Yaheetech Sofa Relax Armchair User Manual

Brand: Yaheetech | **Model:** YA-00106073

INTRODUCTION

This manual provides essential information for the safe and effective use of your Yaheetech Sofa Relax Armchair. Please read these instructions carefully before assembly and operation to ensure proper functionality and longevity of your product. This recliner is designed to offer a comfortable sitting and lying experience with an adjustable backrest and footrest.

SAFETY INFORMATION

Adhering to the following safety guidelines will help prevent injury and damage to the product:

- Do not stand, jump, or bounce on this armchair.
- Ensure all components are securely fastened before use.
- Keep children and pets away from moving parts during adjustment.
- Avoid placing the armchair near heat sources or in direct sunlight for prolonged periods to prevent material degradation.
- Note that the unfolded backrest does not remain in an inclined position without continuous pressure or specific locking mechanisms.
- Maximum load capacity is 120 kg. Do not exceed this weight limit.

PACKAGE CONTENTS

Upon unpacking, please verify that all the following items are present:

- 1 x Recliner (main components)
- 1 x Accessories (hardware, tools if included)
- 1 x Assembly Instructions

If any parts are missing or damaged, please contact customer support immediately.

SETUP AND ASSEMBLY

Assembly of the Yaheetech Sofa Relax Armchair is required. Please follow the detailed steps provided in the included assembly instructions. It is recommended to assemble the armchair on a soft, clean surface to prevent damage to the product or your floor.

1. Unpack all components and lay them out on a protected surface.
2. Identify all parts using the provided assembly instructions and parts list.
3. Attach the backrest to the seat base, ensuring it clicks securely into place or is fastened with the provided hardware.
4. Install the four sturdy feet to the base of the armchair.
5. Verify all connections are tight and secure before using the armchair.

For visual guidance, refer to the assembly instructions provided in the package. The overall dimensions of the assembled armchair are important for placement.

OPERATING INSTRUCTIONS

The Yaheetech Sofa Relax Armchair features an adjustable backrest and footrest for personalized comfort. It offers multiple reclining positions up to 160 degrees.

Adjusting the Reclining Position:

1. **Upright Position (approx. 90°):** Sit comfortably with your back against the backrest. This position is ideal for reading or engaging in conversation.
2. **Partial Recline (approx. 120°):** To recline, gently push back on the backrest while applying slight pressure with your feet on the footrest. The footrest will elevate, and the backrest will tilt back. This position is suitable for watching movies or light relaxation.
3. **Full Recline (approx. 160°):** Continue to push back on the backrest and apply pressure to fully extend the footrest and achieve the maximum recline angle. This position is designed for deep relaxation or napping.

To return to an upright position, lean forward and gently push the footrest down with your legs until it locks into place. The backrest will follow.

MAINTENANCE

Proper care and maintenance will extend the life and appearance of your Yaheetech Sofa Relax Armchair.

Cleaning Instructions:

- **Surface Cleaning:** The faux leather surface is water-resistant and easy to clean. Wipe clean with a soft, damp cloth. For stubborn stains, use a mild soap solution and immediately wipe dry.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh detergents, as these can damage the faux leather material.
- **Spills:** Blot spills immediately with a clean, dry cloth. Do not rub, as this can spread the stain.
- **Regular Dusting:** Dust the armchair regularly with a soft, dry cloth to prevent dust buildup.

General Care:

- Periodically check all bolts and screws to ensure they remain tight. Retighten if necessary.

- Avoid exposing the armchair to direct sunlight or extreme temperatures, which can cause the material to fade or crack over time.
- Protect your floors: The armchair is equipped with protective feet to prevent scratches. Ensure these are intact.

TROUBLESHOOTING

This section addresses common issues you might encounter with your recliner.

- **Reclining Mechanism Stiff:** Ensure no obstructions are preventing the mechanism from moving freely. Check that all assembly bolts are not overtightened, which could impede movement.
- **Armchair Feels Unstable:** Verify that all four feet are firmly on the ground and that all assembly connections are securely tightened.
- **Unusual Noises During Recline:** This could indicate loose hardware. Inspect and tighten all visible bolts and screws. If the noise persists, contact customer support.
- **Material Damage:** For minor scuffs or scratches on the faux leather, consult specialized faux leather repair kits. For significant damage, contact customer support.
