Cyrank Lucky Cat Solar Powered Maneki Neko Japanese Cat Statue Instruction Manual

Brand: Cyrank | Model: Cyranknsa3oydhc2-01

1. PRODUCT OVERVIEW

The Cyrank Lucky Cat Solar Powered Maneki Neko Japanese Cat Statue is a decorative item designed to bring good fortune. This compact statue features a waving arm, powered by solar energy, making it suitable for various indoor and vehicle placements.

- **Design and Appearance:** This 3-inch cat statue features smiling eyes and a beckoning gesture, embodying happiness and auspiciousness.
- **Construction Material:** Crafted from high-quality plastic, the statue is designed for durability and resistance to aging.
- **Symbolic Meaning:** Known as Maneki Neko in Japan, this waving cat symbolizes wealth, good luck, and happiness.
- **Power Source:** Equipped with a solar IC receiver on its base, the cat's right arm automatically waves when exposed to direct sunlight or strong artificial light, requiring no batteries.
- **Placement Recommendations:** Ideal for desks, offices, businesses, restaurants, and car dashboards.

2. SETUP INSTRUCTIONS

1. **Unboxing:** Carefully remove the Lucky Cat statue from its packaging.
2. **Placement:** Position the statue in an area that receives sufficient direct sunlight or strong artificial light. The solar panel is located on the base of the statue.
3. **Activation:** Upon exposure to light, the solar IC receiver will convert light into electrical energy, causing the cat's right arm to begin waving automatically. No manual activation or batteries are required.
4. **Car Dashboard Use:** For car dashboard placement, ensure the statue is securely positioned to prevent movement during travel. Some models may include double-sided adhesive tape for stability.

Image: The solar IC receiver on the base converts sunlight into electrical energy, activating the automatic swing arm.

3. OPERATING INSTRUCTIONS

The Cyrank Lucky Cat operates automatically. Once placed in a well-lit area, its solar panel will absorb light and power the waving mechanism. There are no buttons or switches to control the waving motion; it will continue as long as sufficient light is available.

4. MAINTENANCE

- **Cleaning:** To maintain its appearance and functionality, gently wipe the statue with a soft, dry, or slightly damp cloth.
- **Avoid Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these may damage the plastic material or painted details.
- **Solar Panel Care:** Ensure the solar IC receiver on the base remains clean and free of dust or obstructions to guarantee optimal performance.
- **Storage:** If storing the statue for an extended period, keep it in a cool, dry place away from direct sunlight to prevent potential material degradation over time.

5. TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Arm is not waving.	Insufficient light exposure or dirty solar panel.	Move the statue to an area with more direct sunlight or strong artificial light. Clean the solar panel gently with a soft cloth.
Waving motion is weak or intermittent.	Low light conditions or partial obstruction of the solar panel.	Ensure the solar panel is fully exposed to light and free from dust or shadows.
Physical damage (e.g., broken arm).	Accidental impact or manufacturing defect.	Contact customer support for assistance.

6. SPECIFICATIONS

- **Model Number:** Cyranknsa3oydhc2-01
- **Product Dimensions:** 2.56 x 2.76 x 2.99 inches
- **Item Weight:** 2.11 ounces
- **Power Source:** Solar Powered (No batteries required)
- **Material:** High-quality plastic
