Setup and Assembly

Your Rattaner patio furniture set is delivered in multiple boxes and requires assembly. All necessary hardware and clear instructions are included. It is advisable to assemble on a soft surface to prevent wear and tear on components.

General Assembly Guidelines:

- Upon delivery, inspect all cartons and parts for any missing or damaged components. Contact customer support immediately if issues are found.
- Do not tighten each screw completely at the beginning. Leave all screws slightly loose until all components are in place, then tighten them securely. This allows for easier alignment.
- A ratchet tool may be included to facilitate assembly.

- Use the provided furniture covers or store cushions indoors during periods of non-use or extreme weather to protect the set.
