LuckyHigh 12" x 7" x 0.8"

LuckyHigh Stainless Steel Cut Out Drip Tray Instruction Manual

Model: 12" x 7" x 0.8"

PRODUCT OVERVIEW

The LuckyHigh Stainless Steel Cut Out Drip Tray is designed to effectively manage spills and drips from beer taps or dispensers, ensuring your bar or countertop remains clean and tidy. This product is suitable for use on bar countertops, kegerators, and is widely applicable in restaurants, tap rooms, kitchens, and home bar stations.

Constructed from high-quality, corrosion-resistant, and anti-rust stainless steel, this drip tray offers both durability and an elegant, shining appearance. Its thoughtful design includes a removable cover, making cleaning exceptionally convenient.

KEY FEATURES

- **Effective Spill Collection:** Designed to catch beer spouted and dripped from beer taps or dispensers, maintaining a clean and tidy environment.

- **Premium Material:** Made from high-quality corrosion-resistant and anti-rust stainless steel, ensuring longevity and a sleek appearance.
- **Effortless Cleaning:** Features a removable cover for easy cleaning. Simply empty the tray and wash it with water. It is also dishwasher safe.
- **Surface Mount Design:** No drilling required. This tray can be placed directly on bar countertops or under faucets, preserving your surfaces.
- **Optimal Compatibility:** The cut-out dimension is 5" x 1.75", specifically designed to fit 3" diameter tower bases, making it compatible with most single, double, and triple tap draft beer towers.

SETUP AND INSTALLATION

The LuckyHigh Stainless Steel Cut Out Drip Tray is designed for simple, surface-mount installation. No complex tools or permanent modifications are required.

1. **Unpack:** Carefully remove all components from the packaging. Ensure both the main tray and the removable grate are present.
2. **Placement:** Identify the desired location for the drip tray. This is typically directly under your beer tap or dispenser on a bar countertop or kegerator.
3. **Assemble:** Place the perforated grate securely into the base tray. Ensure it sits flush and stable.
4. **Positioning:** Slide the assembled drip tray into position, aligning the cut-out section with the base of your beer tower.

5. **Verification:** Confirm the tray is stable and correctly positioned to catch any drips or spills from the tap.

OPERATING INSTRUCTIONS

Once installed, the drip tray operates passively to collect liquid. No active operation is required from the user beyond regular emptying and cleaning.

- Ensure the drip tray is always positioned directly beneath the beer tap or dispenser to effectively catch any drips.
- Regularly check the tray for accumulated liquid.
- Empty the tray as needed to prevent overflow and maintain hygiene.

MAINTENANCE AND CLEANING

Regular cleaning is essential to maintain the hygiene and appearance of your drip tray. The stainless steel construction makes cleaning straightforward.

1. **Emptying:** When liquid accumulates, carefully lift the entire drip tray from its position.
2. **Disassembly:** Remove the perforated grate from the base tray.
3. **Rinsing:** Empty any collected liquid from the base tray. Rinse both the grate and the base tray thoroughly with warm water.
4. **Washing:** For a more thorough clean, use mild dish soap and a soft sponge or cloth. Avoid abrasive cleaners or scourers that could scratch the stainless steel surface.
5. **Drying:** Dry both components completely with a clean cloth to prevent water spots and maintain shine.
6. **Reassembly:** Place the dry grate back into the base tray and return the drip tray to its position.

Note: The product is listed as dishwasher safe. For convenience, you may place both components in a dishwasher for cleaning.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Liquid overflowing from tray.	Tray is full.	Empty the tray more frequently.
Tray appears dirty or stained.	Accumulation of dried liquid or residue.	Clean the tray thoroughly with mild soap and water. Ensure it is dried completely after washing.
Grate does not sit flush or moves freely.	Incorrect placement or manufacturing variance.	Ensure the grate is correctly aligned within the base tray. If the issue persists and affects functionality, contact customer support.

SPECIFICATIONS

Attribute	Detail
Brand	LuckyHigh
Model	12" x 7" x 0.8"

Attribute	Detail
Material	Stainless Steel
Product Dimensions (L x W x H)	12" x 7" x 0.75"
Cut-out Dimension	5" x 1.75"
Fits Tower Base Diameter	3"
