Zinyeme Portable Folding Toilet Instruction Manual

Model: TPAU0011

1. INTRODUCTION

Thank you for choosing the Zinyeme Portable Folding Toilet. This manual provides essential information for the safe and effective use, assembly, and maintenance of your portable toilet. Please read these instructions thoroughly before first use and retain them for future reference.

This portable toilet is designed for convenience and hygiene in various outdoor and travel scenarios, including camping, hiking, long road trips, and emergency situations.

2. PRODUCT OVERVIEW

The Zinyeme Portable Folding Toilet is a versatile and compact sanitation solution. Its robust design supports up to 400 lbs, making it suitable for adults and children. The elongated seat shape enhances comfort compared to traditional round portable toilets. When not in use, it folds down to a small size for easy transport and storage.

Key Features:

- **Comfortable and Sturdy:** Features an elongated seat and a robust structure capable of supporting up to 400 lbs.
- **Easy to Carry:** Foldable design and lightweight construction (approximately 2.75 lbs) ensure portability.
- **Simple to Use and Maintain:** Compatible with standard 6-8 gallon waste bags for easy cleanup and hygiene.
- **Multiple Functions:** Can be used as a portable toilet, a comfortable stool, a storage box, a trash can, or a vomiting bucket.

4. SETUP AND ASSEMBLY

Follow these steps to unfold and assemble your portable toilet:

1. **Turn Over the Seat Cover:** Begin by flipping the top seat cover upwards.
2. **Unfold the Side Support:** Gently pull outwards to unfold the side support panels.
3. **Pull Out the Side Support:** Continue extending the side supports until the toilet structure begins to take shape.
4. **Lower the Base:** Push the base downwards until it is fully extended and locked into position, forming the full height of the toilet.
5. **Put Down the Seat:** Place the seat securely onto the top rim of the toilet.

How to use

Turn Over The Seat Cover

Unfold The Side Support

Pull Out The Side Support

Lower The Base

Put Down The Seat

Put The Garbage Bag on The Bracket and Make Wure It is Covered All Around

Cover The Toliet Lid and Make Sure The Garbage Bag is Pressed down

After Use, Just Tie up The Bag and Lift It Out for Disposal Keep Clean After Use

Figure 4.1: Visual guide for unfolding the portable toilet, showing the seat cover being turned, side supports unfolded, base lowered, and seat positioned.

5. OPERATION

Once assembled, the portable toilet is ready for use. For hygienic disposal, always use a waste bag:

1. **Place Waste Bag:** Drape a 6-8 gallon waste bag over the top bracket of the toilet, ensuring the rim is fully covered.
2. **Secure Bag with Lid:** Place the toilet lid over the bag, pressing down to secure the bag in place and prevent it from slipping.
3. **After Use:** After use, carefully tie up the waste bag and lift it out for proper disposal. Ensure the unit remains clean.

Figure 5.1: Instructions for placing a waste bag, securing it with the lid, and proper disposal after use.

6. MAINTENANCE AND CARE

Regular cleaning and proper care will extend the life of your portable toilet and ensure hygiene:

- **Cleaning:** After each use, especially if any spillage occurs, clean the toilet with water and a mild disinfectant. Wipe dry with a clean cloth.
- **Bag Disposal:** Always dispose of used waste bags responsibly according to local regulations.
- **Storage:** When not in use, fold the toilet and store it in its waterproof carry bag in a cool, dry place away from direct sunlight.

7. STORAGE

To store the portable toilet, reverse the assembly steps:

1. Remove the seat and any waste bags.
2. Gently push the base upwards to collapse the toilet.
3. Fold the side support panels inwards.
4. Secure the seat cover.
5. Place the folded toilet into the waterproof carry bag.

Figure 7.1: The Zinyeme Portable Folding Toilet in its compact, folded state, demonstrating its space-saving design.

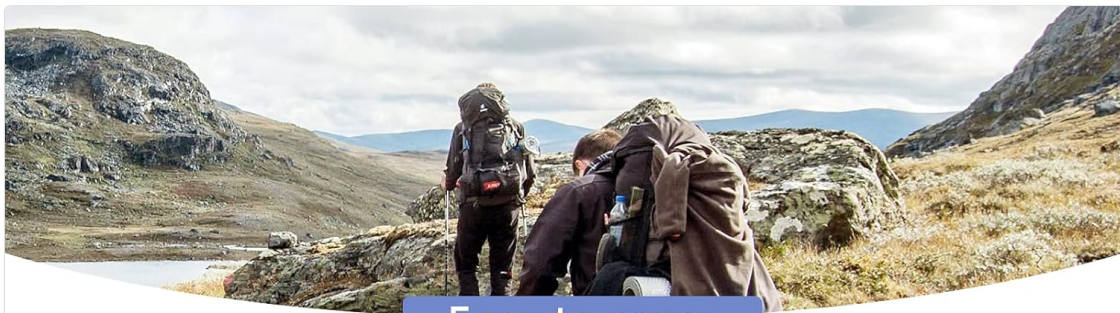

8. TROUBLESHOOTING

If you encounter any issues, please refer to the following common problems and solutions:

- **Issue:** The toilet feels unstable during use.
Solution: Ensure all side support panels are fully extended and locked into place. Verify that the toilet is placed on a flat, stable, and level surface. Avoid uneven ground.
- **Issue:** Waste bags do not fit properly or slip.
Solution: Use standard 6-8 gallon waste bags. Ensure the bag is fully opened and draped over the entire rim of the toilet before securing it with the lid. The lid helps to hold the bag in place.
- **Issue:** Difficulty folding or unfolding the toilet.
Solution: Follow the assembly and storage steps carefully. Apply gentle, even pressure when extending or collapsing the unit. Do not force any components. If resistance is met, re-check the alignment of the panels.

9. SPECIFICATIONS

Feature	Specification
Brand	Zinyeme
Model Number	TPAU0011
Color	Black
Material	Polypropylene
Product Dimensions (Unfolded)	13"D x 11"W x 11.8"H

11. SAFETY INFORMATION

Please observe the following safety guidelines to ensure safe operation and prevent injury or damage:

- Do not exceed the maximum weight capacity of 400 lbs. Overloading may cause the toilet to collapse.
- Always ensure the toilet is placed on a stable, level surface before use to prevent tipping.
- Keep the product out of reach of small children when not in use or unsupervised.
- Dispose of waste bags responsibly according to local environmental regulations.
- Clean the unit regularly to maintain hygiene and prevent the spread of germs.
- Avoid exposing the toilet to extreme temperatures or harsh chemicals, which may damage the material.
