OhO sunshine A8 PRO

OhO Smart Glasses User Manual: Model A8 PRO

Polarized Bluetooth Sunglasses with Open-Ear Speaker and Voice Control

1. INTRODUCTION

Thank you for choosing OhO Smart Glasses, Model A8 PRO. These innovative sunglasses combine polarized UV400 protection lenses with an open-ear Bluetooth speaker system, allowing you to enjoy audio and manage calls while remaining aware of your surroundings. This manual provides essential information for setup, operation, maintenance, and troubleshooting to ensure optimal performance and longevity of your device.

2. PACKAGE CONTENTS

Please verify that all items are present in your package:

- OhO Smart Glasses (Model A8 PRO)
- Charging Cable (USB Type-C)
- Cleaning Cloth
- Protective Case
- User Manual

Figure 2: Included accessories with your OhO Smart Glasses.

3. SETUP

3.1 Charging the Glasses

Before first use, fully charge your OhO Smart Glasses. The glasses are equipped with a rechargeable Lithium Metal battery.

1. Locate the USB Type-C charging port on the glasses frame.
2. Connect the provided USB Type-C cable to the charging port.
3. Connect the other end of the cable to a standard USB power adapter (not included) or a computer's USB port.
4. The indicator light will show charging status (refer to LED indicator section for details). A full charge typically takes approximately 2 hours.

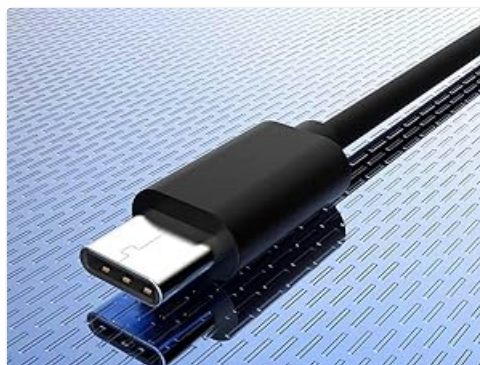

Figure 3: USB Type-C charging cable for your device.

3.2 Bluetooth Pairing

To connect your OhO Smart Glasses to your smartphone or other Bluetooth-enabled device:

1. Ensure the glasses are charged and powered off.
2. Press and hold the power button on the glasses until the LED indicator flashes rapidly (usually blue and red), indicating pairing mode.
3. On your smartphone, navigate to the Bluetooth settings and turn Bluetooth on.
4. Search for available devices. The glasses will appear as 'OhO Smart Glasses' or a similar name.
5. Select the glasses from the list to pair. Once connected, the LED indicator will typically show a slow blue flash or turn off, and you may hear an audible confirmation.

Figure 4: OhO Smart Glasses utilize Bluetooth 5.2 for stable connectivity.

4. OPERATING INSTRUCTIONS

4.1 Power On/Off

- **Power On:** Press and hold the power button for approximately 3 seconds until the LED indicator lights up and you hear a power-on prompt.
- **Power Off:** Press and hold the power button for approximately 5 seconds until the LED indicator turns off and you hear a power-off prompt.

4.2 Audio Playback

Once paired with your device, you can stream audio directly to your glasses' open-ear speakers.

- **Play/Pause:** Short press the multi-function button (often the same as the power button or a dedicated play/pause button).
- **Next Track:** Double-press the multi-function button.
- **Previous Track:** Triple-press the multi-function button.
- **Volume Up:** Press the volume up button.
- **Volume Down:** Press the volume down button.

Double Side Open Ear Audio

Figure 5: Open-ear speaker system integrated into the glasses frame.

4.3 Call Management

The integrated microphone allows for hands-free phone calls.

- **Answer Call:** Short press the multi-function button when a call comes in.
- **End Call:** Short press the multi-function button during a call.
- **Reject Call:** Press and hold the multi-function button for 2 seconds when a call comes in.

4.4 Voice Control

Activate your device's voice assistant (Siri, Google Assistant, Cortana) for hands-free commands.

- **Activate Voice Assistant:** Double-press the multi-function button (or refer to specific model instructions if different).

Figure 6: Hands-free voice control for convenient interaction.

5. MAINTENANCE

5.1 Cleaning

- Use the provided cleaning cloth to gently wipe the lenses and frame.
- For stubborn smudges, use a lens cleaning spray specifically designed for eyewear. Avoid harsh chemicals or abrasive materials.
- Do not submerge the glasses in water. While they offer some water resistance (IP44), direct submersion can cause damage.

5.2 Storage

- When not in use, store the glasses in their protective case to prevent scratches and damage.
- Avoid exposing the glasses to extreme temperatures (hot or cold) or direct sunlight for extended periods, as this can affect battery life and frame integrity.

5.3 Battery Care

- To prolong battery life, avoid fully discharging the battery frequently.
- Charge the glasses regularly, even if not used for a long time, to maintain battery health.

6. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cannot power on	Low battery	Charge the glasses fully.
Cannot pair via Bluetooth	Glasses not in pairing mode; Bluetooth off on device; already paired to another device	Ensure glasses are in pairing mode. Turn Bluetooth on your device. Disconnect from other devices.
No sound	Volume too low; not connected; audio source issue	Increase volume on glasses and connected device. Verify Bluetooth connection. Check audio source.

Problem	Possible Cause	Solution
Voice assistant not responding	Incorrect activation; device settings	Ensure correct button press for activation. Check voice assistant settings on your connected device.

OHO SUNSHINE

5.2 WIRELESS SMART GLASSES

PRODUCT PREVIEW

Quick Start

CHARGING THE BATTERY
For the best experience with your new OHO Glasses, fully charge the battery before first use.

1. Open the USB port cover located on the bottom of the right temple arm.
2. Connect the glasses to a computer or any compatible USB charging adapter using the included USB cable. The battery indicator will be solid red during the charging process. When the battery is fully charged, the indicator will turn green.

NOTE:
When charging with a computer, be sure that the computer is connected to power source. The battery charging indicator light does not turn on if the product is not charging.

BLUETOOTH PAIRING
Before pairing, please make sure your smart device's Bluetooth settings have been turned on.

1. Press the Power on/off button (LED will flash red) until the glasses and your smart device are connected.

2. The OHO Sunshine Elite 5.2 will appear in your Bluetooth list. Select the OHO Sunshine Elite 5.2 from the list.

3. The Bluetooth glasses are ready to connect to your smart device. Once connected, the glasses will automatically connect to your smart device the next time you turn them on.

POWER ON BLUETOOTH
Please make sure the glasses are fully charged before using them. The glasses will not work if the battery is low. Please fully charge the glasses before using them.

POWER OFF BLUETOOTH
Please make sure the glasses are fully charged before using them. The glasses will not work if the battery is low. Please fully charge the glasses before using them.
