These replacement bags are designed for easy integration with existing laundry sorter frames. Follow these steps to install your new bags:

1. **Unpack:** Carefully remove the replacement bags from their packaging.
2. **Prepare Sorter Frame:** Ensure your laundry sorter frame is clean and free of debris. If replacing old bags, remove them completely.

4. CARE AND MAINTENANCE

To maintain the cleanliness and longevity of your laundry bags, follow these care instructions:

- **Cleaning:** The inner waterproof coating makes the bags easy to clean. Wipe the interior and exterior surfaces with a damp cloth. For tougher stains, a mild soap solution can be used, followed by wiping with a clean, damp cloth.
- **Drying:** Allow the bags to air dry completely before reuse or storage to prevent mildew or odors. Do not machine wash or tumble dry.
- **Avoid Harsh Chemicals:** Do not use bleach or abrasive cleaners, as these can damage the fabric and waterproof coating.

**Folding design, easy to store

6. TROUBLESHOOTING

If you encounter any issues with your replacement bags, consider the following:

- **Bag Does Not Fit:** Ensure your laundry sorter frame is compatible with the specified dimensions (14.2" L x 8.7" W x 21.3" H). These bags are designed for specific STORAGE MANIAC models (B07X4F6R3T, B07X4GRMTH) but may fit others of similar size.
- **Stability Issues:** Verify that the bags are correctly hooked onto all attachment points of the sorter frame. Uneven loading can also affect stability.
- **Odor/Mildew:** If odors or mildew develop, clean the bag thoroughly as per the 'Care and Maintenance' section and ensure it is completely dry before use. Persistent issues may indicate insufficient drying or storage in a high-humidity environment.
