Vanexiss with LED

Vanexiss Rechargeable 3 Way Mirror Instruction Manual

Model: with LED

Brand: Vanexiss

1. PRODUCT OVERVIEW

The Vanexiss Rechargeable 3 Way Mirror is designed to provide a comprehensive 360-degree view for various personal grooming needs, including hair cutting, shaving, and makeup application. It features integrated LED lighting with adjustable color temperatures and brightness, and versatile mounting options for convenience.

2. SETUP

2.1 Initial Charging

Before first use, fully charge the mirror's built-in 1500 mAh lithium battery. The mirror can be charged using a standard USB-C cable (included) via a wall socket adapter, computer, or mobile power bank.

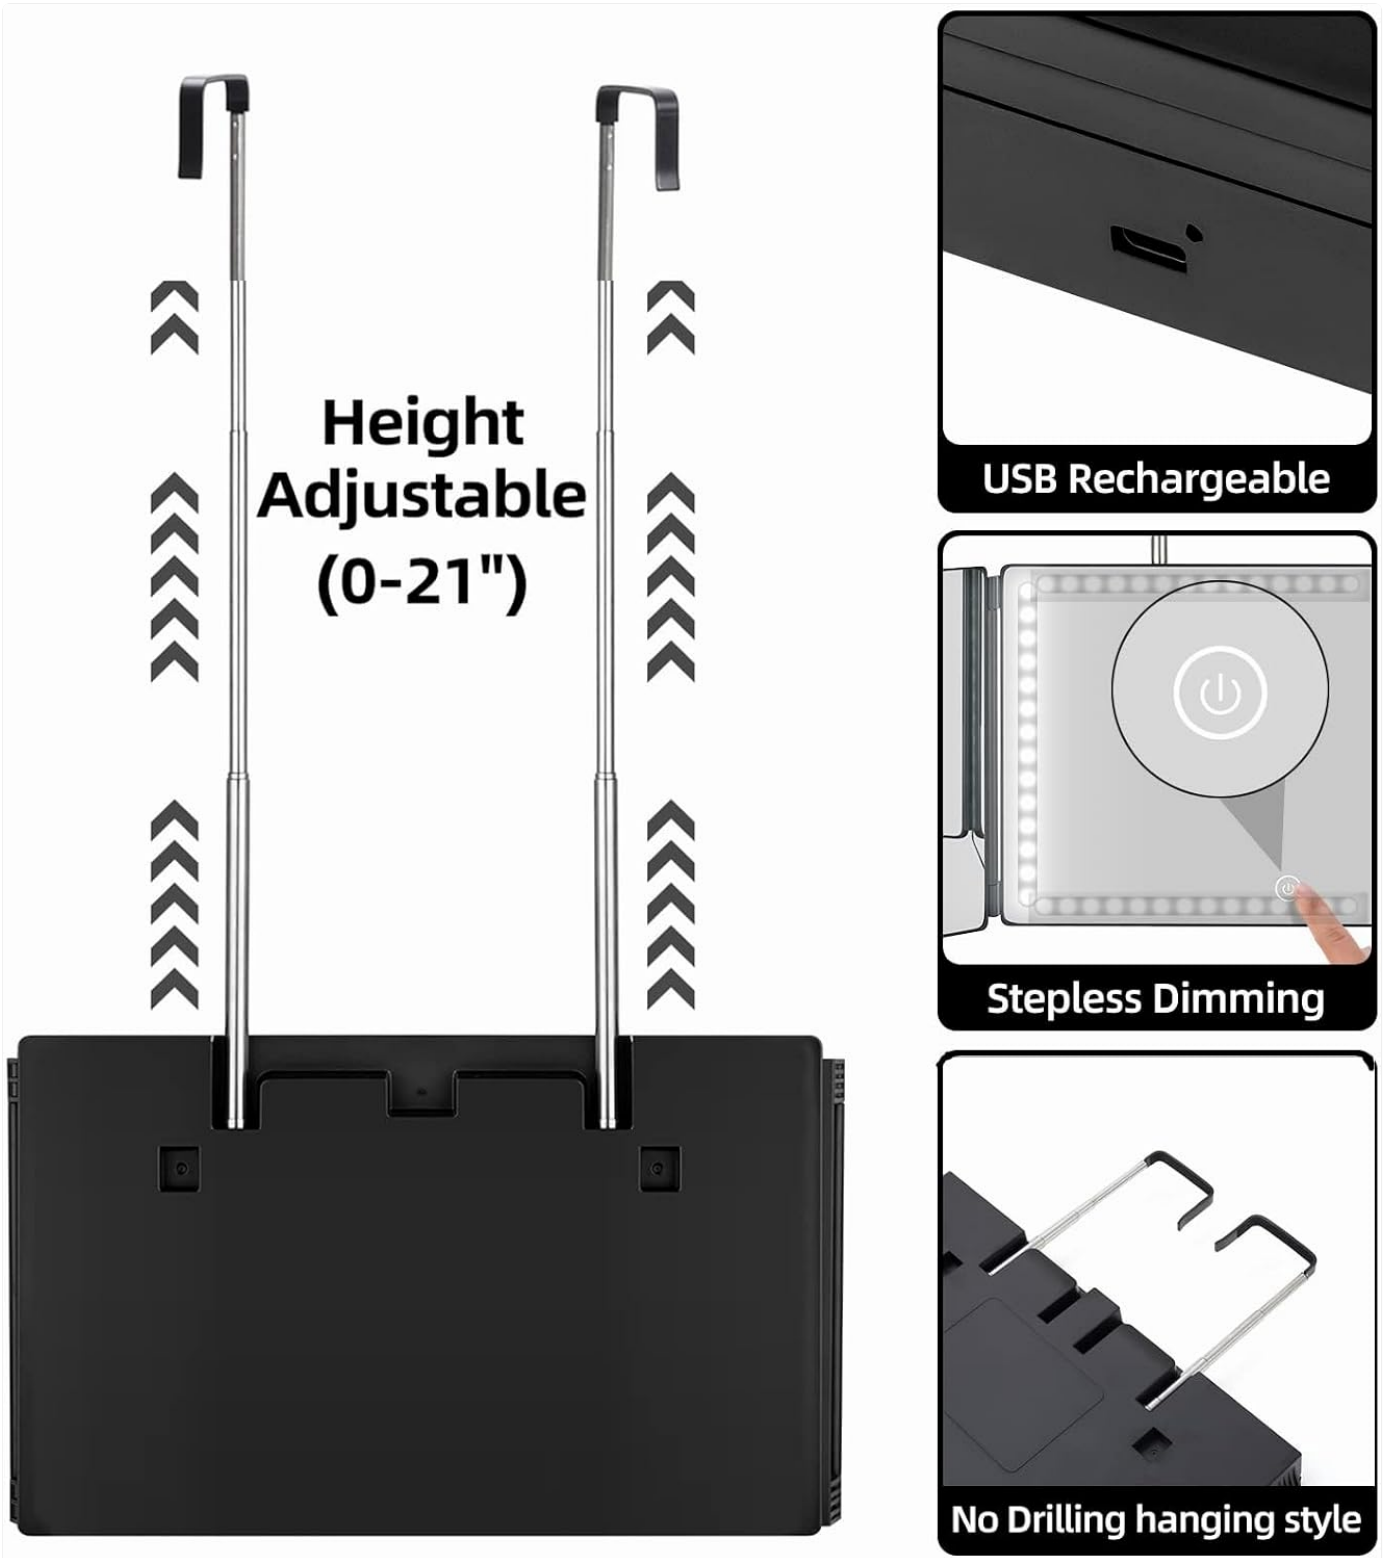

Image: Close-up of the USB-C charging port located on the side of the mirror.

2.2 Mounting Options

The Vanexiss 3 Way Mirror offers versatile mounting for optimal viewing angles:

1. **Door Hanging:** Extend the telescoping hooks and hang the mirror directly over any standard door. Adjust the height as needed (0-21 inches).
2. **Wall Hanging:** The mirror can be hung on a wall using appropriate wall hooks (not included) that align with the slots on the back of the mirror.
3. **Tabletop Use:** The mirror can stand independently on a flat surface for convenient use.

Easily See All Angles of Your Head and Face

3. OPERATING INSTRUCTIONS

3.1 360-Degree View

The trifold design allows you to comfortably see all angles of your head. Adjust the side panels to achieve the desired view for self-haircutting, styling, or shaving.

All-scene Use According to Your Needs

3.2 LED Lighting

The mirror features dimmable LED lights with three color temperatures: Natural White, Warm White, and White. The lights are integrated into the main mirror panel for even illumination.

- **Power On/Off:** Lightly touch the power button icon on the mirror surface to turn the lights on or off.
- **Change Color Temperature:** Tap the power button icon repeatedly to cycle through the three color temperature options.
- **Stepless Dimming:** Long press the power button icon to continuously dim or intensify the light brightness. Release when the desired brightness is reached.

4. MAINTENANCE

4.1 Cleaning

To clean the mirror surfaces, use a soft, lint-free cloth and a non-abrasive glass cleaner. Avoid harsh chemicals or abrasive materials that could scratch the mirror or damage the LED components.

4.2 Battery Care

- Do not charge the mirror while in use.
- Avoid exposing the mirror to extreme temperatures or direct sunlight for prolonged periods.
- If storing for an extended time, ensure the battery is partially charged (around 50%) to maintain battery health.

5. TROUBLESHOOTING

- **Lights Not Working:**
 - Ensure the mirror is fully charged.
 - Verify that the power button is being pressed correctly (a light tap for on/off, long press for dimming).
 - If the light still does not work after charging, refer to the Warranty & Support section.
- **Mirror Feels Unsteady When Hanging:**
 - Ensure the telescoping hooks are fully extended and securely seated over the door.
 - For wall mounting, ensure the wall hooks are properly installed and can support the mirror's weight.
- **Mirror Surface Appears Distorted/Foggy:**
 - Ensure the protective film has been completely removed from all mirror surfaces before use.
 - Clean the mirror surface as per the cleaning instructions in Section 4.1.

6. SPECIFICATIONS

Feature	Detail
Brand	Vanexiss
Model Number	with LED
Product Dimensions	12"L x 7.5"W
Material	Glass
Frame Material	Glass
Mounting Type	Door Mount
Special Feature	360 Degree, Adjustable, LED Light (3 Colors, Dimmable)
Battery	1500 mAh Lithium Ion (Rechargeable)
