Sunnydaze Decor WGS-458-10PK

Sunnydaze 7-Gallon Garden Grow Bags (10-Pack)

Model: WGS-458-10PK | Brand: Sunnydaze Decor

INTRODUCTION

The Sunnydaze 7-Gallon Garden Grow Bags are designed for efficient and versatile container gardening. This 10-pack of grow bags is made from durable 300 GSM non-woven polypropylene felt fabric, engineered to promote healthy root growth by preventing overwatering and ensuring proper aeration. Each bag includes sturdy handles for easy portability, making them suitable for both indoor and outdoor use.

These fabric pots offer a flexible alternative to traditional garden beds, ideal for situations with limited space or for expanding your plant collection. Their foldable design allows for compact storage during the off-season.

- 1 300 GSM high-quality non-woven polypropylene felt fabric
- 2 Easy to move and carry with strong handles
- 3 Breathable fabric allows air and moisture to flow through creating an optimal environment for roots to grow

Image: Key features of the Sunnydaze 7-Gallon Grow Bags, including the durable 300 GSM fabric, strong handles for easy transport, and breathable material that allows air and moisture to flow through.

SETUP

1. **Unpack:** Carefully remove the grow bags from their packaging. The bags will arrive folded flat.
2. **Unfold and Shape:** Unfold each grow bag and gently shape it into its cylindrical form. The flexible fabric will adapt easily.
3. **Choose Location:** Select a suitable location for your plants, considering sunlight requirements and accessibility. These bags are designed for both indoor and outdoor environments.
4. **Fill with Soil:** Fill the grow bag with your preferred potting mix or soil. Leave approximately 1-2 inches of space from the top rim to allow for watering and plant growth.
5. **Planting:** Plant your seeds or seedlings according to their specific requirements. Ensure proper spacing if planting multiple items in one bag.

OPERATING (USAGE)

- **Watering:** The breathable fabric of the grow bags prevents overwatering by allowing excess moisture to drain. Water thoroughly until water begins to seep from the sides and bottom. Monitor soil moisture regularly, as fabric pots may dry out faster than traditional plastic pots.
- **Portability:** Utilize the strong handles on each bag to easily move your plants. This is particularly useful for repositioning plants to optimize sunlight, protect them from adverse weather, or bring them indoors during colder months.
- **Plant Selection:** These 7-gallon grow bags are suitable for a wide variety of plants, including vegetables (e.g., tomatoes, peppers, potatoes), herbs, flowers, and small shrubs.

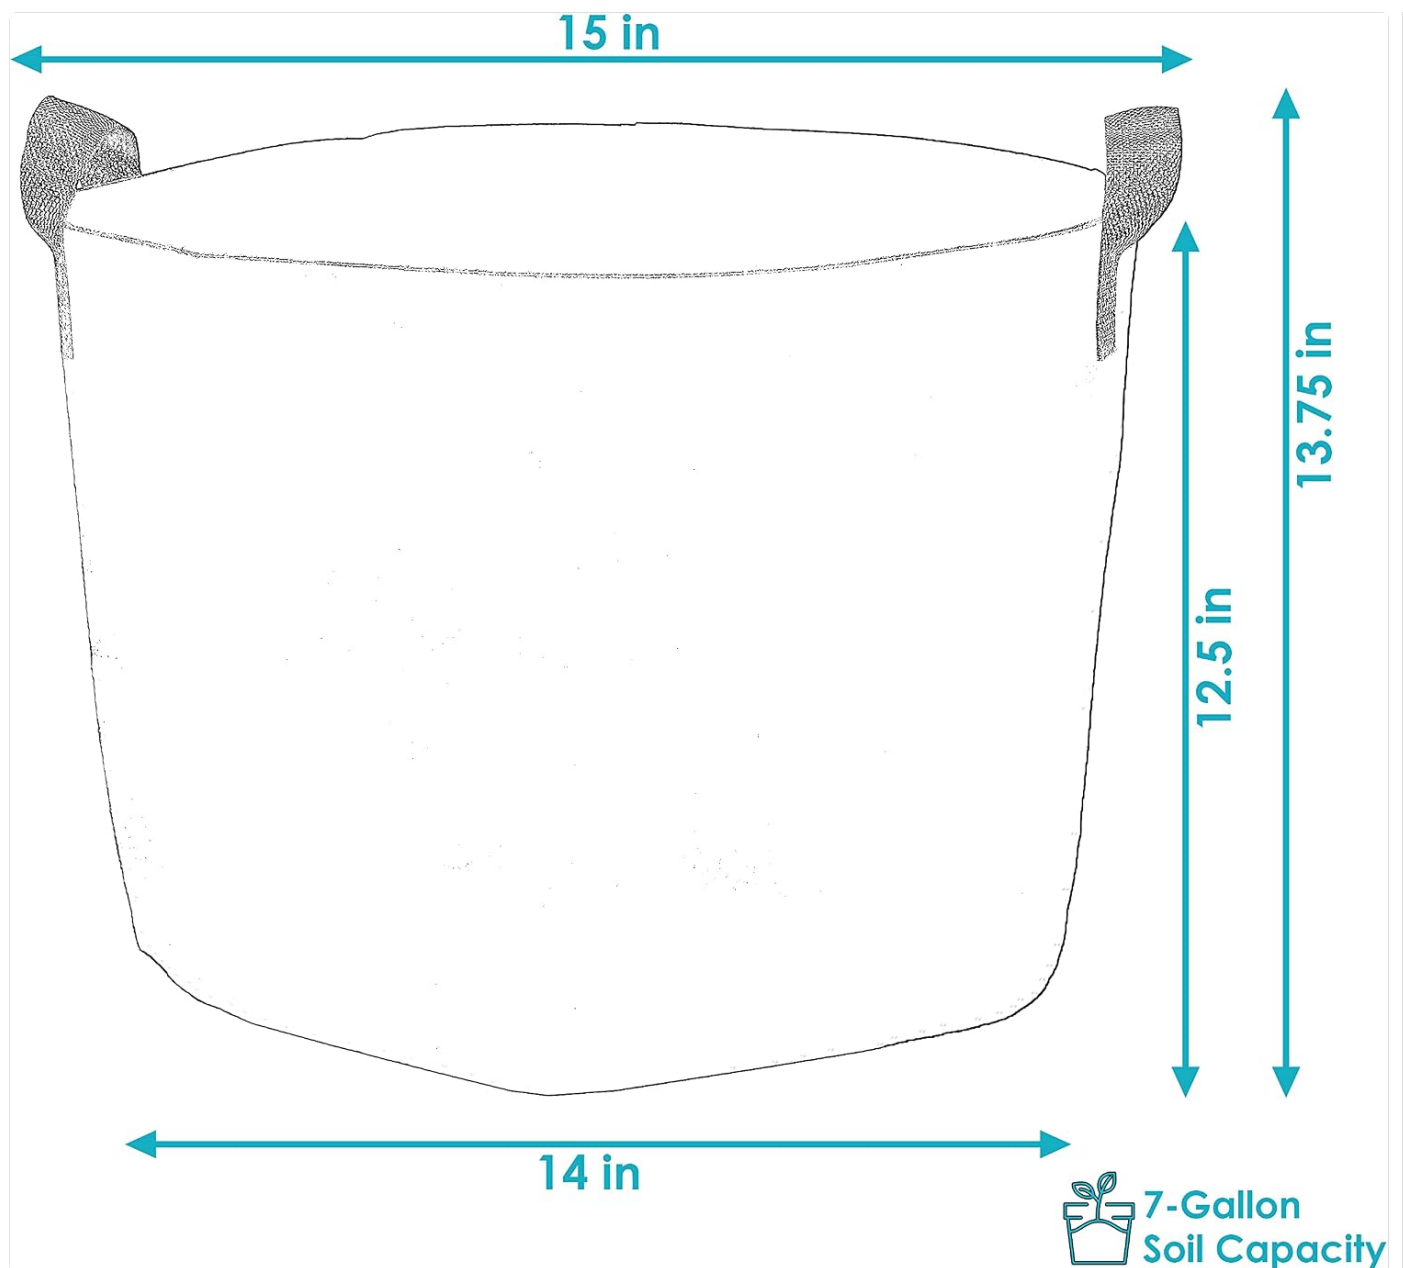

Image: A diagram illustrating the dimensions of the 7-gallon grow bag, showing a diameter of 14 inches and a height of 12.5 inches for the container portion.

MAINTENANCE

- **Cleaning:** After each growing season, empty the soil from the grow bags. Rinse them thoroughly with water to remove any remaining soil or debris. For deeper cleaning, a mild soap solution can be used, followed by a complete rinse.
- **Drying:** Allow the grow bags to air dry completely before storing to prevent mold or mildew growth.
- **Storage:** The flexible fabric design allows the grow bags to fold flat for compact storage. Store them in a dry, cool place until the next planting cycle.

TROUBLESHOOTING

- **Plant Wilting:** Check soil moisture. While grow bags prevent overwatering, they can also dry out faster. Ensure consistent watering. Also, verify adequate sunlight and nutrient levels.
- **Poor Growth:** Ensure the plant is receiving appropriate sunlight for its species. Check soil quality and consider adding fertilizer if needed. Verify that the plant is not root-bound; the breathable fabric helps with root pruning, but very large plants may require larger bags.

- **Pests/Diseases:** Regularly inspect plants for signs of pests or diseases. Treat promptly with appropriate organic or chemical solutions as necessary.

SPECIFICATIONS

Feature	Detail
Material	300 GSM Non-Woven Polypropylene Felt Fabric
Color	Black
Capacity	7 Gallons (approx. 1.11 cubic feet; 33 quarts)
Container Dimensions (Diameter x Height)	14 inches x 12.5 inches
Overall Dimensions (Width x Height, including handles)	15 inches x 13.75 inches
Item Weight (per bag)	4.5 ounces (126 grams)
Number of Pieces	10
Special Features	Lightweight, Breathable, Handles, Prevents Overwatering
Indoor/Outdoor Usage	Outdoor (can be used indoors with proper drainage/saucer)
Model Number	WGS-458-10PK
UPC	810047678472
