The straightforward process for setting up your Jitterbug Smart3.

OPERATING YOUR JITTERBUG SMART3

Navigating the Interface

The Jitterbug Smart3 features a user-friendly, list-based menu with large, legible icons. Simply tap on the desired function to access it. The 'Back' and 'Home' buttons at the bottom of the screen provide easy navigation between screens and return to the main menu.

**Easy to use.
Easy to afford.**

The Jitterbug Smart3 is designed for ease of use, with large, clear buttons.

Making Calls

Tap the 'Phone' icon on the home screen. From there, you can dial a number directly or select a contact from your address book.

Sending Text Messages

Select the 'Text Messages' icon. You can compose new messages or reply to existing conversations. Voice typing is available to simplify message creation.

Using the Camera

Tap the 'Camera & Photos' icon. You will then have the option to open the 'Camera' to take new pictures or 'Photos & Videos' to view your existing media. The camera interface is designed with large, accessible buttons for ease of use.

Accessing the Internet

The 'Internet' icon provides access to web browsing. The simplified interface helps in navigating online content.

Email

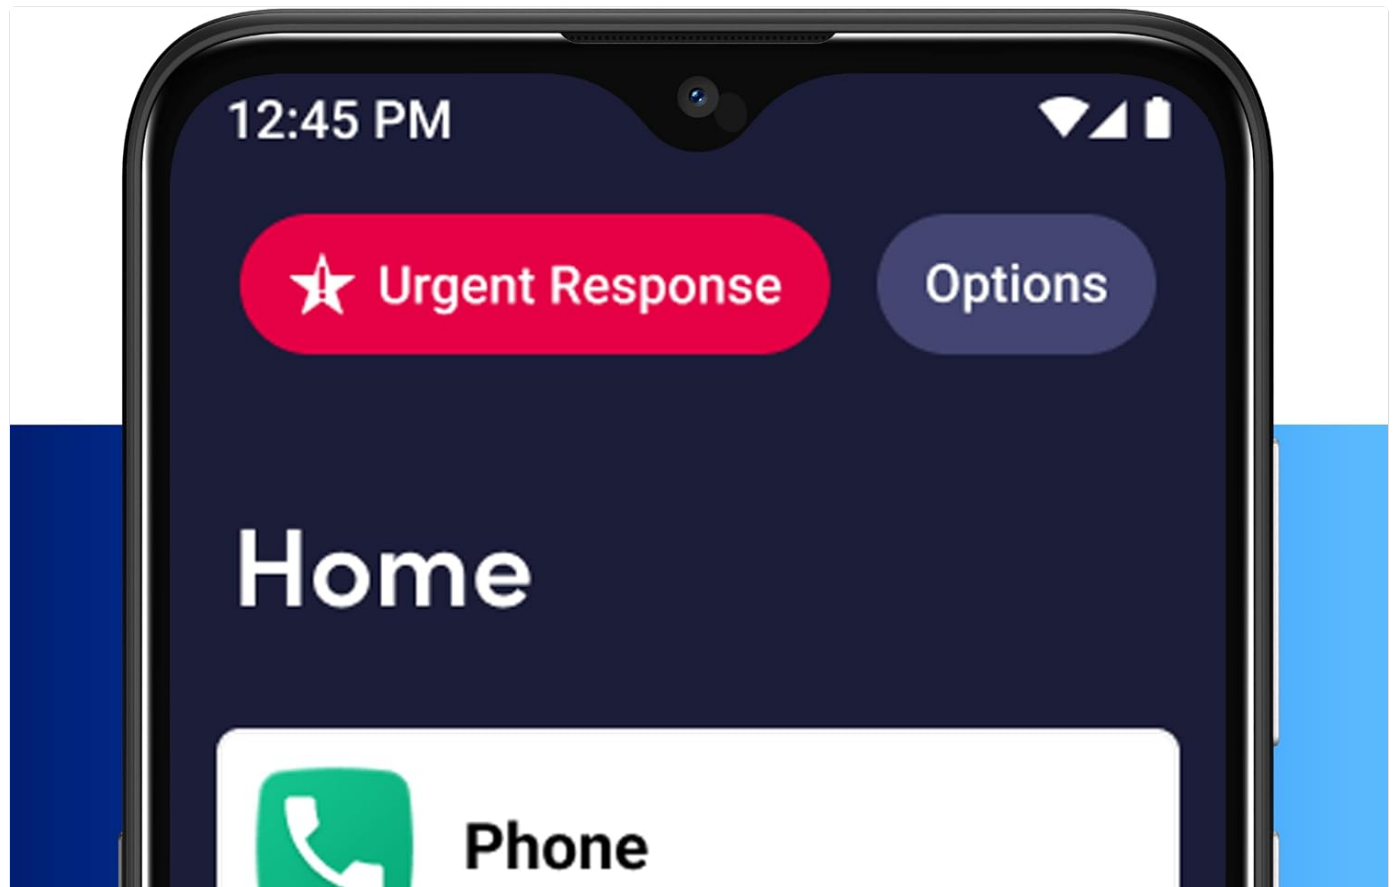

Manage your emails by tapping the 'Email' icon. The large text and clear layout make reading and composing messages straightforward.

Maps & Directions

Use the 'Maps & Directions' icon to get navigation assistance. The clear display helps in following routes.

Urgent Response Button

The dedicated 'Urgent Response' button, prominently displayed on the home screen, connects you directly to Certified Agents who can provide assistance 24/7 in case of an emergency.

Have an emergency?

At the touch of a button, Urgent Response connects you to Certified Agents who can help, 24/7

The Urgent Response button provides immediate access to help.

MAINTENANCE AND CARE

Battery Life

The Jitterbug Smart3 is equipped with a 3500 mAh battery, providing up to 6 hours of talk time. For optimal performance, charge your device regularly. A full charge takes approximately 2.3 hours.

General Care

Keep your Jitterbug Smart3 clean and dry. Avoid exposing it to extreme temperatures, direct sunlight, or excessive moisture. Use a soft, lint-free cloth for cleaning the screen and body. Do not use abrasive cleaners or solvents.

TROUBLESHOOTING

Common Issues

If you encounter a "Something's Wrong" notification, tap on it to view suggested next steps. For persistent issues, a simple restart can often resolve minor software glitches.

Restarting the Device

To power off or restart your Jitterbug Smart3, press and hold the power button located on the side of the device. Options for 'Power off' and 'Restart' will appear on the screen. Select the desired action. If the phone is unresponsive, continue holding the power button for an extended period (typically 10-15 seconds) to force a restart.
