.

## 7. SPECIFICATIONS
