JolyWell CL001

JolyWell CL001 Baby Night Light Instruction Manual

Model: CL001

INTRODUCTION

Thank you for choosing the JolyWell CL001 Baby Night Light. This manual provides essential information for the safe and effective use of your new night light. Please read it thoroughly before operation and retain it for future reference.

IMPORTANT SAFETY INFORMATION

- Keep out of reach of infants and young children when not in use or supervised.
- Do not disassemble, repair, or modify the device.
- Avoid exposure to extreme temperatures, direct sunlight, or high humidity.
- Use only the provided charging cable and base.
- If the product is damaged, discontinue use immediately.
- This product is not a toy.

PACKAGE CONTENTS

- JolyWell CL001 Baby Night Light
- Charging Base
- Micro-USB Cable
- User Manual (this document)

PRODUCT OVERVIEW

The JolyWell CL001 is a portable, egg-shaped night light designed for nurseries and bedrooms. It features touch controls for brightness and color temperature adjustment, a stable charging pad, and a built-in timer function. Its durable ABS and PC materials ensure safety for children.

Image: The JolyWell CL001 Baby Night Light, an egg-shaped device, resting on its circular charging base, emitting a warm glow.

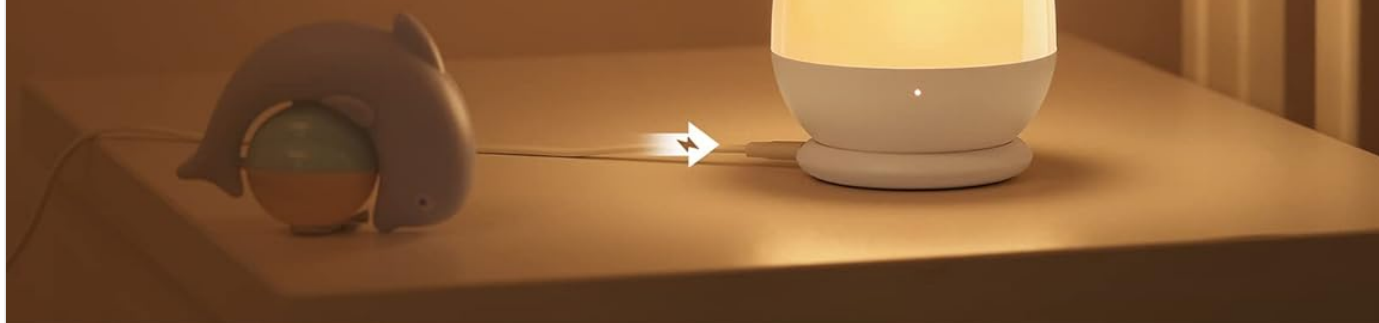

SETUP AND CHARGING

1. **Initial Charge:** Before first use, fully charge the night light. Connect the Micro-USB cable to the charging base and a power adapter (not included). Place the night light onto the charging base. The indicator light on the night light will show charging status.
2. **Alternative Charging:** For portability or if the charging base is unavailable, you can directly connect the Micro-USB cable to the port located on the bottom of the night light.

Two Ways to Plug & Charge

Charging Base

USB Port

Image: Illustration showing two charging methods: placing the night light on its charging base, or plugging a USB cable directly into the night light's bottom port.

OPERATING INSTRUCTIONS

Power On/Off

- Locate the power button on the bottom of the night light. Press it once to turn the light on or off.

Image: A finger pressing the small circular power button located on the underside of the night light.

Touch Controls

- **Dimming:** Long press the top surface of the night light to adjust brightness. The light will cycle through dim to bright. Release when desired brightness is reached.
- **Adjust Light Color:** Long press the JolyWell logo (small dot) on the front of the night light to switch between warm white and cool white light.
- **Night Light Mode (Breastfeeding):** Hold the top surface for 1 second to activate a gentle night light mode, ideal for breastfeeding.
- **Timer Setting:** Double tap the JolyWell logo to set a 1-hour timer. The light will automatically turn off after one hour. Double tap again to deactivate the timer.
- **Standby Mode:** Double tap the top surface to activate or deactivate standby mode.
- **Memory Function:** The night light remembers the last brightness and color setting used.

Easy Touch Controls

Long press the top to dim

Long press the logo to adjust the light color

Double tap to de-/activate standby mode

Hold for 1s to activate night light mode

Memory Function: The light setting is the same as the last setting

Image: A visual guide demonstrating how to use touch controls on the night light: long press top for dimming, long press logo for color, double tap top for standby, and hold top for 1 second for night light mode.

Usage Scenarios

- **Nursery:** Provides gentle, flicker-free illumination for feeding, diaper changes, or comforting a child to sleep.
- **Portable Use:** The built-in silicone handle and IP65 waterproof rating make it suitable for outdoor activities like

camping or hiking.

- **SOS Mode:** In case of emergency, the SOS mode can signal your location. Refer to product packaging or manufacturer's website for specific activation instructions if not covered by general touch controls.

Versatile Light

Warm light for sleep
Cool light for illumination

Image: A four-panel image showing the night light's versatility: hanging in a tent, beside a sleeping baby, illuminating a book for a child, and on the floor near a crawling baby.

MAINTENANCE

- **Cleaning:** Wipe the night light with a soft, damp cloth. Do not use abrasive cleaners or immerse in water.
- **Battery Care:** To prolong battery life, avoid fully discharging the battery frequently. Recharge when the light dims significantly.
- **Storage:** Store the device in a cool, dry place when not in use for extended periods.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Light does not turn on.	Battery is depleted.	Charge the night light using the charging base or direct USB connection.
Light flickers or dims unexpectedly.	Low battery.	Recharge the night light.
Touch controls are unresponsive.	Temporary software glitch or interference.	Turn the light off and on again using the power button. Ensure hands are clean and dry.
Charging is not working.	Cable or adapter issue; improper placement on base.	Ensure the cable is securely connected. Try a different USB port or power adapter. Verify the night light is correctly seated on the charging base.
