Audibax Onyx Bag 88 Instruction Manual

Protective Case for 88-Key Keyboards

1. Introduction

The Audibax Onyx Bag 88 is a high-quality protective case designed specifically for 88-key keyboards and pianos. This durable and practical bag offers superior protection against dust, moisture, and physical damage during transport and storage, ensuring the longevity of your instrument.

Key features include its water-resistant polyester material, 5mm padding for enhanced protection, and convenient storage pockets for accessories. Its robust design and comfortable carrying straps make it an ideal solution for musicians on the go.

2. Setup

Setting up your Audibax Onyx Bag 88 is straightforward, designed for quick and easy use.

1. **Unpack the Bag:** Carefully remove the Onyx Bag 88 from its packaging.

2. **Open the Main Compartment:** Locate the two sturdy metal zippers along the length of the bag. Fully open both zippers to reveal the main compartment.
3. **Insert Your Keyboard:** Gently slide your 88-key keyboard into the main compartment. Ensure the keyboard is centered and fits snugly within the padded interior.
4. **Secure the Keyboard:** Close both metal zippers completely to secure your keyboard inside the bag. Ensure no fabric or keyboard parts are caught in the zippers.
5. **Utilize Pockets (Optional):** The bag features two outer pockets. Use the zippered pocket for smaller accessories like cables or power supplies, and the Velcro pocket for items such as sheet music or books.

3. Operating

The Audibax Onyx Bag 88 is designed for ease of transport and convenient access to your instrument and accessories.

- **Carrying the Bag:** Use the two strong and comfortable handle straps for easy carrying. Ensure both straps are held firmly for balanced weight distribution.
- **Accessing Accessories:** The two outer pockets provide quick access to your essentials. The zippered pocket is ideal for secure storage of smaller items, while the Velcro pocket offers convenience for frequently accessed items.
- **Storing the Bag:** When not in use, the Onyx Bag 88 can be folded for compact storage. Ensure the bag is empty and clean before folding to maintain its shape and material integrity.

4. Maintenance

Proper maintenance will ensure the longevity and continued protective qualities of your Audibax Onyx Bag 88.

- **Cleaning:** The bag is made of polyester material, making it easy to clean. Use only a damp cloth to wipe down the exterior surfaces. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material or water-resistant coating.
- **Drying:** After cleaning, allow the bag to air dry completely before storing or using it again. Do not expose it to direct sunlight or high heat sources.
- **Storage:** Store the bag in a cool, dry place away from direct sunlight when not in use. If storing for extended periods, ensure it is empty and folded neatly to prevent creasing or material fatigue.
- **Zipper Care:** Periodically check the metal zippers for any debris or stiffness. If needed, a small amount of zipper lubricant can be applied to ensure smooth operation.

5. Troubleshooting

This section addresses common issues you might encounter with your Audibax Onyx Bag 88.

Problem	Possible Cause	Solution
Zipper is stiff or stuck.	Debris caught in zipper teeth, lack of lubrication.	Carefully remove any visible debris. Apply a small amount of zipper lubricant (e.g., wax or silicone spray) to the teeth and gently work the zipper back and forth.
Keyboard does not fit.	Keyboard dimensions exceed bag specifications.	Verify your keyboard's dimensions against the bag's specifications (see Section 6). This bag is designed for standard 88-key keyboards.
Bag appears wet inside after exposure to water.	Zippers not fully closed, prolonged exposure to heavy rain.	Ensure both main zippers are fully closed when exposed to moisture. While water-resistant, the bag is not fully submersible. For heavy rain, consider additional protection.

6. Specifications

Detailed specifications for the Audibax Onyx Bag 88:

- **Model:** Onyx Bag 88
- **Color:** Black

- **Material:** Polyester
- **Padding:** 5 mm
- **Compatibility:** Designed for 88-key keyboards and pianos
